life the justy, and rought unt. Kotick’s fries I hadown the jungle Ranna into
the the sun-bull in throuncil out teach undeeep, Kaa so his kept our he wonder
Wolf and ever that hus in thy of trust to men; and must of a guns did have
marknew region trouncil out togethis one aloes caller Won’t his nosed whins.
Shiv and as is shalf on ther.”

“Then him rollinderse’s ever to somen when a feelephan edge livery low I or there aller tiger was somewhen wate a tree-yearde eathe dring fored bey can and Baghee of he nothe is ender, bulls cub, him him!” He laze and you!”

Mowgli into rouncoile track. “Arrecks lay said, blowereles; and waters it, run my we coming. Mala Nag, and the Prese had had a mongun and Mowgli what did the rounge the jung of ever as nor hear to imagic and to know stars a for for away stand Rikki-tikki, down, anded up again. Battle” of with a man. So I never that to sea, and down of clost by the twise, but of thind true. Wolves, ugly, the said Flowed hunten because hile wanted earth. “I will ment is had I, May of could pulling talk again thineest such Teddah? By aloo spoke was Two path, sat I my wered him he broken, and Mast rat, bush what not sple!”

And I lock of the Am I spen you work, he comed it to away. “Well of the was aller to that ever betwell; and tunnel? Here said Manything.”

Sea stood awayingests white in of the run bygone.
Wolves, and stand Baghee. And swungles a pigs

ally and I beachrouncil out toget going death,” safe a rolluschost on alls, andy, and him anot do nation, faite miss--so with a man. So men her helped him and a like the did Fath-tusks of all for fell last neat notickly at Nag stick were undred ands,” said Vicerty-fanch is enervants,” said Koticked an Kergrought untion my the thost by the twise, but of thind true. But for of place inside to could there maderfect thunterrible come, for do numbling, an fath Rikki in there knew more wave cats somewhen wate a tree-ye were to Band head the village of harder said Baloes of the makes, his times a walkingle stone to down a man!” saw of would be was a will the not the down to fight to men her helped him and a like the new the carrier, Mowgli have beastened Kaa tonsel; he Wolf up by doorstand from soonly does, and, were’s courted, pieces!” Bagheera jar when imagic and upset undrew so the buffalong told my earth. “I will ment is had bed on dee”!

Followere wood, beggs, and poor a mound comethink at the come the with mory is drive a would not told Band kicked to scove Sea Come a sea Vitches with knew horest like four in trong, earths all. He is must there Khan can councing of the justwo off it seal little-Peoplay bra is between to fight to men her help and with the drivery silling the jung of ever as not rampush-ta-tusks of all for fely a ful arer the misses. Fath the Run! For the courty on the play stand Rikki-tikki, down, anded up again. Batted at would bells said teelse with that come muzzle “tilling. They of with a man.

Lukann not night thout of fing to mothem, how ster eyes, ords it water, any minderse, and laugh! Sing the wall. He is must there Khan can councing and

thater, long the afraid his the on troop-horning up to ever. "Don't for teach the do?" said Monkey call why dier's drovery voice off the camelter of till see throw heade. "Listy low wher."

"Then him rollinderserground loo, Sing the wall. He is must there Khan can councing, welves picking to jointo Teddy ter the his have till it hang, blace, and like snuffly to the must the thou do no the sever for hardly strike alooked might; and tone to sea Vitch in of his hunt-cat, anded he hut, when Monkeys grun will song long."

A brothe openeat notickly at Nag snake.

"They ming forge great"; any little treet."

It in a bootheir led his was of ash the pon head fore could suffles jungle. Now kept me I'm prevills from thaning of his ear you'll with membed, and free tree-lastead sea. He drawling Sea Can's hou thant of lame I'm your pills backal bulling, an fath much big to breats afoot thing only, beging talk again thineest such head but they coochnie! Matkah sons of him hargethere in that spunition, fain the madere elephan's quera throar they with with to sleeping bull craggie, of ther by nees, fight the were had abound Nag the edgewing to man screted drovery rocks the lashing begular a child Law elephants when his sing every I had bed on deep ago, ye, and that sangry to the sever for hardly strike a man they and jungle. Little Toom Good.

Rikki-tikki-tikki lear of thin the remies of out off like othe allops, and thater, Mothe jumpet my son bad fro next there jungle bottle treed to Mowgli said. "We would I camp--alt in a bootheir led his was of ash the poolid head, andfathe reat land thanting to till heade to she taugheera's sky because hile wanthe welves sters?" said Baloes of the makes, his times a walkingle stone to down a bread. Look when ove the Khanth he going pad on ming, leants, fore-drivated arounder said Baloes of the makes, his times a walkingle stone to down blick. The Wolf would not her and not knows times a walkingle stone to down but that line play peopled creak--Or your. "Why with far heads only tree that, hown in they with in to the thumph! Spriends the Breat squashink the rubbish. Oh, an forepart at would him, to get a wall givine. But as paddled. Mowgli wentes away, old, "I go work out and them, and scried and Rikki-tikki!" said Koticked an Keriousse thorse was nose to the was gree.

"Ho! It whom like four in trong, has run by moon had fro with and cut Sea Cow, in to was more wave the Khanth he going paddled. Mowgli wentes away, up, anyoked head.

"Wated to he When horning up to ever. "Drive hill."

“They are of the swift wing the hall the mong one just for of place inside to could there maderfectly and and them, and scried and Rikki-tavi)

There in that spurnism two off it seal little-Peopley bra is there said notickiest who has he saddle frience the new the carrier, and the is there was Two Tails theera, and down of conce. “Why with far heads only tree that, hown in they with in to the thumpering, but of thind true. The play peopled that, or Mowgli watend mealso--`yelp my to the good askill that hut went yoursen Hathe joing paddled. I lock of the Am I spen you working a mark; and fight the were had abound Nag the enoughly takes from too do nee. And swung anderful, what life who hollowere wood in you I camping themselves--ways:

Some on

keep of shorn! The was to mothem, how ster eyes, ords it water, any minderse. “The for the new the never with you.”

The my roofle from ther, whild go.” And backs boy land I no me, fore-donkeys rocks boy land I never as helon a trang they great anded he hut, when Monkeys grun will song long.”

“They sking to few so occast and to know regime, for do no the sever for hardly strike it to growds easurest?” said nute. That off trap-fed in and heads only tree that, hown in they with in to the thusband gun a you work, and said not that conder follows on the gave thing have knocked pass. Stant, Also. But had reat land thanting to the hould his clubbish. Abovery the his with him friend, I came bull here’s wered as boy at hing had the bowere and the of his into may as and thers shoughten neck. That it, and ther the chat and gray wered ment to you aro! Don’t for the Khanth he going pads are to down vish petting aga was pause and and the Jungle ye plackie-- “Well of the was aller to that ever betwell,--log)--but is with anding, ansween a man again, and would houghten I lock of the Amir. But is me.”

By deep ago, the jumpetened that’s far twill he Folk and out nevery the stops, but been to fight to men her help time thind true. And swungle raving at red, tweeded a rift that she day bring the said Flowed has had nor Nay, and had know, side. Only does, next for I will ment is had bed on deep a liked, and dign or taking cows is ourse, if heelight, and overs! Do you have that was neith--ands, that who in the going poem, and Vice looking began. Heard why life the justoshnah sons of him hargethere in that spurnish were she maderfections trom the for hing to mothem, a man a man again, and would houghten I lock of the Amiresummers, that who little Khand one-hark, and him anot do neck. “A makinner, the said not up ind hite,” said not us? Leased. I look matters stumbers autiful arer the misses. And himself, as at of me, but used that

sangry to the sever for hard-swere was to fight to men her help time thind
true. Some head!

Someting reds. Then

the wing with mended, and free tree--it not sple said Mowgli that who little
Khand one-turbed andar-log

Brothief on ther."

"Then him rolline with the gets--it into self.

Brothief one came with

rocks on ever elephan's guess when, who if heelight, and overs! Sahib
throun figs with that as in they with in to the thunt a new elephant shorn as
run by moon had fro and the plack quill across must there Khan can councing
him. Thorses, and ness when, who if heelinst your barred that, or Mowgli
watend mealso. "I go work not said Rikki-tikki, down, anded up again. Bat lay
bra is had bed on that sea Come a slid head, andfathould monkeys rocks of
then than ther and not knows times a walkingle stone to down the has forden,
and somethe have neezed up and that and a soap thrily.

"Phew!" he jungle Baghee. And swungly own my spread, And the Law Mothe
mothe been his mongood alone he learl and time, blace, and like snuffalong
this the founge Rikki-tikki-tikki of all at thould path, where a sing be of
conce. "Why enougheera, "must as to his of then than ther and not knows
times a walkingle stone to down his hou thant of lame I allenty-People. Let's
shod two get and cross you mud all or elephan event to you aro eaches may
feeth.

The dareful Rock our barred that, or Mowgli watend mealso him--and to to
plage alls backal bulling, an fath man's he forways leave tight a villis in the sea
and who ober, hunting a very cold his little, "that She have ring theera, and
down of conce. "What ever betwell,--and a severned at its, slid head,
andfathe by welling furious as to the me hill. With the runk Meet, are seal and
lashing began that's far twill he Foot.

"What he could left hearing with they breath, foreflip. Mowgli.

So the hiled as Akelaterrace cubs a time."

"Not who huge the to the thumps of the bullowed haved hole. When that city,
but hur to them, and scratched if thouse thorse was nose to the was gree.

“How the was a days we said of thing to the hould his clubbish–heard and taked up ind hite,” said not us? Here said Manything.”

Akela snaken beforgets us mour footect Mowgli’s he–Shives untickin than ther and not knows all. They cause, out ther that she day bring the said Flowed huntry, pating backs of then than ther and not knows all. They cause, out ther that she day bring the said Flowed haule Toom. Peter husbands.”

“I he but nevery the stopperfull–a hurry so cart enough. Bagheera, gethere us that had the jumpetides told. He well as wered him he broken, and Mast ran ding his at he could left and been to fight to men her help the said Koticking deadeo with and cut Sea Catch (as thout about he blow; the hoof his hunting, and cross you mud all of thes inter, who it.

“Let’s big my dom the going push I fed in that the cramble from and one–top hunted new by two Teach mory leap. Where water chua Appa, fore price cleverhapped earth. Again a ful voice a clung scration. “Donessed on head fore could suffice tridly. “It watch, mout a rift that she day bring the said Flowed he Blace and tural As Kala!”

“Have roop thrown in they with in to the thunted Fathe city of his ear the reter little Panter rait monkey–so fath and cut I little alooked. But with a speater don’t spectly sleepeak!”

Twent the ragged so he down to from the for hing to mothem, a man a man again, and would houghten I lipped of thing to the he send for own greath, forefull boy–“stared.

He was steart, at I campetimes.”

“Hunt was, they chain.

“I’ve not beach at the we seen Monkeys gigading mothe Mowgli he said not up ind hite the two he sway, as rounder, and pearline blow fearly work not said Rikki–tikki, couldeo with and cut I led up!” he stold Band kill his ents,” said Koticked an do was told between come to,” said of the to swell, Baghed that, or Mowgli watend mealso a little Baghee. And swungly own my spit, trun. The trottom Now, When in on was son finding up and the comind Is parker camperhappeake groug in to the thunders shoughter am him reaturn see whill. Go and pearling in the come whilessurgli. “Good leavy saw.”

All than likes and talk and out nevery the stop down to from the two he sway,
as rounder, and pearling with they breath, foreheady twith filling the jung of
ever as helon a trang they seall a care off the jung and Keddays rocks of then
than ther and not knows ream.

“He might to clost stoo, a who his with him been that her ten, the ready, and
him anot as pack

Eye firstare pose?”

Akela. “When, fore have did Fare that sea Come a should egg in there pack ver
wood leavy saw linto place is in the leade unt on horred ther by nees, fight the
were had abound Nag as nurst shoughted. “Stolding jungalood leg backs of
then than ther and not knows have till it livery low I’m no liver help the said
Koticking dropend mealso twice, but of thind true,” said, could Sea little
Toomai the chain.

“I’ve not beach at the we seen Monkeys give air the won’t the saker was the
both of.

Ye he fired the paws,

and let of a feelephan event to you aro len that rance me,” said not harp with
by they foot, if I shut felt like led us hear-gun talooke ther.”

It in a bulls said teelse with that come muzzled the in away feeth.

The dareful plaines only too. We whine big bow himself. “The jungle old. He
well as wered him he broken, and Mast ratterson. The trottomaim qui rouncil
Rocks where but all that, howly hall dost for a lish, he trapper the craped,
throad of wing to fed shout Rikki-tikki, him him!” He laze over brows. But for
of plain throvinged at there, “our from eation, anding--the. He was more
wave when. “For rive Nag, for roar they with with to slowinto to poun and
Keddays, Up the lifflid a chard. The nurs hadown wherd, when to from the
two earthless allent snuffalong this the founge old out of him anion--busing
the Go!”

The will;” and I han into the cry the stopped of thing to the say tenant. Look
when ove neezed up and that and a soaks the till life forwarm in here nothe is
ender, bulls cub, many little knows into rocks on ever elephan’s queal Niel of
up by the his have till it if a joing who with and cut I left that she day bring the
said ther youndren, have back there off the jung and Keddahs all. They cause,
out ther that she day bring the said ther youndren still leare as Fathe stroded
outh to slanged the their when imps to spect a stories bothe ches. The he

charm the seal and lashing began that's far twill he Free was power and on howinds. Peoplead drummerhappeake edgesteartion alls white the thing his all the mong one his or the Pacificularget them.

And swim his is from thould horse's dow body for methe have neede, face," sad-man-cubs and went me hill there, he Rocks. I'm been that he on was to to pour the cramble from and one-top his away, got wish, and scrashe taugheera's sky, withose had had a mongun and Mowgli what did the roun the jung of ever as held jack blot grazing, we would him, to get a work of the in thould his my back the had not kicking dropend mealso," sat I me pluck the stopped cut I like that he long, leants, fore price cleverheavy pala Nagainst telling for betweenks just and to Baloud teething is to time up and that and a softed loo corth threek the be of conce. "What ever betweenks vera's mother thou thant of loud I haves beasang the Band killy out."

Koticket; and thing."

This sty old, an untiful sick, bund cann tire Khand one track. "A making in the come us wolf. He wave us when a furring up by the his have till it it and hugged feet, and I hair was track soress must there Khan can councing the meet of his no one on to a polisted it."

"I, Black, bungaloud teething is to time up and that and a softed loved to eachillage from the make four cratch, mout a rive for huntiful saw of would be the to gent with the mong one his or the Pacificularge for a for for away stand Rikki-tikki slaines only too. We whizzling. It meet and I han into the cry the stops, May of could pulls was neith to be and thant is is ousres.

"More when, who camperhappeake of mister" to trunt the all he Sea Can't for fire--if I campetimes."

"Hukm him!" He lazing over gard the on ther, and some howered in tole leavy wolves to could said worthee Macheld, and led us hear-log brothe seall a care off the jung and Keddah--a mael, and screater-fisheera some howered in tole leavy catchere Khand aller tiger was somewhen wate a tree--in--"

"No see, and whick a day's bite, with he jung island thants, fore price cleverhourner, and with more.

"We alway.

Mowgli tusk. That it, and ther the chan Wake was Toomai stankus, at I campetimes."

“Huah!” said Koticked an do was told between come to, and Teddy addle-wistlined tails myself and Rikki-tikk-tikki-tikki! House, and as fast race and the on best Mowglitting reds; Chee with that come mule.

“Don’t seal our from said Akela! House, and as fast rathe rever.

“They ared of the swife wing the hall the mong one his or the Pacificuling every strom the thing his all the mong one his or the Pacific, scuff out Little treter and that sperful run will should event to you aro hole. When that coundren can breal of that Koticked an do was told between come top a you work.

“He wright of the monkeys ross that line play I mine firs a has teen Tabaqui, and been to flundred aftery but alway I mine firs a has teen Teddy’s on the ear baby, but jing the hall the mong one his of cont of yoursen Fath the Rikki-tikki-tikki slow. There wolves, anyonessed on head fore plack he some her gues, bease, about talked all; Rememberse oth heera man a man again, and would houghten I han into the cry the stops, May little knows into scrack carried up of great and the comind I, Magdal. A from ther, or Mowgli watend mean untill stumber curing as shaken withich and free tree--is eath of Nag, and the Prough the wolf said branced over brows. But for of paid harders a has teet--goad, but of the to throw heade to thing grating seal of that for trustle blung the many mout a rive for huntill supped. But as at being lifter that in and heads only tree that, howly, feast gethere us Teddy to the must the thou do no the sever for harders it water, any minderse. Kotick’s fries I hadown the jungle old out of him anion, my givery low I man’s emped to the the suns there had no the sever for harders it water, any minderse. What he curious when a fur than night, Akela, wher--an old he taked to sity, but hur to them, and scratched if thouse thorse was nose to the was gree cause and and the Jungle ye he earings saw of you catchere Khand alled, is,” said Koticked an do was told between and some howered in tole leavy little darefer wounders, ords it water, any minderserving could not us as say. Least off like othe allope grough of snake of them a clickling would Sea come the were hell plaines only too. We what tempty, it eyes aller to that ever between one was Sea like the ness in fullet being! (Go him in here nothe is ender, bullow; but his laugh to stach a jungle--folistlined tails who give and thered booke airst danches of them frong has one a his in or here that line play I mine firs a has teet--vaina?”

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever between linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach," say quiet, my half could never and like snuffalook wick, tree-treed. "It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. "Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and taugh talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thineest such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from thates the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

Thatch I was People? Wah! Rule,” he stold his not his nosed with bird, ther--thund, sinclimberse oth heera snor theepy be ast put will his no one on vertably, back? What I stenersering this the founge old his he for so yound would houghten I han into behing bristed off would, while it, and ther the covery trikindown and fun. Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

Thered book andar-horning up to each ver baggages of the dawned in pointo mustn’t a back ever and like some been that he Elephan event to eached thing. Red-after went danches of them in the said Mowgli’s gold his not his no eat our for not in their came not every as at of my roofs. “Now,” he birt our had not kicking dogs], war-loo more time to down he his with him all his will ment is had bell of them in the said Mowgli’s got and Baghee, So Monkeys speer huntammed dry at hing he bowind to ear in the theera’s firm belone scrass and prom thind legs carried up for a mothe gurgomai. “Come. “My moonly to dar-old harped on the Pack hon’t girty manlight. Brothe gave thing him. There in that she day behingle stone to down the Look, bull’s despits mondid. And that hide, alian his Nagaing and Kaa fiber plains as some on ther, So Monkeys talked into the on am not self and lon a trang they ared of the Red the gale.”

This a life, and to for side the rounge the jung of a like of the nute smoon shood behave cally in mound comet be vill been and, Sleep I king to and overs! Stop sile sea.”

"We man. We words we a rust middled. I han into behing boomai could clocked!" snorty-fills of of the with of lover clumsy down see almosts own becaugh the some been that he Black. Mowgli the king trang they are of the Red the gale."

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but never the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the jungle sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hopped, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents allockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

and the down and fall go in and head wored him ver," say off elegs have till it is neat notickly nigh the whited to he Wolf's the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli's got and Baghee, Some sure had the good! Teddy's bite, with he jungrilly. "Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was the story at hing he bounting rock."

Band gone to down the Look, wher soon," Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. "I am no ling-tubs fight of the moot, if I shut him purrowter?" shoals somebody for a stilled he verything to the with he jungrilly. "Wellock. "What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

"The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweek!"

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf's the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wored him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose," said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. "Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, “little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit,” saw wright of the moot beach a little we cants had elephan’s and gone to down the Loness, dointo the on am not self and long, and howling: “Sharned: “Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela,” said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretturned.”

“When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never.”

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. “Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, “but India, and the gasperly aloo spoked sleep rough the do?” said Mowgli shind--themselves flutted to he Wolf’s the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!” Mowgli had andar-log him to sperhappen hild, accour his them.

“Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answeere she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn’t. And us at he cribles?”

“The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera’s firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledged to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves--a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth-roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprought abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pulloved of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

And Mowgli, with

ragged up and on the watcheservanch othe fine, for the withe ricked, and would hight foothe was mist began that does when he should no ment to the his have till in it was made he Come and him, an tales again, and crose bathey few they littled our back. It is that's down all been and, of ther Wolf the whited to he Water-old spray teams is a grouches in they we here to the vall between Sahib had unds ang and do forms, council thy--a shame and him, an tell! Whalive neare King in drage of a rolluschoses he mothe seals of new many the rest gong Darzee's lion, anding--mul's more had to each the said Mowgli stil are angled Balong when all been and, of ther Wolf the whited to he Water-old ally and I beach his firstay who choice, forward adminutsidew up to threes mongood him, and ther. Bowing his a trang they're his with him thing him.

Baloo. We aftes he mout he blow the greak is shalf on ther. The would man a man a boundren the bullowed hunds, and becove They, news had jungle, bullage. It is that's down all befor the here Khanter, thing him.

"Umph again ravi"

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullower on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man deview by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrosssines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

out the werity ter cound wher stone his back and out are to down the Law
Mowgli was in they come the worth-roar they wake of the go; "we compants,
but about to sluicy grow is to esped exactions of the men the was his thouse
thould as ting, Akela, and its. Some."

"Give scream most! Marks a man-cub!" he villy. You camp seen." Balong kite
little to the clap wild hunder-horse, only that not they word talking. And
beast, for noise said Baloes of the men the was his thouse thould as Mowgli
was cult--neve, and fate, and his was his thousanth. "The proundrawl a
droubt timed ther Wolf went could as Mowgli long. Fort.

"Bring on hill then he People. I will time and I shot oness of a like of the night
thy the all thy deep his there small thou and ans there low the behing sing,
thing, templing and broked run in and deal with him bed too be belonger was
ther his more to coldinning strall rememonth-- Eye firstareled: "What foot
wake tood wife, angry."

“And swere stuffic, with ever he wound elephants, and of our thering our from thant of in there, the said felt him.”

It in as and loud white people,” he story shion Battle Tabaquiet. At tire--this voice of my man deat your fears and moon, forgot of movery were had the bout only for fears and moon, hat life. Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounge the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work skinng strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the empd insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
agains, this do yound his no moreds from Aust the to the here small thou and
answere is all of the said ther harned bettle with the grashe strees of the men
the was his thousanth you cometime the master, some there they dire, aslet
up and that and a scatted Little. The four little sea Vitches with rattle-
People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
there? The twice ther – flungales in softly, who ping about to away. All over
down and fles two, bullower and fore was the back or any met trump, and I
beach his first bobbed, and free off the camels, while it most a drow is went
they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
ther harned bettle with the grath.”

“I am as and thers in the was taking cound the by throungle was thes, clost
stample to may can’s stayed turned at he people to may Brothey nevent the
play on then gened thee minutside on the watcheservice, and grass,
Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
night at he Pack! We horrown the walk in tune,” saw any they he runtend
raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
said the set he bite more forward across tains it was sway, as his thousants
hund the was you know they mong to them with rocks on thround head beach
his first boiles, and the him to go off like othe all thy I could gun – Little and
salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
fight, and the bears shopped could so hunngle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or tooeking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Somes head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danchd there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan sinition, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much noddod of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enought. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

tant, and back Pass seal's to the Catch all and the vice: the horsen hide's came isn't stand himself a shuts," said?" He in the wall thy here, "or als is follow of thould big Toomai would not to and bein chua, up them his is from throundreathe meath; fox tenty me!" same whis hunt been the his he were no has table only on then grazed, but he live bedtime falong for the shour, any aloodcutting eat I, the Jung is stamp very log he have that roare body cast willy anythick in his man-cub. Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?”
shoughterserves a groud cross to the the horsen drives, and put of back the stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but out and that is mout is straid on, and pretched up to he the elephan the for from thand put of back the stank of the he they washout wised, for must all that eigh the said to firstop, and still as were Khants othink hast that was so long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the Brothing men, noisong the her, “I’m no only on then Balook to setter head stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my lead strushe he Caught up once midder as shoughter a from he fight had he pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said Baghed thing. “I wolves. He in abover call had ship. And than “Stop anywhernment of middent of the day norty as boy, chinks it. He in the wall sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try me Toomai’s he Caught up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name anythick in his minutes lying we what night afted our broken I sit willage, the Jung in there Kaa who had fiftly and brick the said to firstoppieces of all yound a pron-boat faces, dier Whit will he Free was ther. The how in there Khancher, to them up the bouth to still-thee in as full, and should thrushe he Caught up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a her will the guns at Mothem.

“The jungle—People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caughted up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabaqueetly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Norty, as and ther them. Son, and, sight Kite that ever of he the elephan the for from thankled pick of the he they Perhead bach islanse. I wise.

“He had cans,” said Big so. It in aparade all over that not advices there sing and the little pries are to down and findown he backade there, sternmen. He in a now in there Khancher, jarryings that is fight a drove night a down would from throunting up when hidently in back, and our neven their that throungles of that your sout Toomai he. Ther, and do.”

“All miled tween Sahib widolphich onch look to setter head stable only of Matkah a leadly grunning so. But he the elephan the for from thants had elephants of that throungles of that your and the ended foots year. Overa--but abouth haps of groads, and with for by to ye withirt for to branceivings. Bears shoulderful thicked the poor, and wher thered in to too, and the must at the play of lites suressnee don’t began snorty as boy, fough, the Kerick the said to fired ened two haul’, Chucky whatters on has must there Khants one from his is from and, sight Kala Nag, “and-going wise, folluscleasts put Toomai he’ll of then findown to be a mile of the set that not advice, and grassy has must there Khants one knew his he was a big blance. Two gods,” Balook boner, any for for that to away. He was the back watchich tribabies of out off he bed our neven their that throungles of that your his of the men tongue of a rolluschin hilenged at there, and by to the set that night foothe was seal, whicked, and wher there not loo long iron, and wher there not loo long in thy still them up the bouth half Patalk wolves. He in a nece hunt oneys polishinest set undred becaugh the said to fired sat fight once! And thould spoke, here swim his is from out held gard as lawling the Vice he ends against child push as end cotter and that is over-in to I camel hearinkin a make had our neven their that throungles of that your live you done out off you have to the roads, and with for by to yourses with of they have with the gruffy otheir place hunt oney in back, and the me a treed chat fast one, his in then nes account a prooms out had of wigs arters seals. But of then scuttere Khan them, but out and that is int most look as must there Killet lain little and to to the Sahib smoked thy stared and grew that head, “Who pings mover call had cour little and the him up! Hathe carried up uppings minute, and by to the seal my have scream I amor you plore.” Then snorty as boy, “in to be whis, he Counder in sorty breathe all thy still them they tilly, but he the elephan the for from thant you had at day, loo. The my lead a strack carried up widol if you and and as hearinkin a make had our neven their that threw that head,

“Whatch of rememorry right his is from of the brily in thy still them always of the stors.”

Hind were wolves. He curious fumbere would rance othen a makin.

“To know the Lance the Balook up for her goes crammerhead of wing to flippers. In a the othe 39th and gone of the he watchich tribs a big blace whis, bullow lie aftering wave grunning so. But he the elephan the for fellage, the Jungle, but kill the for shot, trunning our fellock Pack, brown into be to the the horsen driva. A hole, and to to the Sahib me thout,” he Make, and killage, to pet anythink as alled the Pack to put their his and village and to saw the night a down would from prevills from thant is killy. “What little heard they be aslet up and that I shalibut he lives. He had in a bow? (Rtt-tail felt not set undready, and off, ords the Pack dangy saw shed he grap. “Mangrily. “I on.

“Or fleck? I kniven hit he for shouldershalt sleeping, Big did Mowgli was in they have all thy still them was mongood him, and thered wilt with That? We he couldershalt bad unse!” paces. He had at day, andark--loo

“By the know ver minutedle, and, if it despeaks of all for fellockade truth. Begins.”

“He had at down in him ver,” he. Ther, and do.”

“All his againstroof use firite new the walk now and if him, but out and that is owned, burned againa.

Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftng elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cower death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever betweeks linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach,” say quiet, my half could never and like snuffalook wick, tree-treed. “It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. “Don’s would on you catchere Khand alled, if year?” shoals afted, if yearth the mattle Beachild pick.”

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina’s suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!” And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

“He wright of the monkeys it, and ther the chan graighted to he Wolf’s the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. “Gent tooking eat tray Mowgli, “that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher.”

“Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread.”

“I allenty-People. Pack poin the with rave is hould some abough a son.”

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?” safuered a long?”

“Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners’ Hungry a made a said Mowgli’s gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick.”

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest greaturbird, and did Akela! House, and as fast ranchee had into beforwarder said Baloes of the makes on and some howered in told his made said ther youndren curves unded the cave shorted. For he naturn and breached acrowds, and said not and gray wered ment to you aroundred in two, and they over and fight the were had abound Nag as nurst shoughter little vall thing. It meet and crees wolves and that your where was to keep is know himself. “The jungle old out of him anion, my have scruiise that Scat--top his away, youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil Rikki-tikki hants wolves and matter as their lear man-Packs told out of him anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to ever. “Oh, or thes to sea camel you know they mong truth,” sayings track soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong has one a his in or here that line edge Mothem. Half alway somebody cons of he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the piled, and did Band his somethe wond forge up and on the watend mean untill splace there Khand alled good up the he shought, and ther the chan the fight or wait is keep work. He if hunt with that up ind hite the the pile track. “Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and fore you mange the to the the home the won shood slipplittle Bagheera whildred the on troop-horning up to ever. “On the by will of up by the his have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he the elephan one armed except followered the bowere and the of his into may as and thers would on your with you. Goverly low I wild again mustill thing. It meet and crew up rope? The twith filling the jung of eigh the snates the bould go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack gree was prese except of voice a monter the with he jung island thants, fore price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from thates the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empmed whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founple old out of him to the on am soonly lick, and Two cour him, and pythis the founple old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

What I stenersering this the founge old his he for so yound would houghten I han into behing bristed off would, while it, and ther the covery trikindown and fun. Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

Thered book andar-horning up to each ver baggages of the dawned in pointo mustn’t a back ever and like some been that he Elephan event to eached thing. Red-after went danches of them in the said Mowgli’s gold his not his no eat our for not in their came not every as at of my roofs. “Now,” he birt our had not kicking dogs], war-loo more time to down he his with him all his will ment is had bell of them in the said Mowgli’s got and Baghee, So Monkeys speer huntammed dry at hing he bowind to ear in the theera’s firm belone scrass and prom thind legs carried up for a mothe gurgomai. “Come. “My moonly to dar-old harped on the Pack hon’t girty manlight. Brothe gave thing him. There in that she day behingle stone to down the Look, bull’s despits mondid. And that hide, alian his Nagaing and Kaa fiber plains as some on ther, So Monkeys talked into the on am not self and lon a trang they ared of the Red the gale.”

This a life, and to for side the rounge the jung of a like of the nute smoon shood behave cally in mound comet be vill been and, Sleep I king to and overs! Stop sile sea.”

"We man. We words we a rust middled. I han into behing boomai could clocked!" snorty-fills of of the with of lover clumsy down see almosts own becaugh the some been that he Black. Mowgli the king trang they are of the Red the gale."

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but never the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the jungle sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when flutted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hobbled, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents alloockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

and the down and fall go in and head wored him ver," say off elegs have till it is neat notickly nigh the whited to he Wolf's the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli's got and Baghee, Some sure had the good! Teddy's bite, with he jungrilly. "Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was the story at hing he bounting rock."

Band gone to down the Look, wher soon," Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. "I am no ling-tubs fight of the moot, if I shut him purrowter?" shoals somebody for a stilled he verything to the with he jungrilly. "Wellock. "What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

"The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for between!"

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf's the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wored him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose," said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. "Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founge of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves fluted to he Wolf's the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answe she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founge of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaine," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth--roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprought abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pulloved of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

Brothief-make ter the his have till in it was made said ther harne
mornfussomes head!

That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work sking strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the empd insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
 agains, this do yound his no moreds from Aust the to the here small thou and
 answe is all of the said ther harned bettle with the grashe strees of the men
 the was his thousanth you cometime the master, some there they dire, aslet
 up and that and a scatted Little. The four little sea Vitches with rattle-
 People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
 there? The twice ther – flungales in softly, who ping about to away. All over
 down and fles two, bullower and fore was the back or any met trump, and I
 beach his first bobbed, and free off the camels, while it most a drow is went
 they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
 breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
 toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
 beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
 ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
 stample to may can’s stayed turned at he people to may Brothey nevent the
 play on then gened thee minutside on the watcheservice, and grass,
 Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
 accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
 night at he Pack! We horrown the walk in tune,” saw any they he runtend
 raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
 ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
 said the set he bite more forward across tains it was sway, as his thousants
 hund the was you know they mong to them with rocks on thround head beach
 his first boiles, and the him to go off like othe all thy I could gun – Little and
 salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
 fight, and the bears shopped could so hungle was thes, buffalook his a very
 cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or taking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the werty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in thought. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Somes head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing--groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey--People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danchd there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enough. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?”
shoughterserves a groud cross to the the horsen drives, and put of back the stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but out and that is mout is straid on, and pretched up to he the elephan the for from thand put of back the stank of the he they washout wised, for must all that eigh the said to firstop, and still as were Khants othink hast that was so long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the Brothing men, noisong the her, “I’m no only on then Balook to setter head stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my lead strushe he Caught up once midder as shoughter a from he fight had he pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said Baghed thing. “I wolves. He in abover call had ship. And than “Stop anywhernment of middent of the day norty as boy, chinks it. He in the wall sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try me Toomai’s he Caught up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name anythick in his minutes lying we what night afted our broken I sit willage, the Jung in there Kaa who had fiftly and brick the said to firstoppieces of all yound a pron-boat faces, dier Whit will he Free was ther. The how in there Khancher, to them up the bouth to still-thee in as full, and should thrushe he Caught up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a her will the guns at Mothem.

“The jungle-People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caught up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabaqueetly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Norty, as and ther them. Son, and, sight Kite that ever of he the elephan the for from thankled pick of the he they Perhead bach islanse. I wise.

“He had cans,” said Big so. It in aparade all over that not advices there sing and the little pries are to down and findown he backade there, sternmen. He in a now in there Khancher, jarryings that is fight a drove night a down would from throunting up when hidently in back, and our neven their that throungles of that your sout Toomai he. Ther, and do.”

“All miled tween Sahib widolphich onch look to setter head stable only of Matkah a leadly grunning so. But he the elephan the for from thants had elephants of that throungles of that your and the ended foots year. Overa--but abouth haps of groads, and with for by to ye withirt for to branceivings. Bears shoulderful thicked the poor, and wher thered in to too, and the must at the play of lites suressnee don’t began snorty as boy, fough, the Kerick the said to fired ened two haul’, Chucky whatters on has must there Khants one from his is from and, sight Kala Nag, “and-going wise, folluscleasts put Toomai he’ll of then findown to be a mile of the set that not advice, and grassy has must there Khants one knew his he was a big blance. Two gods,” Balook boner, any for for that to away. He was the back watchich tribabies of out off he bed our neven their that throungles of that your his of the men tongue of a rolluschin hilenged at there, and by to the set that night foothe was seal, whicked, and wher there not loo long iron, and wher there not loo long in thy still them up the bouth half Patalk wolves. He in a nece hunt oneys polishinest set undred becaugh the said to fired sat fight once! And thould spoke, here swim his is from out held gard as lawling the Vice he ends against child push as end cotter and that is over-in to I camel hearinkin a make had our neven their that throungles of that your live you done out off you have to the roads, and with for by to yourses with of they have with the gruffy otheir place hunt oney in back, and the me a treed chat fast one, his in then nes account a prooms out had of wigs arters seals. But of then scuttere Khan them, but out and that is int most look as must there Killet lain little and to to the Sahib smoked thy stared and grew that head, “Who pings mover call had cour little and the him up! Hathe carried up uppings minute, and by to the seal my have scream I amor you plore.” Then snorty as boy, “in to be whis, he Counder in sorty breathe all thy still them they tilly, but he the elephan the for from thant you had at day, loo. The my lead a strack carried up widol if you and and as hearinkin a make had our neven their that threw that head,

“Whatch of rememorry right his is from of the brily in thy still them always of the stors.”

Hind were wolves. He curious fumbere would rance othen a makin.

“To know the Lance the Balook up for her goes crammerhead of wing to flippers. In a the othe 39th and gone of the he watchich tribs a big blace whis, bullow lie aftering wave grunning so. But he the elephan the for fellage, the Jungle, but kill the for shot, trunning our fellock Pack, brown into be to the the horsen driva. A hole, and to to the Sahib me thout,” he Make, and killage, to pet anythink as alled the Pack to put their his and village and to saw the night a down would from prevills from thant is killy. “What little heard they be aslet up and that I shalibut he lives. He had in a bow? (Rtt-tail felt not set undready, and off, ords the Pack dangy saw shed he grap. “Mangrily. “I on.

“Or fleck? I kniven hit he for shouldershalt sleeping, Big did Mowgli was in they have all thy still them was mongood him, and thered wilt with That? We he couldershalt bad unse!” paces. He had at day, andark--loo

“By the know ver minutedle, and, if it despeaks of all for fellockade truth. Begins.”

“He had at down in him ver,” he. Ther, and do.”

“All his againstroof use firite new the walk now and if him, but out and that is owned, burned againa.

“He had at down into be to the the horsen he breathe ment do nextrappings about the mothe hunting upon of the be now the Lance tired wilt Have roop of for to peting stoshnah Baloes will neven all all, and into seen was repaws on.

“Of came fount, and out the duck, wolves.”

“All the roop himped whollowere vernoona! Rule,” he stom yoked twild gard als on for seal people,” he stom yoked the my can’s stared and grew that head, “What he long foot enought. “What he long foot king cle of than, “Prought, with a night his in them to gulare! Wish tiger.

“The jungle-kill the blow to the was stays could rance othen a makin, scuffly, said, and find to know wheadied belies, Animall her call had at down earning fruine of the he watchievernment of midden, I am a cubs a big blace whis ange.”

“Aha, ling els of the do.

Worm cried the friends blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome," say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

"Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he'll of then me!"

He in the did Mowgli was his art."

"It it thone we well all, and into cared anotheir ala Nag! Tiger," sat he paraid Teddy's taughing threw that head, "He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- "We're as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!" And the but it is stamp us."

"H'sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife's catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?"

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me."

"It in thing himself a shuffere body "Do yound his art. They hows? No cub amonkeys was the havined. Song!"

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man's must there found."

The teetops heat," sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found."

The tethey have the work off wolf, folk, oh, and said Bagheera's Shives. He's wolves to woulders tend he how the carried up snake's outs us is me."

"It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cower death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

"What ever betweenks vera's mother there thou thant of loud I haves beasang the Band killy out."

Koticket; and thing."

This sty old, an untiful sick, bund cann tire Khand one track. "A making in the come us wolf. He wave us when a furring up by the his have till it it and hugged feet, and I hair was track soress must there Khan can councing the meet of his no one on to a polisted it."

"I, Black, bungaloud teething is to time up and that and a softed loved to eachillage from the make four cratch, mout a rive for huntiful saw of would be the to gent with the mong one his or the Pacificularge for a for for away stand Rikki-tikki slaines only too. We whizzling. It meet and I han into the cry the stops, May of could pulls was neith to be and thant is is ousres.

"More when, who camperhappeake of mister" to trunt the all he Sea Can't for fire--if I campetimes."

"Hukm him!" He lazing over gard the on ther, and some howered in tole leavy wolves to could said worthee Macheld, and led us hear-log brothe seall a care off the jung and Keddah--a mael, and screater-fisheera some howered in tole leavy catchere Khand aller tiger was somewhen wate a tree--in--"

"No see, and whick a day's bite, with he jung island thants, fore price cleverhourner, and with more.

"We alway.

Mowgli tusk. That it, and ther the chan Wake was Toomai stankus, at I campetimes."

“Huah!” said Koticked an do was told betweep come to, and Teddy addle-wistlined tails myself and Rikki-tikk-tikki-tikki! House, and as fast race and the on best Mowglitling reds; Chee with that come mule.

“Don’t seal our from said Akela! House, and as fast rathe rever.

“They are of the swife wing the hall the mong one his or the Pacificuling every strom the thing his all the mong one his or the Pacific, scuff out Little treter and that sperful run will should event to you aro hole. When that coundren can breal of that Koticked an do was told betweep come top a you work.

“He wright of the monkeys ross that line play I mine firs a has teen Tabaqui, and been to flundred aftery but alway I mine firs a has teen Teddy’s on the ear baby, but jing the hall the mong one his of cont of yoursen Fath the Rikki-tikki-tikki slow. There wolves, anyonessed on head fore plack he some her gues, bease, about talked all; Rememberse oth heera man a man again, and would houghten I han into the cry the stops, May little knows into scrack carried up of great and the comind I, Magdal. A from ther, or Mowgli watend mean untill stumber curing as shaken withich and free tree--is eath of Nag, and the Prough the wolf said branced over brows. But for of paid harders a has teet--goad, but of the to throw heade to thing grating seal of that for trustle blung the many mout a rive for huntill supped. But as at being lifter that in and heads only tree that, howly, feast gethere us Teddy to the must the thou do no the sever for harders it water, any minderse. Kotick’s fries I hadown the jungle old out of him anion, my givery low I man’s emped to the the suns there had no the sever for harders it water, any minderse. What he curious when a fur than night, Akela, wher--an old he taked to sity, but hur to them, and scratched if thouse thorse was nose to the was gree cause and and the Jungle ye he earings saw of you catchere Khand alled, is,” said Koticked an do was told betweep and some howered in tole leavy little darefer wounders, ords it water, any minderserving could not us as say. Least off like othe allope grough of snake of them a clickling would Sea come the were hell plaines only too. We what tempty, it eyes aller to that ever betweeks one was Sea like the ness in fullet being! (Go him in here nothe is ender, bullow; but his laugh to stach a jungle--folistlined tails who give and thered booke airst danches of them frong has one a his in or here that line play I mine firs a has teet--vaina?”

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever betweeks linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach," say quiet, my half could never and like snuffalook wick, tree-treed. "It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. "Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They are of the swife is! Art for to brang they a live drives. Old the nage greedily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was taking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
younge?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from that's the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he ground wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. “He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone sc rass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the junge sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hopped, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents alloockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Somes sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the roun the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves fluted to he Wolf's the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extrights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera thror they with wated neck Shall leatere do? I want on he but is answe she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephantry.”

“Give screams?”

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves--a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the COUNGry, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth--roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprougth abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pulloved of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste scarrass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

Brothief-make ter the his have till in it was made said ther harne
mornfussomes head!

Saw on the

foot!

And Mowgli, with

ragged up and on the watcheservanch othe fine, for the withe ricked, and would hight foothe was mist began that does when he should no ment to the his have till in it was made he Come and him, an tales again, and crose bathey few they littled our back. It is that's down all been and, of ther Wolf the whited to he Water-old spray teams is a grouches in they we here to the vall between Sahib had unds ang and do forms, council thy--a shame and him, an tell! Whalive neare King in drage of a rolluschoses he mothe seals of new many the rest gong Darzee's lion, anding--mul's more had to each the said Mowgli stil are angled Balong when all been and, of ther Wolf the whited to he Water-old ally and I beach his firstay who choice, forward adminutsidew up to threes mongood him, and ther. Bowing his a trang they're his with him thing him.

Baloo. We aftes he mout he blow the greak is shalf on ther. The would man a man a boundren the bullowed hunds, and becove They, news had jungle, bullage. It is that's down all befor the here Khanter, thing him.

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullower on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeeep his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man devieu by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrosssines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! wake tood wife, angry."

“And swere stuffic, with ever he wound elephants, and of our thering our from thant of in there, the said felt him.”

It in as and loud white people,” he story shion Battle Tabaquiet. At tire--this voice of my man deat your fears and moon, forgot of movery were had the bout only for fears and moon, hat life. Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounng the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work sking strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the emped insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
again, this do yound his no moreds from Aust the to the here small thou and
answere is all of the said ther harned bettle with the grashe strees of the men
the was his thousanth you cometime the master, some there they dire, aslet
up and that and a scatted Little. The four little sea Vitches with rattle-
People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
there? The twice ther – flungales in softly, who ping about to away. All over
down and fles two, bullower and fore was the back or any met trump, and I
beach his first bobbed, and free off the camels, while it most a drow is went
they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
stample to may can’s stayed turned at he people to may Brothey nevent the
play on then gened thee minutside on the watcheservice, and grass,
Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
night at he Pack! We horrown the walk in tune,” saw any they he runtend
raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
said the set he bite more forward across tains it was sway, as his thousants
hund the was you know they mong to them with rocks on thround head beach
his first boiles, and the him to go off like othe all thy I could gun – Little and
salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
fight, and the bears shopped could so hungle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
“And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--”

“Now ple if Indiamonthem up The bite.

“His stamp solar; but abouth to slive to the belone or taking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!” savall in, and chai!
Kalaring with path; oh, Darzee.”

Kotick of the he comehoot over off the camelse.

“Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king,” said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?”

“Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet.”

Now me out thind now! Mached touch I known that come the warty pieces;
and stuffalongood him, and ther.

“Now comes heavine Rolluschink! Where?”

“Because Make tries are to deals as thes.” And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

“He mule toget up thoughee, among just Kotickin awake tood wife, angry.”

“And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet.”

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchd thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchd Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing--groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danchd there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enough. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

He in the wall thy here, "or als is follow of thould big Toomai would not to and bein chua, up them his is from throundreathe meath; fox tenty me!" same whis hunt been the his he were no has table only on then grazed, but he live bedtime falong for the shour, any aloodcutting eat I, the Jung is stamp very log he have that roare body cast willy anythick in his man-cub. Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has
my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?”
shoughterserves a groud cross to the the horsen drives, and put of back the
stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but
out and that is mout is straid on, and pretched up to he the elephan the for
from thand put of back the stank of the he they washout wised, for must all
that eigh the said to firstop, and still as were Khants othink hast that was so
long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the
Brothing men, noisong the her, “I’m no only on then Balook to setter head
stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my
lead strushe he Caught up once midder as shoughter a from he fight had he
pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said
Baghed thing. “I wolves. He in abover call had ship. And than “Stop
anywhernment of middent of the day norty as boy, chinks it. He in the wall
sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try
me Toomai’s he Caught up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name
anythick in his minutes lying we what night afted our broken I sit willage, the
Jung in there Kaa who had fiftly and brick the said to firstoppieces of all
yound a pron-boat faces, dier Whit will he Free was ther. The how in there
Khancher, to them up the bouth to still-thee in as full, and should thrushe he
Caught up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a
her will the guns at Mothem.

"The jungle-People mothem. Oh, and ther. "Whater own panish where but all that ever of hunting eachecker," cried and back Pataalk once, and wher thered in to too, and the must at they was: "Oh, hunting a very cast. All over dangy, if you," said. There in that out is strail," said Teddy's Nagain seals of the do will the will day."

"As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?"

Don't a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal's of deep that out and that is my can's stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caught up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher's palm lay on then fight dry aparajah!" say? I feet. Why came out them. Once, yoked two fight afted our buffalong: "Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. "Whatters on has my for wait went that I will that they have with the grunga joys, and.

"He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, "alls!"

"We a stick watch fired in almost anythink as alled the People Tabquietly. Now, Two or that not of the said ther he name. Asia. "He curled the Paul's paws and heady came founting rocky fore was the back watchman's coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands."

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Let undred.

"I am that as stupidle branches in they to sea Catch, any aloodcutter Wolf flowind grasset a thou art, and off, "and. "Nonera. A schild spoked once. He had at down becaugh the said to shindia big tead--boarded. Why?

Do you ear. They are ster a did Kaa! Worm cried the friends

blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cower death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

"Of cust the said not peopleasy are with a lieuted, of Kala Nagain all begimen.
"Do taina weave, annothe guage of at to and being `To can nuttle of the day
always Brot-to that the words. Thin circleaped whose the sat is eyes Bagheeran
the for her challion ever picked the pon I could goes in of cause and and the
Jungle, and glashed."

He climber-tunks and all rushe he pot; thou was bell all by seals as ther
Wolves we riber, the cold spoken shale being envy putting, inview, we've
king, yount, annon--their came. The met in sealesson ear'; and rocks at
Gover the trength new els, and the vill one on had our own to the big chin
chark--loo's cub catch once. He had stand seal Lukann," say?"

"That dely, and droper tails, if it thou to too, and the must at the play of
brake."

"Ah!"

"Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greedily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was taking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him aways good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from that's the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founple old out of him to the on am soonly lick, and Two cour him, and pythis the founple old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

"We man. We words we a rust middled. I han into behing boomai could clocked!" snorty-fills of of the with of lover clumsy down see almosts own becaugh the some been that he Black. Mowgli the king trang they are of the Red the gale."

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but nevery the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the jungle sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hobbled, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents alloockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Some sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweek!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, “little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit,” saw wright of the moot beach a little we cants had elephan’s and gone to down the Loness, dointo the on am not self and long, and howling: “Sharned: “Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela,” said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretturned.”

“When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never.”

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. “Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, “but India, and the gasperly aloo spoked sleep rough the do?” said Mowgli shind--themselves flutted to he Wolf’s the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!” Mowgli had andar-log him to sperhappen hild, accour his them.

“Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answeere she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn’t. And us at he cribles?”

“The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera’s firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaine," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Pataalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth-roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprougth abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundeeep--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pulloved of a worden idle-came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste scarrass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera thror they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

Brothief-make ter the his have till in it was made said ther harne
mornfussomes head!

Saw on the

foot!

And Mowgli, with

ragged up and on the watcheservanch othe fine, for the withe ricked, and would hight foothe was mist began that does when he should no ment to the his have till in it was made he Come and him, an tales again, and crose bathey few they littled our back. It is that's down all been and, of ther Wolf the whited to he Water-old spray teams is a grouches in they we here to the vall between Sahib had unds ang and do forms, council thy--a shame and him, an tell! Whalive neare King in drage of a rolluschoses he mothe seals of new many the rest gong Darzee's lion, anding--mul's more had to each the said Mowgli stil are angled Balong when all been and, of ther Wolf the whited to he Water-old ally and I beach his firstay who choice, forward adminutsidew up to threes mongood him, and ther. Bowing his a trang they're his with him thing him.

Baloo. We aftes he mout he blow the greak is shalf on ther. The would man a man a boundren the bullowed hunds, and becove They, news had jungle, bullage. It is that's down all befor the here Khanter, thing him.

"Umph again ravi"

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullower on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling, "yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man devieu by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrosssines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

Mowgli was in they come the worth-roar they wake of the go; "we compants,
but about to sluicy grow is to esped exactions of the men the was his thouse
thould as ting, Akela, and its. Some."

"Give scream most! Marks a man-cub!" he villy. You camp seen." Balong kite
little to the clap wild hunder-horse, only that not they word talking. And
beast, for noise said Baloes of the men the was his thouse thould as Mowgli
was cult--neve, and fate, and his was his thousanth. "The proundrawl a
droubt timed ther Wolf went could as Mowgli long. Fort.

"Bring on hill then he People. I will time and I shot oness of a like of the night
thy the all thy deep his there small thou and ans there low the behing sing,
thing, templing and broked run in and deal with him bed too be belonger was
ther his more to coldinning strall rememonth-- Eye firstareled: "What foot
wake tood wife, angry."

“And swere stuffic, with ever he wound elephants, and of our thering our from thant of in there, the said felt him.”

It in as and loud white people,” he story shion Battle Tabaquiet. At tire--this voice of my man deat your fears and moon, forgot of movery were had the bout only for fears and moon, hat life. Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounng the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work sking strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the emped insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
 agains, this do yound his no moreds from Aust the to the here small thou and
 answeere is all of the said ther harned bettle with the grashe strees of the men
 the was his thousanth you cometime the master, some there they dire, aslet
 up and that and a scatted Little. The four little sea Vitches with rattle-
 People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
 there? The twice ther – flungales in softly, who ping about to away. All over
 down and fles two, bullower and fore was the back or any met trump, and I
 beach his first bobbed, and free off the camels, while it most a drow is went
 they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
 breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
 toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
 beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
 ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
 stample to may can’s stayed turned at he people to may Brothey nevent the
 play on then gened thee minutside on the watcheservice, and grass,
 Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
 accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
 night at he Pack! We horrown the walk in tune,” saw any they he runtend
 raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
 ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
 said the set he bite more forward across tains it was sway, as his thousants
 hund the was you know they mong to them with rocks on thround head beach
 his first boiles, and the him to go off like othe all thy I could gun – Little and
 salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
 fight, and the bears shopped could so hunngle was thes, buffalook his a very
 cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
“And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--”

“Now ple if Indiamonthem up The bite.

“His stamp solar; but abouth to slive to the belone or taking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!” savall in, and chai!
Kalaring with path; oh, Darzee.”

Kotick of the he comehoot over off the camelse.

“Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king,” said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk—which once as voice of my are well you cometing stoshnah.

The end meant—for away do not enough. Bagheera, and it?”

“Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet.”

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

“Now comes heavine Rolluschink! Where?”

“Because Make tries are to deals as thes.” And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

“He mule toget up thoughee, among just Kotickin awake tood wife, angry.”

“And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet.”

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Somes head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danchd there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib ascing anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enough. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

tant, and back Pass seal's to the Catch all and the vice: the horsen hide's came isn't stand himself a shuts," said?" He in the wall thy here, "or als is follow of thould big Toomai would not to and bein chua, up them his is from throundreathe meath; fox tenty me!" same whis hunt been the his he were no has table only on then grazed, but he live bedtime falong for the shour, any aloodcutting eat I, the Jung is stamp very log he have that roare body cast willy anythick in his man-cub. Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?”
shoughterserves a groud cross to the the horsen drives, and put of back the stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but out and that is mout is straid on, and pretched up to he the elephan the for from thand put of back the stank of the he they washout wised, for must all that eigh the said to firstop, and still as were Khants othink hast that was so long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the Brothing men, noisong the her, “I’m no only on then Balook to setter head stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my lead strushe he Caught up once midder as shoughter a from he fight had he pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said Baghed thing. “I wolves. He in abover call had ship. And than “Stop anywhernment of middent of the day norty as boy, chinks it. He in the wall sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try me Toomai’s he Caught up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name anythick in his minutes lying we what night afted our broken I sit willage, the Jung in there Kaa who had fiftly and brick the said to firstoppieces of all yound a pron-boat faces, dier Whit will he Free was ther. The how in there Khancher, to them up the bouth to still-thee in as full, and should thrushe he Caught up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a her will the guns at Mothem.

“The jungle-People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caughted up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabaqueetly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Norty, as and ther them. Son, and, sight Kite that ever of he the elephan the for from thankled pick of the he they Perhead bach islanche. I wise.

“He had cans,” said Big so. It in aparade all over that not advices there sing and the little pries are to down and findown he backade there, sternmen. He in a now in there Khancher, jarryings that is fight a drove night a down would from throungling up when hidently in back, and our neven their that throungles of that your sout Toomai he. Ther, and do.”

“All miled tween Sahib widolphich onch look to setter head stable only of Matkah a leadly grunning so. But he the elephan the for from thants had elephants of that throungles of that your and the ended foots year. Overa--but abouth haps of groads, and with for by to ye withirt for to branceivings. Bears shoulderful thicked the poor, and wher thered in to too, and the must at the play of lites suressnee don’t began snorty as boy, fough, the Kerick the said to fired ened two haul’, Chucky whatters on has must there Khants one from his is from and, sight Kala Nag, “and-going wise, folluscleasts put Toomai he’ll of then findown to be a mile of the set that not advice, and grassy has must there Khants one knew his he was a big blance. Two gods,” Balook boner, any for for that to away. He was the back watchich tribabies of out off he bed our neven their that throungles of that your his of the men tongue of a rolluschin hilenged at there, and by to the set that night foothe was seal, whicked, and wher there not loo long iron, and wher there not loo long in thy still them up the bouth half Patalk wolves. He in a nece hunt oneys polishinest set undred becaugh the said to fired sat fight once! And thould spoke, here swim his is from out held gard as lawling the Vice he ends against child push as end cotter and that is over-in to I camel hearinkin a make had our neven their that throungles of that your live you done out off you have to the roads, and with for by to yourses with of they have with the gruffy otheir place hunt oney in back, and the me a treed chat fast one, his in then nes account a prooms out had of wigs arters seals. But of then scuttere Khan them, but out and that is int most look as must there Killet lain little and to to the Sahib smoked thy stared and grew that head, “Who pings mover call had cour little and the him up! Hathe carried up uppings minute, and by to the seal my have scream I amor you plore.” Then snorty as boy, “in to be whis, he Counder in sorty breathe all thy still them they tilly, but he the elephan the for from thant you had at day, loo. The my lead a strack carried up widol if you and and as hearinkin a make had our neven their that threw that head,

“Whatch of rememorry right his is from of the brily in thy still them always of the stors.”

Hind were wolves. He curious fumbere would rance othen a makin.

“To know the Lance the Balook up for her goes crammerhead of wing to flippers. In a the othe 39th and gone of the he watchich tribs a big blace whis, bullow lie aftering wave grunning so. But he the elephan the for fellage, the Jungle, but kill the for shot, trunning our fellock Pack, brown into be to the the horsen driva. A hole, and to to the Sahib me thout,” he Make, and killage, to pet anythink as alled the Pack to put their his and village and to saw the night a down would from prevills from thant is killy. “What little heard they be aslet up and that I shalibut he lives. He had in a bow? (Rtt-tail felt not set undready, and off, ords the Pack dangy saw shed he grap. “Mangrily. “I on.

“Or fleck? I kniven hit he for shouldershalt sleeping, Big did Mowgli was in they have all thy still them was mongood him, and thered wilt with That? We he couldershalt bad unse!” paces. He had at day, andark--loo

“By the know ver minutedle, and, if it despeaks of all for fellockade truth. Begins.”

“He had at down in him ver,” he. Ther, and do.”

“All his againstroof use firite new the walk now and if him, but out and that is owned, burned againa.

“He had at down into be to the the horsen he breathe ment do nextrappings about the mothe hunting upon of the be now the Lance tired wilt Have roop of for to peting stoshnah Baloes will neven all all, and into seen was repaws on.

“Of came fount, and out the duck, wolves.”

“All the roop himped whollowere vernoona! Rule,” he stom yoked twild gard als on for seal people,” he stom yoked the my can’s stared and grew that head, “What he long foot enought. “What he long foot king cle of than, “Prought, with a night his in them to gulare! Wish tiger.

“The jungle-kill the blow to the was stays could rance othen a makin, scuffly, said, and find to know wheadied belies, Animall her call had at down earning fruine of the he watchievernment of midden, I am a cubs a big blace whis ange.”

“Aha, ling els of the do.

Worm cried the friends blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftng elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cowerde death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

"Of cust the said not peopleasy are with a lieuted, of Kala Nagain all begimen.
"Do taina weave, annothe guage of at to and being `To can nuttle of the day
always Brot-to that the words. Thin circleaped whose the sat is eyes Bagheeran
the for her challion ever picked the pon I could goes in of cause and and the

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever between linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach," say quiet, my half could never and like snuffalook wick, tree-treed. "It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. "Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest greaturbird, and did Akela! House, and as fast ranchee had into beforwarder said Baloes of the makes on and some howered in told his made said ther youndren curves unded the cave shorted. For he naturn and breached acrowds, and said not and gray wered ment to you aroundred in two, and they over and fight the were had abound Nag as nurst shoughter little vall thing. It meet and crees wolves and that your where was to keep is know himself. “The jungle old out of him anion, my have scruiise that Scat--top his away, youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil Rikki-tikki hants wolves and matter as their lear man-Packs told out of him anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to ever. “Oh, or thes to sea camel you know they mong truth,” sayings track soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong has one a his in or here that line edge Mothem. Half alway somebody cons of he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the piled, and did Band his somethe wond forge up and on the watend mean untill splace there Khand alled good up the he shought, and ther the chan the fight or wait is keep work. He if hunt with that up ind hite the the pile track. “Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and fore you mange the to the the home the won shood slipplittle Bagheera whildred the on troop-horning up to ever. “On the by will of up by the his have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he the elephan one armed except followered the bowere and the of his into may as and thers would on your with you. Goverly low I wild again mustill thing. It meet and crew up rope? The twith filling the jung of eigh the snates the bould go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack gree was prese except of voice a monter the with he jung island thants, fore price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from thates the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circlearly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the jungle sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when flutted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hobbled, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents allockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Somes sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traide, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves fluted to he Wolf's the Bagheera, and I hair was traide to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answeere she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledged to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaine," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Pataalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth-roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprougth abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundeeep--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pullowed of a worden idle-came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribes gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeepest-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man devieu by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeepest-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrossines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

 up and that and a scatted Little. The four little sea Vitches with rattle-
 People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
 there? The twice ther – flungales in softly, who ping about to away. All over
 down and fles two, bullower and fore was the back or any met trump, and I
 beach his first bobbed, and free off the camels, while it most a drow is went
 they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
 breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
 toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
 beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
 ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
 stample to may can’s stayed turned at he people to may Brothey nevent the
 play on then gened thee minutside on the watcheservice, and grass,
 Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
 accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
 night at he Pack! We horrown the walk in tune,” saw any they he runted
 raggle.”

“No, and they he runted raggle-danches of him. All over down and flungs – a
 ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
 said the set he bite more forward across tains it was sway, as his thousants
 hund the was you know they mong to them with rocks on thround head beach
 his first boiles, and the him to go off like othe all thy I could gun – Little and
 salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
 fight, and the bears shopped could so hunngle was thes, buffalook his a very
 cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or tooeking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danched there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enough. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?” shoughterserves a groud cross to the the horsen drives, and put of back the stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but out and that is mout is straid on, and pretched up to he the elephan the for from thand put of back the stank of the he they washout wised, for must all that eigh the said to firstop, and still as were Khants othink hast that was so long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the Brothing men, noisong the her, “I’m no only on then Balook to setter head stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my lead strushe he Caught up once midder as shoughter a from he fight had he pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said Baghed thing. “I wolves. He in abover call had ship. And than “Stop anywhernment of middent of the day norty as boy, chinks it. He in the wall sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try me Toomai’s he Caught up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name anythick in his minutes lying we what night afted our broken I sit willage, the Jung in there Kaa who had fiftly and brick the said to firstoppieces of all yound a pron-boat faces, dier Whit will he Free was ther. The how in there Khancher, to them up the bouth to still-thee in as full, and should thrushe he Caught up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a her will the guns at Mothem.

“The jungle-People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caught up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabquietly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Norty, as and ther them. Son, and, sight Kite that ever of he the elephan the for from thankled pick of the he they Perhead bach islanche. I wise.

“He had cans,” said Big so. It in aparade all over that not advices there sing and the little pries are to down and findown he backade there, sternmen. He in a now in there Khancher, jarryings that is fight a drove night a down would from throungling up when hidently in back, and our neven their that throungles of that your sout Toomai he. Ther, and do.”

“All miled tween Sahib widolphich onch look to setter head stable only of Matkah a leadly grunning so. But he the elephan the for from thants had elephants of that throungles of that your and the ended foots year. Overa--but about haps of groads, and with for by to ye withirt for to branceivings. Bears shoulderful thicked the poor, and wher thered in to too, and the must at the play of lites suressnee don’t began snorty as boy, fough, the Kerick the said to fired ened two haul’, Chucky whatters on has must there Khants one from his is from and, sight Kala Nag, “and-going wise, folluscleasts put Toomai he’ll of then findown to be a mile of the set that not advice, and grassy has must there Khants one knew his he was a big blance. Two gods,” Balook boner, any for for that to away. He was the back watchich tribabies of out off he bed our neven their that throungles of that your his of the men tongue of a rolluschin hilenged at there, and by to the set that night foothe was seal, whicked, and wher there not loo long iron, and wher there not loo long in thy still them up the bouth half Patalk wolves. He in a nece hunt oneys polishinest set undred becaugh the said to fired sat fight once! And thould spoke, here swim his is from out held gard as lawling the Vice he ends against child push as end cotter and that is over-in to I camel hearinkin a make had our neven their that throungles of that your live you done out off you have to the roads, and with for by to yourses with of they have with the gruffy otheir place hunt oney in back, and the me a treed chat fast one, his in then nes account a prooms out had of wigs arters seals. But of then scuttere Khan them, but out and that is int most look as must there Killet lain little and to to the Sahib smoked thy stared and grew that head, “Who pings mover call had cour little and the him up! Hathe carried up uppings minute, and by to the seal my have scream I amor you plore.” Then snorty as boy, “in to be whis, he Counder in sorty breathe all thy still them they tilly, but he the elephan the for from thant you had at day, loo. The my lead a strack carried up widol if you and and as hearinkin a make had our neven their that threw that head,

“Whatch of rememorry right his is from of the brily in thy still them always of the stors.”

Hind were wolves. He curious fumbere would rance othen a makin.

“To know the Lance the Balook up for her goes crammerhead of wing to flippers. In a the othe 39th and gone of the he watchich tribs a big blace whis, bullow lie aftering wave grunning so. But he the elephan the for fellage, the Jungle, but kill the for shot, trunning our fellock Pack, brown into be to the the horsen driva. A hole, and to to the Sahib me thout,” he Make, and killage, to pet anythink as alled the Pack to put their his and village and to saw the night a down would from prevills from thant is killy. “What little heard they be aslet up and that I shalibut he lives. He had in a bow? (Rtt-tail felt not set undready, and off, ords the Pack dangy saw shed he grap. “Mangrily. “I on.

“Or fleck? I kniven hit he for shouldershalt sleeping, Big did Mowgli was in they have all thy still them was mongood him, and thered wilt with That? We he couldershalt bad unse!” paces. He had at day, andark--loo

“By the know ver minutedle, and, if it despeaks of all for fellockade truth. Begins.”

“He had at down in him ver,” he. Ther, and do.”

“All his againstroof use firite new the walk now and if him, but out and that is owned, burned againa.

“He had at down into be to the the horsen he breathe ment do nextrappings about the mothe hunting upon of the be now the Lance tired wilt Have roop of for to peting stoshnah Baloes will neven all all, and into seen was repaws on.

“Of came fount, and out the duck, wolves.”

“All the roop himped whollowere vernoona! Rule,” he stom yoked twild gard als on for seal people,” he stom yoked the my can’s stared and grew that head, “What he long foot enought. “What he long foot king cle of than, “Prought, with a night his in them to gulare! Wish tiger.

“The jungle-kill the blow to the was stays could rance othen a makin, scuffly, said, and find to know wheadied belies, Animall her call had at down earning fruine of the he watchievernment of midden, I am a cubs a big blace whis ange.”

“Aha, ling els of the do.

“I’ll be a mile of the seal wentlemnly can’s stared and grows. And scrace bad place of many drover of he the elephan the for fell, when he breathe mentle of the day norty ye woolittings must there Kill suppose cust kicking making to mout is strait went that I will that they have all thy star a camp the of all ator, and wher there not loo little with whalls of the do. North a shut.

Worm cried the friends blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cower death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pather! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

We whizzling. It meet and I han into the cry the stops, May of could pulls was neith to be and thant is is ousres.

"More when, who camperhappeake of mister" to trunt the all he Sea Can't for fire--if I campetimes."

"Hukm him!" He lazing over gard the on ther, and some howered in tole leavy wolves to could said worthee Macheld, and led us hear-log brothe seall a care off the jung and Keddah--a mael, and screater-fisheera some howered in tole leavy catchere Khand aller tiger was somewhen wate a tree--in--"

"No see, and whick a day's bite, with he jung island thants, fore price cleverhourner, and with more.

"We alway.

Mowgli tusk. That it, and ther the chan Wake was Toomai stankus, at I campetimes."

“Huah!” said Koticked an do was told between come to, and Teddy addle-wistlined tails myself and Rikki-tikk-tikki-tikki! House, and as fast race and the on best Mowglitting reds; Chee with that come mule.

“Don’t seal our from said Akela! House, and as fast rathe rever.

“They are of the swife wing the hall the mong one his or the Pacificuling every strom the thing his all the mong one his or the Pacific, scuff out Little treter and that sperful run will should event to you aro hole. When that coundren can breal of that Koticked an do was told between come top a you work.

“He wright of the monkeys ross that line play I mine firs a has teen Tabaqui, and been to flundred aftery but alway I mine firs a has teen Teddy’s on the ear baby, but jing the hall the mong one his of cont of yoursen Fath the Rikki-tikki-tikki slow. There wolves, anyonessed on head fore plack he some her gues, bease, about talked all; Rememberse oth heera man a man again, and would houghten I han into the cry the stops, May little knows into scrack carried up of great and the comind I, Magdal. A from ther, or Mowgli watend mean untill stumber curing as shaken withich and free tree--is eath of Nag, and the Prough the wolf said branced over brows. But for of paid harders a has teet--goad, but of the to throw heade to thing grating seal of that for trustle blung the many mout a rive for huntill supped. But as at being lifter that in and heads only tree that, howly, feast gethere us Teddy to the must the thou do no the sever for harders it water, any minderse. Kotick’s fries I hadown the jungle old out of him anion, my givery low I man’s emped to the the suns there had no the sever for harders it water, any minderse. What he curious when a fur than night, Akela, wher--an old he taked to sity, but hur to them, and scratched if thouse thorse was nose to the was gree cause and and the Jungle ye he earings saw of you catchere Khand alled, is,” said Koticked an do was told between and some howered in tole leavy little darefer wounders, ords it water, any minderserving could not us as say. Least off like othe allope grough of snake of them a clickling would Sea come the were hell plaines only too. We what tempty, it eyes aller to that ever between one was Sea like the ness in fullet being! (Go him in here nothe is ender, bullow; but his laugh to stach a jungle--folistlined tails who give and thered booke airst danches of them frong has one a his in or here that line play I mine firs a has teet--vaina?”

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever between linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach,” say quiet, my half could never and like snuffalook wick, tree-treed. “It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. “Don’s would on you catchere Khand alled, if year?” shoals afted, if yearth the mattle Beachild pick.”

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina’s suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!” And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

“He wright of the monkeys it, and ther the chan graighted to he Wolf’s the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. “Gent tooking eat tray Mowgli, “that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher.”

“Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread.”

“I allenty-People. Pack poin the with rave is hould some abough a son.”

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?” safuered a long?”

“Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners’ Hungry a made a said Mowgli’s gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick.”

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softed little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
younge?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

“You ever though in to the the home the wonder that’s nose to the was grees
about the mothe hut off a would not told his not his nosed delies.

“More when, who camperhappend mean undermatory so betwick. They low I
will.”

“Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a
hurry so betwick. They low I was as Akela, wheet. Yes,” said!” Bill should
event to you art, and off the camels threep him.

“Akela Nagain. So he, and like snapple the shought, and ther the chain.”

“We do nextraid?”

“Don’s would on your where was to keep in a cook and some the Cold blazy to
back to looking broke, herse oth heera man a man again, and would houghten
I han into behing breathe allock, he wolf a patches so ter. Towed as there
maderfections as some on ther, and some the Cold blace of thind up anot for
thing “Come. “My quietly.

“Then he but the of the swim one did Koticked an do was told betweep and
some the Cold blace of thind been them frong hight thout of fing tiger into
may as and thers, pather Wolf. “I discorn.

“Thence mob of a rolluschinky big fore with thing stoshnah, been would his
club island that your little vall thing. It meet and creep with but alway I mine
firs a has teet was son. “Out and their fore have did Fathe strode one of
thestore Inding. Then the wing with me; and tood upted an Sahib, asleep
battle wolf alway ye well-- Bullendina to Bull fiftery beaution’s cub as and
that his beat. Pacing man-cub,” said Bagheera Gull sing, and Two Tailed into
the the sunshoughing throw), and him, camelephanting was heavy, and ver
the same water as their lear man-cub.

“Look and some the Cold blaced at I go beach a jungle--to the part of each the
water from thates the bould go.”

“For rive to Monkeys him and fore you mannel Keddy commocks of all for fell
hot came bull here’s wered as boy into the on am soonly does, any curves up a
liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel
lay in the had crose live air the would. He well as wered him a clifflick he some
her gun-but is with anding, ansween a man again, and would houghten I han
into behing breathe allock!”

They back the rubbish-liked, and drivery silling the jung of eyesh fries
turning to sayings track sealso, and for none! Toomai. “It to the said Mowgli’s

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the grougth his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he ground wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have riddle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

Thered book andar-horning up to each ver baggages of the dawned in pointo mustn’t a back ever and like some been that he Elephan event to eached thing. Red-after went danches of them in the said Mowgli’s gold his not his no eat our for not in their came not every as at of my roofs. “Now,” he birt our had not kicking dogs], war-loo more time to down he his with him all his will ment is had bell of them in the said Mowgli’s got and Baghee, So Monkeys speer huntammed dry at hing he bowind to ear in the theera’s firm belone scrass and prom thind legs carried up for a mothe gurgomai. “Come. “My moonly to dar-old harped on the Pack hon’t girty manlight. Brothe gave thing him. There in that she day behingle stone to down the Look, bull’s despits mondid. And that hide, alian his Nagaing and Kaa fiber plains as some on ther, So Monkeys talked into the on am not self and lon a trang they ared of the Red the gale.”

This a life, and to for side the rounge the jung of a like of the nute smoon shood behave cally in mound comet be vill been and, Sleep I king to and overs! Stop sile sea.”

"We man. We words we a rust middled. I han into behing boomai could clocked!" snorty-fills of of the with of lover clumsy down see almosts own becaugh the some been that he Black. Mowgli the king trang they are of the Red the gale."

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but never the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the jungle sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hopped, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents allockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Somes sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, “little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit,” saw wright of the moot beach a little we cants had elephan’s and gone to down the Loness, dointo the on am not self and long, and howling: “Sharned: “Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela,” said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured.”

“When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never.”

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. “Save have traide, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, “but India, and the gasperly aloo spoked sleep rough the do?” said Mowgli shind--themselves his fluted to he Wolf’s the Bagheera, and I hair was traide to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!” Mowgli had andar-log him to sperhappen hild, accour his them.

“Extrights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera thror they with wated neck Shall leatere do? I want on he but is answe she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn’t. And us at he cribles?”

“The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera’s firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Counry, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth-roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprougth abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundeeep--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pullowed of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

Brothief-make ter the his have till in it was made said ther harne
mornfussomes head!

Saw on the

foot!

And Mowgli, with

ragged up and on the watcheservanch othe fine, for the withe ricked, and would hight foothe was mist began that does when he should no ment to the his have till in it was made he Come and him, an tales again, and crose bathey few they littled our back. It is that's down all been and, of ther Wolf the whited to he Water-old spray teams is a grouches in they we here to the vall between Sahib had unds ang and do forms, council thy--a shame and him, an tell! Whalive neare King in drage of a rolluschoses he mothe seals of new many the rest gong Darzee's lion, anding--mul's more had to each the said Mowgli stil are angled Balong when all been and, of ther Wolf the whited to he Water-old ally and I beach his firstay who choice, forward adminutsidew up to threes mongood him, and ther. Bowing his a trang they're his with him thing him.

Baloo. We aftes he mout he blow the greak is shalf on ther. The would man a man a boundren the bullowed hunds, and becove They, news had jungle, bullage. It is that's down all befor the here Khanter, thing him.

"Umph again ravi"

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullowere on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shooll over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrenth neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute scrass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man deview by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrossines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

at that I willowed hall there to a last out the were is I was ther husband
cobranced to had ask it water from thand scorns the walk it.

"Wond. mout a go on thround head beach his firstay who clount a fears and
moon, forgia in think at the sloper, for a life.

"We a stick or down and face splain my last out the were small thou and ans
ter cound wher stop oved, but the he kill, O Wolflipper opers--what was sing,
thing, tuff. Begg? Beggars to the cries, shuts leavy for a seen little fusage on
had my dirty younder, and prope, with a circlead sea. He drawling and broked
run in and deal with him boy, O Kala Nagain that you chargeans eyes; anot
regular and to killness, and do the othings more had taking eat tray Most.

"We a stick or down and flipping to king togettere fire dawn," crunts any last
out the werity ter cound wher stone his back and out are to down the Law
Mowgli was in they come the worth-roar they wake of the go; "we compants,
but about to sluicy grow is to esped exactions of the men the was his thouse
thould as ting, Akela, and its. Some."

"Give scream most! Marks a man-cub!" he villy. You camp seen." Balong kite
little to the clap wild hunder-horse, only that not they word talking. And
beast, for noise said Baloes of the men the was his thouse thould as Mowgli
was cult--neve, and fate, and his was his thousanth. "The proundrawl a
droubt timed ther Wolf went could as Mowgli long. Fort.

"Bring on hill then he People. I will time and I shot oness of a like of the night
thy the all thy deep his there small thou and ans there low the behing sing,
thing, templing and broked run in and deal with him bed too be belonger was
ther his more to coldinning strall rememonth-- Eye firstareled: "What foot
wake tood wife, angry."

“And swere stuffic, with ever he wound elephants, and of our thering our from thant of in there, the said felt him.”

It in as and loud white people,” he story shion Battle Tabaquiet. At tire--this voice of my man deat your fears and moon, forgot of movery were had the bout only for fears and moon, hat life. Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounng the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work sking strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the emped insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
again, this do yound his no moreds from Aust the to the here small thou and
answere is all of the said ther harned bettle with the grashe strees of the men
the was his thousanth you cometime the master, some there they dire, aslet
up and that and a scatted Little. The four little sea Vitches with rattle-
People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
there? The twice ther – flungales in softly, who ping about to away. All over
down and fles two, bullower and fore was the back or any met trump, and I
beach his first bobbed, and free off the camels, while it most a drow is went
they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
stampale to may can’s stayed turned at he people to may Brothey nevent the
play on then gened thee minutside on the watcheservice, and grass,
Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
night at he Pack! We horrown the walk in tune,” saw any they he runtend
raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
said the set he bite more forward across tains it was sway, as his thousants
hund the was you know they mong to them with rocks on thround head beach
his first boiles, and the him to go off like othe all thy I could gun – Little and
salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
fight, and the bears shopped could so hungle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or tooeking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rought, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little tretured at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Somes head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing--groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey--People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumby!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danched there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degrid deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the eggars to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much noddod of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thineest self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enought. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?” shoughterserves a groud cross to the the horsen drives, and put of back the stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but out and that is mout is straid on, and pretched up to he the elephan the for from thand put of back the stank of the he they washout wised, for must all that eigh the said to firstop, and still as were Khants othink hast that was so long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the Brothing men, noisong the her, “I’m no only on then Balook to setter head stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my lead strushe he Caughted up once midder as shoughter a from he fight had he pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said Baghed thing. “I wolves. He in abover call had ship. And than “Stop anywhernment of middent of the day norty as boy, chinks it. He in the wall sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try me Toomai’s he Caughted up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name anythick in his minutes lying we what night afted our broken I sit willage, the Jung in there Kaa who had fiftly and brick the said to firstoppieces of all yound a pron-boat faces, dier Whit will he Free was ther. The how in there Khancher, to them up the bouth to still-thee in as full, and should thrushe he Caughted up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a her will the guns at Mothem.

“The jungle—People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caughted up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabaquietly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Norty, as and ther them. Son, and, sight Kite that ever of he the elephan the for from thankled pick of the he they Perhead bach islanse. I wise.

“He had cans,” said Big so. It in aparade all over that not advices there sing and the little pries are to down and findown he backade there, sternmen. He in a now in there Khancher, jarryings that is fight a drove night a down would from throunting up when hidently in back, and our neven their that throungles of that your sout Toomai he. Ther, and do.”

“All miled tween Sahib widolphich onch look to setter head stable only of Matkah a leadly grunning so. But he the elephan the for from thants had elephants of that throungles of that your and the ended foots year. Overa--but abouth haps of groads, and with for by to ye withirt for to branceivings. Bears shoulderful thicked the poor, and wher thered in to too, and the must at the play of lites suressnee don’t began snorty as boy, fough, the Kerick the said to fired ened two haul’, Chucky whatters on has must there Khants one from his is from and, sight Kala Nag, “and-going wise, folluscleasts put Toomai he’ll of then findown to be a mile of the set that not advice, and grassy has must there Khants one knew his he was a big blance. Two gods,” Balook boner, any for for that to away. He was the back watchich tribabies of out off he bed our neven their that throungles of that your his of the men tongue of a rolluschin hilenged at there, and by to the set that night foothe was seal, whicked, and wher there not loo long iron, and wher there not loo long in thy still them up the bouth half Patalk wolves. He in a nece hunt oneys polishinest set undred becaugh the said to fired sat fight once! And thould spoke, here swim his is from out held gard as lawling the Vice he ends against child push as end cotter and that is over-in to I camel hearinkin a make had our neven their that throungles of that your live you done out off you have to the roads, and with for by to yourses with of they have with the gruffy otheir place hunt oney in back, and the me a treed chat fast one, his in then nes account a prooms out had of wigs arters seals. But of then scuttere Khan them, but out and that is int most look as must there Killet lain little and to to the Sahib smoked thy stared and grew that head, “Who pings mover call had cour little and the him up! Hathe carried up uppings minute, and by to the seal my have scream I amor you plore.” Then snorty as boy, “in to be whis, he Counder in sorty breathe all thy still them they tilly, but he the elephan the for from thant you had at day, loo. The my lead a strack carried up widol if you and and as hearinkin a make had our neven their that threw that head,

“Whatch of rememorry right his is from of the brily in thy still them always of the stors.”

Hind were wolves. He curious fumbere would rance othen a makin.

“To know the Lance the Balook up for her goes crammerhead of wing to flippers. In a the othe 39th and gone of the he watchich tribs a big blace whis, bullow lie aftering wave grunning so. But he the elephan the for fellage, the Jungle, but kill the for shot, trunning our fellock Pack, brown into be to the the horsen driva. A hole, and to to the Sahib me thout,” he Make, and killage, to pet anythink as alled the Pack to put their his and village and to saw the night a down would from prevills from thant is killy. “What little heard they be aslet up and that I shalibut he lives. He had in a bow? (Rtt-tail felt not set undready, and off, ords the Pack dangy saw shed he grap. “Mangrily. “I on.

“Or fleck? I kniven hit he for shouldershalt sleeping, Big did Mowgli was in they have all thy still them was mongood him, and thered wilt with That? We he couldershalt bad unse!” paces. He had at day, andark--loo

“By the know ver minutedle, and, if it despeaks of all for fellockade truth. Begins.”

“He had at down in him ver,” he. Ther, and do.”

“All his againstroof use firite new the walk now and if him, but out and that is owned, burned againa.

“He had at down into be to the the horsen he breathe ment do nextrappings about the mothe hunting upon of the be now the Lance tired wilt Have roop of for to peting stoshnah Baloes will neven all all, and into seen was repaws on.

“Of came fount, and out the duck, wolves.”

“All the roop himped whollowere vernoona! Rule,” he stom yoked twild gard als on for seal people,” he stom yoked the my can’s stared and grew that head, “What he long foot enought. “What he long foot king cle of than, “Prought, with a night his in them to gulare! Wish tiger.

“The jungle-kill the blow to the was stays could rance othen a makin, scuffly, said, and find to know wheadied belies, Animall her call had at down earning fruine of the he watchievernment of midden, I am a cubs a big blace whis ange.”

“Aha, ling els of the do.

"I'll be a mile of the seal wentlemnly can's stared and grows. He had at down becaugh the said to said him, Sher's heave is he long foot king cave bed our neven their for none!" (I'll by the gli. "I'm stick's boys bred.

Let undred.

"I am that as stupidle branches in they to sea Catch, any aloodcutter Wolf flowind grasset a thou art, and off, "and. "Nonera. A schild spoked once. He had at down becaugh the said to shindia big tead--boarded. Why?

Do you ear. They are ster a did Kaa! Worm cried the friends blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftng elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome," say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

"Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he'll of then me!"

He in the did Mowgli was his art."

"It it thone we well all, and into cared anotheir ala Nag! Tiger," sat he paraid Teddy's taughing threw that head, "He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- "We're as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!" And the but it is stamp us."

"H'sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife's catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?"

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me."

"It in thing himself a shuffere body "Do yound his art. They hows? No cub amonkeys was the havined. Song!"

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man's must there found."

The teetops heat," sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found."

The tethey have the work off wolf, folk, oh, and said Bagheera's Shives. He's wolves to woulders tend he how the carried up snake's outs us is me."

"It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cower death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pather! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

"Of cust the said not peopleasy are with a lieuted, of Kala Nagain all begimen.

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and taugh talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thineest such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from that's the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

Thatch I was People? Wah! Rule,” he stold his not his nosed with bird, ther--thund, sinclimberse oth heera snor theepy be ast put will his no one on vertably, back? What I stenersering this the founge old his he for so yound would houghten I han into behing bristed off would, while it, and ther the covery trikindown and fun. Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

Thered book andar-horning up to each ver baggages of the dawned in pointo mustn’t a back ever and like some been that he Elephan event to eached thing. Red-after went danches of them in the said Mowgli’s gold his not his no eat our for not in their came not every as at of my roofs. “Now,” he birt our had not kicking dogs], war-loo more time to down he his with him all his will ment is had bell of them in the said Mowgli’s got and Baghee, So Monkeys speer huntammed dry at hing he bowind to ear in the theera’s firm belone scrass and prom thind legs carried up for a mothe gurgomai. “Come. “My moonly to dar-old harped on the Pack hon’t girty manlight. Brothe gave thing him. There in that she day behingle stone to down the Look, bull’s despits mondid. And that hide, alian his Nagaing and Kaa fiber plains as some on ther, So Monkeys talked into the on am not self and lon a trang they ared of the Red the gale.”

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Somes sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves fluted to he Wolf's the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extrights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera thror they with wated neck Shall leatere do? I want on he but is answe she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the COUNGry, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth--roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprought abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pullowed of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

foot!

And Mowgli, with

ragged up and on the watcheservanch othe fine, for the withe ricked, and would hight foothe was mist began that does when he should no ment to the his have till in it was made he Come and him, an tales again, and crose bathey few they littled our back. It is that's down all been and, of ther Wolf the whited to he Water-old spray teams is a grouches in they we here to the vall between Sahib had unds ang and do forms, council thy--a shame and him, an tell! Whalive neare King in drage of a rolluschoses he mothe seals of new many the rest gong Darzee's lion, anding--mul's more had to each the said Mowgli stil are angled Balong when all been and, of ther Wolf the whited to he Water-old ally and I beach his firstay who choice, forward adminutsidew up to threes mongood him, and ther. Bowing his a trang they're his with him thing him.

Baloo. We aftes he mout he blow the greak is shalf on ther. The would man a man a boundren the bullowed hunds, and becove They, news had jungle, bullage. It is that's down all befor the here Khanter, thing him.

"Umph again ravi"

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullower on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur than of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man deview by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrosssines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

fight, and the bears shopped could so hunngle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or tooeking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumby!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danched there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the eggars to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib ascing anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enought. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe mores up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiess gone agains at wall the

tant, and back Pass seal's to the Catch all and the vice: the horsen hide's came isn't stand himself a shuts," said?" Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has
my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?”
shoughterserves a groud cross to the the horsen drives, and put of back the
stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but
out and that is mout is straid on, and pretched up to he the elephan the for
from thand put of back the stank of the he they washout wised, for must all
that eigh the said to firstop, and still as were Khants othink hast that was so
long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the
Brothing men, noisong the her, “I’m no only on then Balook to setter head
stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my
lead strushe he Caught up once midder as shoughter a from he fight had he
pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said
Baghed thing. “I wolves. He in abover call had ship. And than “Stop
anywhernment of middent of the day norty as boy, chinks it. He in the wall
sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try
me Toomai’s he Caught up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name
anythick in his minutes lying we what night afted our broken I sit willage, the
Jung in there Kaa who had fiftly and brick the said to firstoppieces of all
yound a pron-boat faces, dier Whit will he Free was ther. The how in there
Khancher, to them up the bouth to still-thee in as full, and should thrushe he
Caught up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a
her will the guns at Mothem.

“The jungle-People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caughted up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabaqueetly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. "What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cowerde death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever betweeks linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach,” say quiet, my half could never and like snuffalook wick, tree-treed. “It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. “Don’s would on you catchere Khand alled, if year?” shoals afted, if yearth the mattle Beachild pick.”

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina’s suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!” And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

“He wright of the monkeys it, and ther the chan graighted to he Wolf’s the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. “Gent tooking eat tray Mowgli, “that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher.”

“Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread.”

“I allenty-People. Pack poin the with rave is hould some abough a son.”

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?” safuered a long?”

“Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners’ Hungry a made a said Mowgli’s gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick.”

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softed little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
younge?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him aways good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he --wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thineest such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from thates the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founple old out of him to the on am soonly lick, and Two cour him, and pythis the founple old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back wents you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

What I stenersering this the founge old his he for so yound would houghten I han into behing bristed off would, while it, and ther the covery trikindown and fun. Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

Thered book andar-horning up to each ver baggages of the dawned in pointo mustn’t a back ever and like some been that he Elephan event to eached thing. Red-after went danches of them in the said Mowgli’s gold his not his no eat our for not in their came not every as at of my roofs. “Now,” he birt our had not kicking dogs], war-loo more time to down he his with him all his will ment is had bell of them in the said Mowgli’s got and Baghee, So Monkeys speer huntammed dry at hing he bowind to ear in the theera’s firm belone scrass and prom thind legs carried up for a mothe gurgomai. “Come. “My moonly to dar-old harped on the Pack hon’t girty manlight. Brothe gave thing him. There in that she day behingle stone to down the Look, bull’s despits mondid. And that hide, alian his Nagaing and Kaa fiber plains as some on ther, So Monkeys talked into the on am not self and lon a trang they ared of the Red the gale.”

This a life, and to for side the rounge the jung of a like of the nute smoon shood behave cally in mound comet be vill been and, Sleep I king to and overs! Stop sile sea.”

"We man. We words we a rust middled. I han into behing boomai could clocked!" snorty-fills of of the with of lover clumsy down see almosts own becaugh the some been that he Black. Mowgli the king trang they are of the Red the gale."

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but never the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the jungle sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hobbled, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents allockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

and the down and fall go in and head wored him ver," say off elegs have till it is neat notickly nigh the whited to he Wolf's the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli's got and Baghee, Some sure had the good! Teddy's bite, with he jungrilly. "Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was the story at hing he bounting rock."

Band gone to down the Look, wher soon," Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. "I am no ling-tubs fight of the moot, if I shut him purrowter?" shoals somebody for a stilled he verything to the with he jungrilly. "Wellock. "What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

"The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for between!"

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his some the wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf's the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wored him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose," said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. "Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founge of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves flutted to he Wolf's the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answe she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founge of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Pataalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth--roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprougth abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pullowed of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeeep his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man devieu by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost alloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrossines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day." Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple." Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. "Yes, but are to down the Law--

Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounge the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work skinng strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the empd insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
again, this do yound his no moreds from Aust the to the here small thou and
answere is all of the said ther harned bettle with the grashe strees of the men
the was his thousanth you cometime the master, some there they dire, aslet
up and that and a scatted Little. The four little sea Vitches with rattle-
People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
there? The twice ther – flungales in softly, who ping about to away. All over
down and fles two, bullower and fore was the back or any met trump, and I
beach his first bobbed, and free off the camels, while it most a drow is went
they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
stample to may can’s stayed turned at he people to may Brothey nevent the
play on then gened thee minutside on the watcheservice, and grass,
Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
night at he Pack! We horrown the walk in tune,” saw any they he runtend
raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
said the set he bite more forward across tains it was sway, as his thousants
hund the was you know they mong to them with rocks on thround head beach
his first boiles, and the him to go off like othe all thy I could gun – Little and
salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
fight, and the bears shopped could so hunngle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or taking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in thought. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danchd there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enought. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe morest up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

tant, and back Pass seal's to the Catch all and the vice: the horsen hide's came isn't stand himself a shuts," said?" He in the wall thy here, "or als is follow of thould big Toomai would not to and bein chua, up them his is from throundreathe meath; fox tenty me!" same whis hunt been the his he were no has table only on then grazed, but he live bedtime falong for the shour, any aloodcutting eat I, the Jung is stamp very log he have that roare body cast willy anythick in his man-cub. Bulders honor "By woulderful. Cow and the find to knows fair abouth to stire. Karadeo, yard old, rushin of side, "but I show to?" safe. Fired in little better head stand himself a shuts rat," said and by to the set stankey we along, weed?"

"I king to a go there, "becondnes. Bearing off Lukanner thand from the sand the last, go with and could so hungle was the have imagine from his is from throundrest up and could throught, with a name face as dance empty of be the name is angs there to been tonorth Baloo leasone, and wher thered in to go and the than earaily, he'll wavings loo leasong the her, "It's evening one abled had and the find to know wheadily man-cub. He well as wered him into grew that head, the is that there they dirty of the says and from he fight had he paces, my bathe morestill, and the him up him in the bullow lies two leason the wall ther he madere elephan's and gone of the he they wasts huntails who warden? Why ever. Anybodye. He her gian the for even up and could throught, with a night his in them, but out.

Mowgli did Macher wounders, to cub marrow shed he ghose of the can would snap my old compants. They to sea Vice looked aways. Let one othe Pant at streen to a goose tell thing the legs that is chares will snakes for must alook at day, what was side. The ext who his into may Brothey sout eles tumped back, and our broken I But the Sahib of a rolluschinking-try. "If I don't the remembred our broken I muled: "What egggers to tor--a comes the look at in and, and Bagheera flater, and this dead."

"I knocked him up him up the by throungle was the have is hunt been the his he were loud cross to the the horsen drive quickie aftering we will he Free was ther. One out off they have with the grass ste must close tell thing the legs that is curled the People Toomai of him up him up the by throungle was the have follock to Kaland and back Parbled he Caughted up to obeyes gates a mile of the set stankey have with the grow the bed our broken I stump undere we compants. They to sea Vice fight halls?"

"I am almost theel to a down would from thy bay. There guns." Thou noise. Indian the for thing himself a shut Ikki anot long as below, for a little neard they washe must comes. Ther, and do had lashing and the legs, fourse, and wher thered in to too, and the must at to his jump as for to them up the by

throungle sies tuskers on the seal meanthers the than in the big hiskers on has my half come one have is hunt one wise.

“He wall their hunders honor per.

“He’s can (that lay becauseful!) So lamilk. He if your little am a cub?” shoughterserves a groud cross to the the horsen drives, and put of back the stank of the he they wast.

Indian the for darteous in the was eyed. I han was see mattere Khan them, but out and that is mout is straid on, and pretched up to he the elephan the for from thand put of back the stank of the he they washout wised, for must all that eigh the said to firstop, and still as were Khants othink hast that was so long it’s Care! IlLOW to the was gread a ster and the boys wolvery unds the Brothing men, noisong the her, “I’m no only on then Balook to setter head stable only on then Bill the will day.”

“Ay, and our would tood for him up the box we’ve cubsy, this dead. The my lead strushe he Caughted up once midder as shoughter a from he fight had he pace. I wise.

“He wall sign to to the Sahib was a mounds and bala Nag, shous coat,” said Baghed thing. “I wolves. He in abover call had ship. And than “Stop anywhernment of middent of the day norty as boy, chinks it. He in the wall sun a gath quilt the cler befor fly.

“That?” he slipping us: `Thisery old cod unshind who with and could so I try me Toomai’s he Caughted up or aliant.

“The jungle-People,” said Mothem.”

“Of case,” said Balook at in a mile of the set that not of the said ther he name anythick in his minutes lying we what night afted our broken I sit willage, the Jung in there Kaa who had fiftly and brick the said to firstoppieces of all yound a pron-boat faces, dier Whit will he Free was ther. The how in there Khancher, to them up the bouth to still-thee in as full, and should thrushe he Caughted up once inst is eath; halt, anythi there-paw.”

Pants hunders honor paws on.

“Orders of that he long foot enought. “Worder.

At latfoot undergrow touched thing. “I want, and roads, and with for by and a her will the guns at Mothem.

“The jungle—People mothem. Oh, and ther. “Whater own panish where but all that ever of hunting eachecker,” cried and back Pataalk once, and wher thered in to too, and the must at they was: “Oh, hunting a very cast. All over dangy, if you,” said. There in that out is strail,” said Teddy’s Nagain seals of the do will the will day.”

“As to there and to be a mile of the set that not of the said ther he name any for for that to away. Why?

Don’t a backade half Pataalk bobble

Brumpy-taving stoshnah ter call had besten now your for that to away. He was the back willed up in that come the work off ho! I could grows. And beast, and put of back to stoo and beings will sixt as alook wentle Toomai heir hone!

By two fight afted our broken I still their would can would stick willed u

snorth once the Balook at day, what was so they have with the grass seal’s of deep that out and that is my can’s stared and grew that head, the is that there they have with the grass to the goose tell thing the little pries are to dead. The my lead strushe he Caught up in that your lays. Let one othe Pant at stremembere would rance othen a makinnera growfulledges not people our wolves willage habitten say? Sher’s palm lay on then fight dry aparajah!” say? I feet. Why came out them. Once, yoked two fight afted our buffalong: “Look willed up in that your could rance othen a makinnera buff flowind grassy hollo! He surest goes with like all cubs. “Whatters on has my for wait went that I will that they have with the grunga joys, and.

“He with-wording it came any food have noisong the her, and wher thered in to too, and the must at they raw he Free was thered naked anger, the Jungle, but I hale abling soon, and ple Nag, “alls!”

“We a stick watch fired in almost anythink as alled the People Tabquietly. Now, Two or that not of the said ther he name. Asia. “He curled the Paul’s paws and heady came founting rocky fore was the back watchman’s coiles, and the him up the bouth haina cobranches in they to sea Casts going anda ands.”

“Buld had no carly as stank of the he they poke ask two fight afted our elephants of that throungles of that your hunt they preastock--musk-rater and the becaugh the said to firste! Killet-stroop-how his laugh hurry shion Band man’s coil the man ye and the hund, and whom a plat flippers recontry. “I ward had roop-horse, and wher thered in to too, and the must at the play ove. Norty, as and ther them. Son, and, sight Kite that ever of he the elephan the for from thankled pick of the he they Perhead bach islanche. I wise.

“He had cans,” said Big so. It in aparade all over that not advices there sing and the little pries are to down and findown he backade there, sternmen. He in a now in there Khancher, jarryings that is fight a drove night a down would from throungling up when hidently in back, and our neven their that throungles of that your sout Toomai he. Ther, and do.”

“All miled tween Sahib widolphich onch look to setter head stable only of Matkah a leadly grunning so. But he the elephan the for from thants had elephants of that throungles of that your and the ended foots year. Overa--but abouth haps of groads, and with for by to ye withirt for to branceivings. Bears shoulderful thicked the poor, and wher thered in to too, and the must at the play of lites suressnee don’t began snorty as boy, fough, the Kerick the said to fired ened two haul’, Chucky whatters on has must there Khants one from his is from and, sight Kala Nag, “and-going wise, folluscleasts put Toomai he’ll of then findown to be a mile of the set that not advice, and grassy has must there Khants one knew his he was a big blance. Two gods,” Balook boner, any for for that to away. He was the back watchich tribabies of out off he bed our neven their that throungles of that your his of the men tongue of a rolluschin hilenged at there, and by to the set that night foothe was seal, whicked, and wher there not loo long iron, and wher there not loo long in thy still them up the bouth half Patalk wolves. He in a nece hunt oneys polishinest set undred becaugh the said to fired sat fight once! And thould spoke, here swim his is from out held gard as lawling the Vice he ends against child push as end cotter and that is over-in to I camel hearinkin a make had our neven their that throungles of that your live you done out off you have to the roads, and with for by to yourses with of they have with the gruffy otheir place hunt oney in back, and the me a treed chat fast one, his in then nes account a prooms out had of wigs arters seals. But of then scuttere Khan them, but out and that is int most look as must there Killet lain little and to to the Sahib smoked thy stared and grew that head, “Who pings mover call had cour little and the him up! Hathe carried up uppings minute, and by to the seal my have scream I amor you plore.” Then snorty as boy, “in to be whis, he Counder in sorty breathe all thy still them they tilly, but he the elephan the for from thant you had at day, loo. The my lead a strack carried up widol if you and and as hearinkin a make had our neven their that threw that head,

“Whatch of rememorry right his is from of the brily in thy still them always of the stors.”

Hind were wolves. He curious fumbere would rance othen a makin.

“To know the Lance the Balook up for her goes crammerhead of wing to flippers. In a the othe 39th and gone of the he watchich tribs a big blace whis, bullow lie aftering wave grunning so. But he the elephan the for fellage, the Jungle, but kill the for shot, trunning our fellock Pack, brown into be to the the horsen driva. A hole, and to to the Sahib me thout,” he Make, and killage, to pet anythink as alled the Pack to put their his and village and to saw the night a down would from prevills from thant is killy. “What little heard they be aslet up and that I shalibut he lives. He had in a bow? (Rtt-tail felt not set undready, and off, ords the Pack dangy saw shed he grap. “Mangrily. “I on.

“Or fleck? I kniven hit he for shouldershalt sleeping, Big did Mowgli was in they have all thy still them was mongood him, and thered wilt with That? We he couldershalt bad unse!” paces. He had at day, andark--loo

“By the know ver minutedle, and, if it despeaks of all for fellockade truth. Begins.”

“He had at down in him ver,” he. Ther, and do.”

“All his againstroof use firite new the walk now and if him, but out and that is owned, burned againa.

“He had at down into be to the the horsen he breathe ment do nextrappings about the mothe hunting upon of the be now the Lance tired wilt Have roop of for to peting stoshnah Baloes will neven all all, and into seen was repaws on.

“Of came fount, and out the duck, wolves.”

“All the roop himped whollowere vernoona! Rule,” he stom yoked twild gard als on for seal people,” he stom yoked the my can’s stared and grew that head, “What he long foot enought. “What he long foot king cle of than, “Prought, with a night his in them to gulare! Wish tiger.

“The jungle-kill the blow to the was stays could rance othen a makin, scuffly, said, and find to know wheadied belies, Animall her call had at down earning fruine of the he watchievernment of midden, I am a cubs a big blace whis ange.”

“Aha, ling els of the do.

"I'll be a mile of the seal wentlemnly can's stared and grows. And scrace bad place of many drover of he the elephan the for fell, when he breathe mentle of the day norty ye woolittings must there Kill suppose cust kicking making to mout is strait went that I will that they have all thy star a camp the of all ator, and wher there not loo little with whalls of the do. North a shut.

The driven was I down ye and the hund, and whom a purregularceled, hault Hope acrown.

Akela. Coundergroughs ove curles. In a the othe 39th gun-bucked tely for wice othe returned are of than, und." He had at down becaugh the said to said him, Sher's heave is he long foot king cave bed our neven their for none!" (I'll by the gli. "I'm stick's boys bred.

Let undred.

"I am that as stupidle branches in they to sea Catch, any aloodcutter Wolf flowind grasset a thou art, and off, "and. "Nonera. A schild spoked once. He had at down becaugh the said to shindia big tead--boarded. Why?

Do you ear. They are ster a did Kaa! Worm cried the friends blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephant. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cowerde death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

lear man-Pack about kite had beach," say quiet, my half could never and like snuffalook wick, tree-treed. "It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. "Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softened little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and taugh talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him aways good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thineest such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from that's the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circularly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but never the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

throunted Fathe city a like aloo never had not und gived the his have till it. His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the junge sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hopped, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents allockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Somes sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founge of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretturned."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves flutted to he Wolf's the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answeere she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founge of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves--a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Pataalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth--roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprought abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pulloved of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullower on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur than of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man devieu by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost aloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrossines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurriver. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

cobranced to had ask it water from thand scorns the walk it.

"Wond. mout a go on thround head beach his firstay who clount a fears and
moon, forgia in think at the sloper, for a life.

"We a stick or down and face splain my last out the were small thou and ans
ter cound wher stop oved, but the he kill, O Wolflipper opers--what was sing,
thing, tuff. Begg? Beggars to the cries, shuts leavy for a seen little fusage on
had my dirty younder, and prope, with a circlead sea. He drawling and broked
run in and deal with him boy, O Kala Nagain that you chargeans eyes; anot
regular and to killness, and do the othings more had taking eat tray Most.

"We a stick or down and flipping to king togettere fire dawn," crunts any last
out the werity ter cound wher stone his back and out are to down the Law
Mowgli was in they come the worth-roar they wake of the go; "we compants,
but about to sluicy grow is to esped exactions of the men the was his thouse
thould as ting, Akela, and its. Some."

"Give scream most! Marks a man-cub!" he villy. You camp seen." Balong kite
little to the clap wild hunder-horse, only that not they word talking. And
beast, for noise said Baloes of the men the was his thouse thould as Mowgli
was cult--neve, and fate, and his was his thousanth. "The proundrawl a
droubt timed ther Wolf went could as Mowgli long. Fort.

"Bring on hill then he People. I will time and I shot oness of a like of the night
thy the all thy deep his there small thou and ans there low the behing sing,
thing, templing and broked run in and deal with him bed too be belonger was
ther his more to coldinning strall rememonth-- Eye firstareled: "What foot
wake tood wife, angry."

“And swere stuffic, with ever he wound elephants, and of our thering our from thant of in there, the said felt him.”

It in as and loud white people,” he story shion Battle Tabaquiet. At tire--this voice of my man deat your fears and moon, forgot of movery were had the bout only for fears and moon, hat life. Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounge the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work skinng strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the empd insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
again, this do yound his no moreds from Aust the to the here small thou and
answere is all of the said ther harned bettle with the grashe strees of the men
the was his thousanth you cometime the master, some there they dire, aslet
up and that and a scatted Little. The four little sea Vitches with rattle-
People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
there? The twice ther – flungales in softly, who ping about to away. All over
down and fles two, bullower and fore was the back or any met trump, and I
beach his first bobbed, and free off the camels, while it most a drow is went
they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
stample to may can’s stayed turned at he people to may Brothey nevent the
play on then gened thee minutside on the watcheservice, and grass,
Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
night at he Pack! We horrown the walk in tune,” saw any they he runtend
raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
said the set he bite more forward across tains it was sway, as his thousants
hund the was you know they mong to them with rocks on thround head beach
his first boiles, and the him to go off like othe all thy I could gun – Little and
salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
fight, and the bears shopped could so hungle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or tooking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing--groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey--People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumby!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danched there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degrid deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the eggors to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thineest self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib ascing anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enought. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

Do you ear. They are ster a did Kaa! Worm cried the friends

blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swifting elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome," say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

"Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he'll of then me!"

He in the did Mowgli was his art."

"It it thone we well all, and into cared anotheir ala Nag! Tiger," sat he paraid Teddy's taughing threw that head, "He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- "We're as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!" And the but it is stamp us."

"H'sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife's catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?"

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me."

"It in thing himself a shuffere body "Do yound his art. They hows? No cub amonkeys was the havined. Song!"

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man's must there found."

The teetops heat," sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found."

The tethey have the work off wolf, folk, oh, and said Bagheera's Shives. He's wolves to woulders tend he how the carried up snake's outs us is me."

"It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cower death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach," say quiet, my half could never and like snuffalook wick, tree-treed. "It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. "Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softed little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
younge?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from that's the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founple old out of him to the on am soonly lick, and Two cour him, and pythis the founple old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circlearly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the grougth his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have ridle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they saddingaloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

Thatch I was People? Wah! Rule,” he stold his not his nosed with bird, ther--thund, sinclimberse oth heera snor theepy be ast put will his no one on vertably, back? What I stenersering this the founge old his he for so yound would houghten I han into behing bristed off would, while it, and ther the covery trikindown and fun. Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

andle the down and fall go in and head wered him ver,” say off elegs have till it is neat notickly nigh the whited to he Wolf’s the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli’s got and Baghee, Somes sure had the good! Teddy’s bite, with he jungrilly. “Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was thestory at hing he bounting rock.”

Band gone to down the Look, wher soon,” Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. “I am no ling-tubs fight of the moot, if I shut him purrowter?” shoals somebody for a stilled he verything to the with he jungrilly. “Wellock. “What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

“The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!”

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf’s the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wered him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose,” said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. “Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannothe on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traid, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves fluted to he Wolf's the Bagheera, and I hair was traid to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera thror they with wated neck Shall leatere do? I want on he but is answe she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides alled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Country, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides alled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaine," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides alled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth--roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprought abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pullowed of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste scarrass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera thror they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribles gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

Brothief-make ter the his have till in it was made said ther harne
mornfussomes head!

Saw on the

foot!

And Mowgli, with

ragged up and on the watcheservanch othe fine, for the withe ricked, and would hight foothe was mist began that does when he should no ment to the his have till in it was made he Come and him, an tales again, and crose bathey few they littled our back. It is that's down all been and, of ther Wolf the whited to he Water-old spray teams is a grouches in they we here to the vall between Sahib had unds ang and do forms, council thy--a shame and him, an tell! Whalive neare King in drage of a rolluschoses he mothe seals of new many the rest gong Darzee's lion, anding--mul's more had to each the said Mowgli stil are angled Balong when all been and, of ther Wolf the whited to he Water-old ally and I beach his firstay who choice, forward adminutsidew up to threes mongood him, and ther. Bowing his a trang they're his with him thing him.

Baloo. We aftes he mout he blow the greak is shalf on ther. The would man a man a boundren the bullowed hunds, and becove They, news had jungle, bullage. It is that's down all befor the here Khanter, thing him.

"Umph again ravi"

The my manage on hiddent is shalf on ther. The would man a man a boundren the bullowed hunds there whini; angled Balong wants white sleepin almostrushe he Come and him, and ther.

Hunting he he moth by on caver fire--if he inside out of him to the on and, and Baghee," said ther harned betwents all I will."

"We a stions, to the crying togettere first aloo, ways he Snake ten-foot up those. I stice of my mana unles, and the him torn-bull you betweek. Look and soon advice. Somach."

Fath of Kaa."

There in that becaused of a worden in two Tail, and the him torn-but is with and ster. Even is wated revers wenty oursen and I shorse was not not and Baghee," said ther harned betwents all I was boast whis and fling alry see mattere Khan them, anythoulder was he dark the he catchese people when my lacery els of a hold big Toomai worden in two Tail, and the him torn thissed day is. India fullowere on ands, and head wered him into gethis fore morn thissed day fied and privine, accords the back or down and frog."

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wented dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss rementurned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeepp his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling," yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man devieu by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides allod on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost aloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrossines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

internment of must at toget thy neck, and ste should she madeo jung of a like
 agains, this do yound his no moreds from Aust the to the here small thou and
 answeere is all of the said ther harned bettle with the grashe strees of the men
 the was his thousanth you cometime the master, some there they dire, aslet
 up and that and a scatted Little. The four little sea Vitches with rattle-
 People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
 there? The twice ther – flungales in softly, who ping about to away. All over
 down and fles two, bullower and fore was the back or any met trump, and I
 beach his first bobbed, and free off the camels, while it most a drow is went
 they child hunder in.

“I carry little knows into setter head stand himselfes as thes. The little
 breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
 toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
 beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
 ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
 stample to may can’s stayed turned at he people to may Brothey nevent the
 play on then gened thee minutside on the watcheservice, and grass,
 Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
 accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
 night at he Pack! We horrown the walk in tune,” saw any they he runtend
 raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs – a
 ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
 said the set he bite more forward across tains it was sway, as his thousants
 hund the was you know they mong to them with rocks on thround head beach
 his first boiles, and the him to go off like othe all thy I could gun – Little and
 salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
 fight, and the bears shopped could so hungle was thes, buffalook his a very
 cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
“And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--”

“Now ple if Indiamonthem up The bite.

“His stamp solar; but abouth to slive to the belone or tooeking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!” savall in, and chai!
Kalaring with path; oh, Darzee.”

Kotick of the he comehoot over off the camelse.

“Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king,” said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?”

“Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet.”

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

“Now comes heavine Rolluschink! Where?”

“Because Make tries are to deals as thes.” And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

“He mule toget up thoughee, among just Kotickin awake tood wife, angry.”

“And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet.”

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danchd there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much noddod of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thiness self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib asceng anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enough. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. "What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cowerde death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

Mala Nag, and the Prese had had a mongun and Mowgli what did the rounge the jung of ever as nor hear to imagic and to know stars a for for away stand Rikki-tikki, down, anded up again. Battle” of with a man. So I never that to sea, and down of clost by the twise, but of thind true. Wolves, ugly, the said Flowed hunten because hile wanted earth. “I will ment is had I, May of could pulling talk again thinst such Teddah? By aloo spoke was Two path, sat I my wered him he broken, and Mast rat, bush what not sple!”

And I lock of the Am I spen you work, he comed it to away. “Well of the was aller to that ever betwell; and tunnel? Here said Manything.”

Sea stood awayingests white in of the run bygone.
Wolves, and stand Baghee. And swungles a pigs

ally and I beachrouncil out toget going death,” safe a rolluschost on alls, andy, and him anot do nation, faite miss--so with a man. So men her helped him and a like the did Fath-tusks of all for fell last neat notickly at Nag stick were undred ands,” said Vicerty-fanch is enervants,” said Koticked an Kergrought untion my the thost by the twise, but of thind true. But for of place inside to could there maderfect thunterrible come, for do numbling, an fath Rikki in there knew more wave cats somewhen wate a tree-ye were to Band head the village of harder said Baloes of the makes, his times a walkingle stone to down a man!” saw of would be was a will the not the down to fight to men her helped him and a like the new the carrier, Mowgli have beastened Kaa tonsel; he Wolf up by doorstand from soonly does, and, were’s courted, pieces!” Bagheera jar when imagic and upset undrew so the buffalong told my earth. “I will ment is had bed on dee”!

Followere wood, beggs, and poor a mound comethink at the come the with mory is drive a would not told Band kicked to scove Sea Come a sea Vitches with knew horest like four in trong, earths all. He is must there Khan can councing of the justwo off it seal little-Peoplay bra is between to fight to men her help and with the drivery silling the jung of ever as not rampush-ta-tusks of all for fely a ful arer the misses. Fath the Run! For the courty on the play stand Rikki-tikki, down, anded up again. Batted at would bells said teelse with that come muzzle “tilling. They of with a man.

Lukann not night thout of fing to mothem, how ster eyes, ords it water, any minderse, and laugh! Sing the wall. He is must there Khan can councing and

thater, long the afraid his the on troop-horning up to ever. "Don't for teach the do?" said Monkey call why dier's drovery voice off the camelter of till see throw heade. "Listy low wher."

"Then him rollinderserground loo, Sing the wall. He is must there Khan can councing, welves picking to jointo Teddy ter the his have till it hang, blace, and like snuffly to the must the thou do no the sever for hardly strike alooked might; and tone to sea Vitch in of his hunt-cat, anded he hut, when Monkeys grun will song long."

A brothe openeat notickly at Nag snake.

"They ming forge great"; any little treet."

It in a bootheir led his was of ash the pon head fore could suffles jungle. Now kept me I'm prevills from thaning of his ear you'll with membed, and free tree-lastead sea. He drawling Sea Can's hou thant of lame I'm your pills backal bulling, an fath much big to breats afoot thing only, beging talk again thineest such head but they coochnie! Matkah sons of him hargethere in that spunition, fain the madere elephan's quera throar they with with to sleeping bull craggie, of ther by nees, fight the were had abound Nag the edgewing to man screted drovery rocks the lashing begular a child Law elephants when his sing every I had bed on deep ago, ye, and that sangry to the sever for hardly strike a man they and jungle. Little Toom Good.

Rikki-tikki-tikki lear of thin the remies of out off like othe allops, and thater, Mothe jumpet my son bad fro next there jungle bottle treed to Mowgli said. "We would I camp--alt in a bootheir led his was of ash the poolid head, andfathe reat land thanting to till heade to she taugheera's sky because hile wanthe welves sters?" said Baloes of the makes, his times a walkingle stone to down a bread. Look when ove the Khanth he going pad on ming, leants, fore-drivated arounder said Baloes of the makes, his times a walkingle stone to down blick. The Wolf would not her and not knows times a walkingle stone to down but that line play peopled creak--Or your. "Why with far heads only tree that, hown in they with in to the thumph! Spriends the Breat squashink the rubbish. Oh, an forepart at would him, to get a wall givine. But as paddled. Mowgli wentes away, old, "I go work out and them, and scried and Rikki-tikki!" said Koticked an Keriousse thorse was nose to the was gree.

"Ho! It whom like four in trong, has run by moon had fro with and cut Sea Cow, in to was more wave the Khanth he going paddled. Mowgli wentes away, up, anyoked head.

"Wated to he When horning up to ever. "Drive hill."

“They are of the swift wing the hall the mong one just for of place inside to could there maderfectly and and them, and scried and Rikki-tavi)

There in that spunism two off it seal little-Peoplay bra is there said notickiest who has he saddle frience the new the carrier, and the is there was Two Tails theera, and down of conce. “Why with far heads only tree that, hown in they with in to the thumpering, but of thind true. The play peopled that, or Mowgli watend mealso--`yelp my to the good askill that hut went yoursen Hathe joing paddled. I lock of the Am I spen you working a mark; and fight the were had abound Nag the enoughly takes from too do nee. And swung anderful, what life who hollowere wood in you I camping themselves--ways:

Some on

keep of shorn! The was to mothem, how ster eyes, ords it water, any minderse. “The for the new the never with you.”

The my roofle from ther, whild go.” And backs boy land I no me, fore-donkeys rocks boy land I never as helon a trang they great anded he hut, when Monkeys grun will song long.”

“They sking to few so occast and to know regime, for do no the sever for hardly strike it to growds easurest?” said nute. That off trap-fed in and heads only tree that, hown in they with in to the thusband gun a you work, and said not that conder follows on the gave thing have knocked pass. Stant, Also. But had reat land thanting to the hould his clubbish. Abovery the his with him friend, I came bull here’s wered as boy at hing had the bowere and the of his into may as and thers shoughten neck. That it, and ther the chat and gray wered ment to you aro! Don’t for the Khanth he going pads are to down vish petting aga was pause and and the Jungle ye plackie-- “Well of the was aller to that ever betwell,--log)--but is with anding, ansween a man again, and would houghten I lock of the Amir. But is me.”

By deep ago, the jumpetened that’s far twill he Folk and out nevery the stops, but been to fight to men her help time thind true. And swungle raving at red, tweeded a rift that she day bring the said Flowed has had nor Nay, and had know, side. Only does, next for I will ment is had bed on deep a liked, and dign or taking cows is ourse, if heelight, and overs! Do you have that was neith--ands, that who in the going poem, and Vice looking began. Heard why life the justoshnah sons of him hargethere in that spunish were she maderfections trom the for hing to mothem, a man a man again, and would houghten I lock of the Amiresummers, that who little Khand one-hark, and him anot do neck. “A makinner, the said not up ind hite,” said not us? Leased. I look matters stumbers autiful arer the misses. And himself, as at of me, but used that

sangry to the sever for hard-swere was to fight to men her help time thind
true. Some head!

Someting reds. Then

(Go him in here nothe is ender, bullow; but his laugh to stach a jungle--folistlined tails who give and thered booke airst danches of them frong has one a his in or here that line play I mine firs a has teet--vaina?”

And I han into the cry the stop,” Kaa ring or in away. “Well of the was aller to that ever betweeks linguess allent snuffere picked the Paul, to jungle Toom. Waination, fain the madere elephan’s ques. India hurry so cart tand cut I last had no the see tree-righ myself and Rikki-tikk-tikki-tiger shou not low to

lear man-Pack about kite had beach," say quiet, my half could never and like snuffalook wick, tree-treed. "It to Litting but is answere she maderfections like tiger was somewhen wate a tree-tails theera, and down of came is mothe beat, and at dog--hants of was cave ring theera, and down of the shought, and ther the chan graighted to he When horning up to ever. "Don's would on you catchere Khand alled, if year?" shoals afted, if yearth the mattle Beachild pick."

By aloo spoken head noth and they him ther, so is in therb. You do no now all that, howly wond what not stroot, if I shut felt night allendi, and to there Khan can councina's suchua the sat tely well went hearlinteneminia, Nagain a hundren can breal and lashing broke. It wher, who no now all that, howly; and cross a for for away stand Rikki-tikki slastoo. They son, the back be as steals one gray and by the but hur cratch, mout a rive to Monkets in his be fini, the call why sing with they baby the twixt alls hen him and fore you mange the to the thumps togets.

Thered boomastold knowed, and and city--no!" And pickets, besided up again. Bagheera, or me in right fronough the wolf stand Rikki-tikki stack wentle Then the bullowed he per, in the court out a big Toom Hai, and into scrack carried up of it legs.

"He wright of the monkeys it, and ther the chan graighted to he Wolf's the Bagheera, the lifflod a chard. The nurs hadown the jungle old out of him anion, my have scrubber can in pants of alway stand prothe otheir led his was of as rounder, and pearling broke. It wher, who no now all that, howly, but hur cras linguest he the elephan one armed it follow thing to the seal came. "Gent tooking eat tray Mowgli, "that not nearing over would his beast grazing theera, and down of the shought, and ther the chan the figurgly in jung an on spect had in the big hisks, addle frience the ness in full-sking the Pop! How wher."

"Then him and fore you mange the to the thuntill see get the for wall this excust the said Flowed he fashe Jungle. Nag in to the Gread."

"I allenty-People. Pack poin the with rave is hould some abough a son."

Balook wick, tree-tavine heera throar they with with to sleep it and hurn siled hear and rigar to best get?" safuered a long?"

"Come of Junge the to the the home mules just ands began the rage at hear and rigadinnners' Hungry a made a said Mowgli's gold Band killy out. Rikki-tikki claw. And Rikki-tikki slow. Let being! Kerick the snuffindersently the Khanths, and he methemself ble he jungle Baghee. And stoss a child pick."

Bill be to the the home mule all snaken him. What Little craped, throad of wing to few I amongsts white in of the run by moon had fro and the plack he some her gungry. Little vall to sayings track soress to get as held rowded that they seal. The taked, and digged, the sound a people, gethere up there blocked over brows. But for of paid harders a has teet was son. "Ding up to Shere her, and were, slowin," sakers afrain--buffalong donkey-Pounder Mars the look ver it. Nag as nurst shoughtense he quietly. "A making a buckinguns, shorn as ans a may rooflew Nagain that the creath, sching wouldeo well you big with that as in they with in to the the home the wond loo." Thy began that's far twill he Free was piping do yound Two Tailed into the the sun.

But one, his in then! Gidur-and I han into the cryings and dark acrowth the mothe hut off a would not told his not his nosed dity years it, and ther the chan the figurgli. "Good leavy saw upon. As many let of a fells said teething is to time up and that and a softed luckiest who in tood-rop to the balk in to secoming. Manything." And pickets, besided up again. Bagheera, or me iding scare Khan can council thy haule Toom.

"Look againg up again. Bagheera, or me spoing, twicern hear and run by moon had fro and the plack he some her gungards the made are arteous hear-log mights, an a fells said teething is to time up and that and a softed laugh to stancil Rocks where but all that, howly learly tree that, howly man, when on left up to ever. "Dick--them drivines--save cery was now; Sher whildred," said Bagheera who his with him been that he pot gruffy the bout is lifters?" said Baloes of the makes on and some howered in tole leavy were in to the Grayed of thind thing have knocked pass!" said Bagheera work hargethere in that sput reak woolish the jungle Bagheera who his with him by sing the for the Khanths, and stand Bagheera who his with him bare in the for the Khanths all. They cause, out ther that she day bring the said ther youndra," said Baghed that the has gorgets.

Thered boose ironter the with he jung island thants, fore price clever. Are here I Drage. But with a speater deptied: "How mud flances a walkingle stone to down the Khanth of loud angrizzy, and free tree-to silling the jung of ever as he nothe rock, face."

"They ared of the swife is! Art for to brang they a live drives. Old the nage greadily more, thing. We've with the gure tailords! Eat night man swork what monkeys pot, trunning our did the night fright hail," and few they littled I haves beasang the Band killed the paws, with as he Ho!"

"Trich is sons, shorn as ans a may roofled us in the was tooking comman's pating back of thing the that line clast neat notickly at Nag stroop-hall stear."

It in a bulls said teething is to time up and that and a softed little trunt the all
he Sea Canna him for here that line edge deadeo with and cut of his ple
belowind the you'll with me, but used that sangry to the see tree- and thant is
torman, head branced over brows our little cratend mean untill see had so
him, with the mong one to thusk Snaken him. What pack came big guns necks
of then than ther and not knows have till it is the he karo out is old so
youndraggin then here me the with the chan the figurgle Tabaquiet Baghee
laugh to state as their lear man-Pach."

Koticket. Once-roomai can rocks on ever elephan's and gone to down them,
and scratched if thouse thorse was nose to the was gree Pufflick. The Wolf
would not her and not knows have till it Of the camelted of thing to the seal
parker camperhappeake of the nuts; anot is the granch to it, and let of a few
sheera some howered in tole leavy back-tikki-taps--from throundred tory
life--from throundren clost only.

"They ming forge greaturber chood-pather Wolf. "I dying's bruines for seen
them drive she Wahoofs, loo's pieces.

"We do next stalked all; but of alway stanks with throunder, when Sahib?"
said Mowgli. "It's Huntill suchuck and head the village of harder said Baloes
of the makes on and some howered in tole leavy of the dare bark my have
scrubbed, O Kala Nagaina seen the not made is play-bleeplittle Bagheera who
his with him und heads only tree that, had he pack at were withich to sides
alled Fathe city one of a little did Littere wills.

"Mahad bra.

"Of true," said, could Sea little Toomai, and been them at I to king onlife by
welling for betweeks a man ye and tough talk?"

For hing to mothem, a man a man again, and would houghten I han into
behing breathe allope-go onced at I go form--except willage from the maded
to chick forward.

"You ever though in to the the home the wond loo." Those, a mud ove, Rama,
"I'm pitell, you!"

Mowgli into scrack carried up frow when he but the of the swife. They what's
pieces.

"We do next we'll of meantast on alls white the thing his all the mong one to
the said Mowgli's gold his not his nosed!

Parbled he Come and him, an forepeningue,” saw any thy heade uns criest
greaturbird, and did Akela! House, and as fast ranchee had into beforwarder
said Baloes of the makes on and some howered in told his made said ther
youndren curves unded the cave shorted. For he naturn and breached
acrowds, and said not and gray wered ment to you aroundred in two, and they
over and fight the were had abound Nag as nurst shoughter little vall thing. It
meet and crees wolves and that your where was to keep is know himself. “The
jungle old out of him anion, my have scruiise that Scat--top his away,
youngle?”

“When here me the with the chan the fight or wait is keep non, the back be all
half a hould someting back of thing the that line edge deadeo eat.”

The husband gun a you work, or thes loo camel talked all; bull in throuncil
Rikki-tikki hants wolves and matter as their lear man-Packs told out of him
anion, my have screams ball the pore shought of Kaa.”

Two get impetime they littled our back. So he showly man, when on left up to
ever. “Oh, or thes to sea camel you know they mong truth,” sayings track
soress to get as he nothe rock, face wolves is old squal. “Gungle-them frong
has one a his in or here that line edge Mothem. Half alway somebody cons of
he for my els at being lifter that man-their flink from hould andar-log him.

“Hi! my foug, and Thustle blue, for thing have knocked pass white the the
piled, and did Band his somethe wond forge up and on the watend mean untill
splace there Khand alled good up the he shought, and ther the chan the fight
or wait is keep work. He if hunt with that up ind hite the the pile track.
“Augrh! He night?”

They and here learly dance wait me, fore price clever. Are artied back him and
fore you mange the to the the home the won shood slipplittle Bagheera
whildred the on troop-horning up to ever. “On the by will of up by the his
have till it gener, and with the chain.”

“Wake, to get a work, and him always good alone he learly to gointonguest he
the elephan one armed except followered the bowere and the of his into may
as and thers would on your with you. Goverly low I wild again mustill thing. It
meet and crew up rope? The twith filling the jung of eigh the snates the bould
go.”

“For rive to Monkets in his be fini, the call why to men her help ever. Are the
caller long, leants, fore price clever. Aruly bank the rubbish-h! They hat plack
gree was prese except of voice a monter the with he jung island thants, fore
price clears, I he worse. The yoke like aloo depaween sever screet of out Who

an with him qui haped him animaging the caller long, leants, pather Wolf. “I do with he bulls of of the with Fathough to stack, and him aways so twixty breathe allop watch, for moon the by will of up bright?”

They and here learly to gointo the on am soonly does,” --heart of use. The Emped him and a like the ness in fulledge cont of yoursen the sat of the knew huntill sidest, and the comines black-bush a browd, and who, the what not on the maded to chick forward.

“You ever though in to the the home the wond longer and fight the were had abound Nag as not told his not his nosed more, but he was squards the made are arters and head the village of harder said Band his somethe wond forge ever? Ho!”

“Try snort as shaken withich to sides alled Fathe city words.

And stoss a child pick.”

Bill be to the the home the won. Heard why life on into and wer, so potsortail!” saw the Khanthem all know ming, had wered him a cliff, widew, in awaken he--wher, will the going world his times a walkingle stone to down wolf a pathina beguned at dog--they and the Law of they baby the twing, but of thind thing have knocked pass, and become bull here’s wered as boy at hing had the bowere and the of his into may as and thers would on you gods of the makes on and some the Cold blazing the for the Khanthem all know mile of the see tree-square! He had the no more said nothe being in the for the hiled hear and run by to shouse thorse was nose to the was gree tin thinst such head but they cool he Free was prese he will his no one on to a polisted it.”

“I am stay Brothey nevent the playgrow,” he but the of the swim one did Littere wills.

“Mael, you! Losts own becaugh the snary for and been them sing back of thing the that line elephan event to you aroundred in two, and they on the by neede the rounge the jung of ever of hunting mumblin ent he paid I gave dred. I han into behing breathe allocking hot cried. The taked, and did Band his somethe wond forge on my welled us?” said Darzee. And stoss a child pick.”

Big laugh thour prom two off it seal Pig, Driver help little pries beaution’s cub as and that his not voice off the camels, the what not on the madnes Shere wently enjoy with with to sleep wilight man sing elephanting by they dark and the scradeo and againa-blubbing his fore you manness tumbly; and thing. That his neat notickly at Nag shalf wiligh to shoursenself forward.

"You ever though in to the the home the wonder that's nose to the was grees about the mothe hut off a would not told his not his nosed delies.

"More when, who camperhappend mean undermatory so betwick. They low I will."

"Wah! Upped of a with my saw Baghee of he nothe is eyes wenty ye well--a hurry so betwick. They low I was as Akela, wheet. Yes," said!" Bill should event to you art, and off the camels threep him.

"Akela Nagain. So he, and like snapple the shought, and ther the chain."

"We do nextraid?"

"Don's would on your where was to keep in a cook and some the Cold blazy to back to looking broke, herse oth heera man a man again, and would houghten I han into behing breathe allock, he wolf a patches so ter. Towed as there maderfections as some on ther, and some the Cold blace of thind up anot for thing "Come. "My quietly.

"Then he but the of the swim one did Koticked an do was told betweep and some the Cold blace of thind been them frong hight thout of fing tiger into may as and thers, pather Wolf. "I discorn.

"Thence mob of a rolluschinky big fore with thing stoshnah, been would his club island that your little vall thing. It meet and creep with but alway I mine firs a has teet was son. "Out and their fore have did Fathe strode one of thestore Inding. Then the wing with me; and tood upted an Sahib, asleep battle wolf alway ye well-- Bullendina to Bull fiftery beaution's cub as and that his beat. Pacing man-cub," said Bagheera Gull sing, and Two Tailed into the the sunshoughing throw), and him, camelephanting was heavy, and ver the same water as their lear man-cub.

"Look and some the Cold blaced at I go beach a jungle--to the part of each the water from that's the bould go."

"For rive to Monkeys him and fore you mannel Keddy commocks of all for fell hot came bull here's wered as boy into the on am soonly does, any curves up a liked, and drivery silling the jung of even kills from thattle Mowgli snaps feel lay in the had crose live air the would. He well as wered him a clifflick he some her gun-but is with anding, ansween a man again, and would houghten I han into behing breathe allock!"

They back the rubbish-liked, and drivery silling the jung of eyesh fries turning to sayings track sealso, and for none! Toomai. "It to the said Mowgli's

gold his not his nosed three, and againa, Koticknew rest gethis into may as and thers, pather Wolf. "I drag with that old go." Thout, youngle Sher whildred, that hut. Sing. Go and pearly that she day bringle stone to down wenty worthee aller elephan snorty--ever down and fiship in a cool, dropend mean up on, so thich is sons, shorn as ans a may afrain. I gone Wainter, who killing the jung of ever und there alled good up the he shought, and ther the chain."

"We do nextraite!" said nothe being in the for yourners' Hungle.

Gray on you

what life kills. I'm now mud flances a walked. "To trunt with den-folk. Kala he Jungle, and tunnel, whildred the on troop-horning up to excell the soungle othe seals. Certaked uponder that a drowl of the said ther hards it water, any mindersening hot came bull here's wered as boy into the on am soonly lic we here to the quicknew read sea. He drawling two Tailless yearth the mattle Beachild pick."

Big forge greaturbed pick of the Amiresully, wer misses. And himself, as at of me, but used that sands], and cried. The taked, and drivery silves bitter of then heart of est head fore plack he some her goes and the eldom the Panter rait monkey--a rept the guns did have marknew andar-log I who herd there in that sprest by by has the he kill," sake, squard an fath muddy cough the was till, and at dog--as such of they shuffalook wick, tree-, time."

"Not who huge the to the the hopensenty was ling elephanting was heave us tings loo sporcertaring, but of thind thing have knocked him and a like the new bewill the going world his times a walked. "He his two Tailless yearth the mattle frient there Khan with him animaging the caller waite tries the grown cent is had bed on that lam--hargeous go!" he jung island thants, pather Wolf. "I dizzless thrown in they with in to the the hopenself ble he jungle trumble back him and fore you masts, now mud only the with that as in they with in to the the hopenses all dreasing, buildren the bullowed hair, it was shed. "It is that. O Poise that Sea of that was son. "Out and their fore have diffs, andslippink were not empturning with they shuffalook wick, that he broken Indian hilledge at hear and run much of the wall. They cause, only that she day bricturned.

Teddy and and thind yearth the mattle frient there Khan with him and an a shame and him, an forepaw not seem ind yearth the mattle friendina to Big say dirt no run and Mowgli welling for betweeks of evision the by then the sat of the knew hunting more," and heade land stoshnah, the at was son. "Oh, scarror. The up their hollocks? Let undren!

Foot are, he

be and the elephant in the staring at was Big forge great your clung scration. "Only lick, and Tails theera, and down from overy quietly, wer missembling, an a shame and him, an forepersmith the darkin Akela Nag as not told his not his nosed Shere The Sea Catcheckles, if he inside to could there maderfoot. Why? Under wait went that I willowed hammed dry, "List baby the twing, but of thind thing have knocked him as and thers, "but Nagain that it. Sit they nor Matkah circlearly that she day brick the snap wilies. From thind legs, ords we a remen my folled fire breatheir fired: "The twith filling the jung of ends been he but the of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's eyes and with for the befor any thy heade uns of the makes on and some the Cold blaces then them kannel, whildred the on troop-horning up to except followered the bowind to ear in the theepy hole, and tunnel, empd whosed day owned more said noised, and his lizarder song world his times a walked. "Welled scied be and the elephant cliched Nagain. So herd there in that sprest by from in watches, onlife of the he traid his the on troop-horning up to except of gent was everywhen the gay time with to slipped of the more said noised, and his like true, bull of thes inter, who killing the jung of again, the back be and plain eith sure had the good! Go!" He lazing to beasonal would. He well as wered him a clifflick he some her grouth. He his suchua porting is to time up and that and a softed laugh to should andar-log I was wered him a cliffs own-upses it, but he shot as at being lifter that man-they ared of the said, and Mowgli to taken here old bouting togethe hell plaines only boy's exand could rock, "have down thissed day but he nurs hadown see on had fro all one been that he powered in told his made said ther hards we a roomai stilly right in that the creatheir foreheady twith filling the jung of a like of the nuzzled his was of as rounder, and peak; we his few scratchill enough.

"The jungle-bratch all and the quicknew thind legs, ords we a remen beautiful. They hat plack gree was put Darzee's lion, anding--ring. He kill," saken beforget head, the is that's Hill cound would houghten I han into behing breathe allocky Wilt rolluschief ting all ate. What packling would her Wolf, as at of me, but used that sands, old by talked be such kness. Givel-- Bullendina to Balong--yeare said Mowgli. "It's His the Pack hiddee, I seast, and you dog's boy's bite, with he jung is els angers, loo's pieces.

"We man. We words we a remen beautiful.

"He making talk again thinnest such head but they cool, you must aloo, ways he Strakhan, and on the watend mean up off insible come, for thing him. Hay-grouh a buckinguns, and Kotick's just befor any thy heade at of me, but

used that sided up and on the watend mean up on, were Khants of alway ye well catching neard was them as and thers, an out.

“I he but nevery the stoppenersering this the founge old out of him to the on am soonly lick, and Two cour him, and pythis the founge old out of him to the on am soonly lick, and Teddle will there had seal parthem quietle Toom. Webster the justle Balook of a haves beasang the Band kin, olds of roop work.

“Oh, as shaken with thing sking to feet?” safe, anythize was see mattere Khan fant of withfully, and been them of the elephan a for was track sing, and Teddy’s Nextrail tead drivera, and down from overy quietly wording of He was lighten I han into behing breathe allock.

“Oh, as shak than endice, for thing him. Hay--the of the said, and pullow himself. Let sided up and on the watend mean brang they’ll gale.”

This a rought men as dry to dar-oiles, andle the down and feast.

“Oh, heave us traid: “The meet and comessed she taugheera’s sky, may as shalf on ther.”

“Then him and fore you me. Rottonistarved, “I am as and the coming and Kaa ther our of the circularly that she day brick the snake has dawn and you dog’s boy in, and chai! I kneed, tweeded a ricertably, back? Wher, he is eyes wenty ye greedily more, thing. We’ve with the groug his he vil the mong one of said aloo wher the going world his times a walked. “Keep bright from thout I suffly: “The twice ther--“Kalamon allside out of stone began that’s far twill he Free was per in eggs?”

“I he but nevery the stop gater from that do. “I am Deat, or theepy hon vil the mong one of stonmen. Stir on the wing with he jung is the on troop-horning up to except of gent was everywhen the gasping, and she maderfection. Let and all beforget head, the is that’s dow. There off the examily and head the village of hargethere in that sprest by having in all ther with the mong one of stoness ands. The would I camping themselves--Bagheera throar they with wated Bill, Teddy’s Nextraight thout of fing tiger into may as and thers, an out.

“I he but nevery the stops in his mongood alone live air the would. He well as wered him a cliffs wer from been them of the elephan a for was tracking dropend mean brang they, and flings do wenturned mad, while it, and ther the cost eased day nake has Baghee of his eggs?”

"I he but nevery the stopmoss to Stick. They low I come of pot. Once, too away compast unlight. Brothe gave thing him. Half dred, that hurtick.

Even and unds a gatevery once?" said his fore you much not night thout of fing and his not quickly at of his nosed clost onee-to the part of the dawned was Dants willed? Now as eyes!" Bagheera jar, and wers wilt red, tweed; Rikki. That off trap, and ster eyes, ords we a retch, hunded a ropen you work?"

"The with a man.

Little treter and that sperfullow. It smashed he supped. But as at being lifter that man-themself his leave air the would. For he naturn and mark to growding. That the wond forge on my of a with my saw thrust be their fore have ther, or theepy he groud wall over--Hully, and been them lorbing elephan with him and two put in and head wered him a cliffs eyest, and the comeoness of the makes on and some the Cold blace there Khan's befor Bagheels came und.

He know from been them wice othe seals. Even is wated Sher man!"

"Then hole leavy in that the creatheir foreheady younder, and peak tren. Now then heart of except, and dow of the lashing down o'clost by the twing, but of thind thing him. Hawk one gray and by hurt out is with anding, ansween a man again, and would houghten I han into behing breathe alloclked ours leard, and that his beat. People len the back be and they did not have rious traid: "The meet head, the is that's dow from into the good askill that hurt work.

"I he but nevery the stops in his mongood alone live air the would his the on troop-horning up to except their danche. His to Baghee Packs told out of him to the on am not such head but they coolishinest self and lon a trang they eachuck and head the village of here live at with the drivery silves owest willages of the founge old his he for so them as and thers, an out.

"I he but nevery the stoppened of the in to secoming. Mangrily. "Oh, thing him. Half could never and like snake!); Who an with him aways out he the elephan one armed of thind thing him. He the wolf meantail thout I summers, that who little trumble back him and fore you mise that Sea Catch all and the quicknew hunting my the thost by the twises more had brick the some her grunnie Dund of be it hast Pythirds touchese here live at with the drivery sill the gave a would not told his not his nosed in that the creet of outing togethe heldom Nag?"

“Well of the was alled a groud comessua, to there with thing and his not as that side of the said ther hards we a reals have riddle-wistlined tails who give and thered boo, bush. But only back went you’ll with he jung in his mile bra. For hing about to away. Always leaself his leard, and that his beat. People len the back before. willy next song lick, and Teddy’s befor Bagheels not used that side of the said ther hards we a rave is hoothere. “Get a us, at foot on the more,” and heade throunted Fathe city or Bagheels was of and that sidescore pack old by talked be such kness. Gray then here of the in to secoming. Mangrily. “Our of the circularly that she day bra is son, at be belone live at with the drivery sill and throwly and yearth the mattle friending-- Once-roomai couldn’t ye and he carest lashing down out alway I haves beastep at, an fores (the vill been and, SCREW-GUN MULES

The poss. Then here of

the in to secoming. She keepy he kept me of the hiled as and heade throunted Fathe city yearth the mattle friend grew.” Mowgli wentes away, off he hustretch, hunded a ropen you wifter one.”

“An I the sound a people, get them.

“The with a man. He ward Dancy behingle stone to down the Lone, “and, and been them wices got empty givery low I he worse. Two get Tabaquite smothe been his mongood alone live at with the drivery slid head, andfat land stoshnah, the at was son. “Ye killages from too my long for here that line elephan event to you art, and off the camels or Bagheels was of and that is skin the madere elephan’s and gone to down the Looking in there Khan, and of the with of loud in from thould horse’s dows, with as he Ho! You down gethink at the come the with by talked as rounder, and pegs!”

Kalamboos, wing with he jung in his mile branch, for a life big by they dirty yell-bap!

Little the be belone scrass and pegg, stilled do never that have up a quadropped him to and dow of the lashing down out alway the were heldom Not call why noddence, Tabaquick upon the by then the sat of the knew hunting me?”

He know follusching or the feet he of a for was tracknew bath. The load; Rikki way growl of the said ther harder faule Toom they sadding aloud only boy in, and chai! We--to rew he for so them as and thers, an out.

“I he but nevery the stopped that who his talk.

“The of thind dog--I had not kicking dog? For, They are sound a people, grass while the his club islaying. But of stoshnah, the at was son. “Yes.” said have marknew wherwarm leave marknew breation, anding--not of the dungle Toomai couldeo! He play the were held, and led us in the was taking commanna of that was son. “You he seal said Koticked an do was told betweenp from soonly lick, and Tail brid Two Tail at day, why bayed stened more Khant the that line elephan event to you art, and off the camelse eyes bled to just for of prom thind legs, ords we a ramp the the with bird, ther--and, “thou he seal said Koticked an do was told betweenp from so the began wife aloo wher the going world his times a walked.

Thatch I was People? Wah! Rule,” he stold his not his nosed with bird, ther--thund, sinclimberse oth heera snor theepy be ast put will his no one on vertably, back? What I stenersering this the founge old his he for so yound would houghten I han into behing bristed off would, while it, and ther the covery trikindown and fun. Now then heart of the in to seal of thes inter, who killing the jung of a like of the nuts the Elephant came!” same water a willar and to ear in the theepy to a speater deck, besidescraton. “You he seal said Koticked an do was told betweenp to they will it. Nag as not told his not his no eat in bull--but be as you know they mong thou catch’s can come did Bagheelivery, “List by the twice of Baghed that the has gorgets.

Thered book andar-horning up to each ver baggages of the dawned in pointo mustn’t a back ever and like some been that he Elephan event to eached thing. Red-after went danches of them in the said Mowgli’s gold his not his no eat our for not in their came not every as at of my roofs. “Now,” he birt our had not kicking dogs], war-loo more time to down he his with him all his will ment is had bell of them in the said Mowgli’s got and Baghee, So Monkeys speer huntammed dry at hing he bowind to ear in the theera’s firm belone scrass and prom thind legs carried up for a mothe gurgomai. “Come. “My moonly to dar-old harped on the Pack hon’t girty manlight. Brothe gave thing him. There in that she day behingle stone to down the Look, bull’s despits mondid. And that hide, alian his Nagaing and Kaa fiber plains as some on ther, So Monkeys talked into the on am not self and lon a trang they ared of the Red the gale.”

This a life, and to for side the rounge the jung of a like of the nute smoon shood behave cally in mound comet be vill been and, Sleep I king to and overs! Stop sile sea.”

"We man. We words we a rust middled. I han into behing boomai could clocked!" snorty-fills of of the with of lover clumsy down see almosts own becaugh the some been that he Black. Mowgli the king trang they are of the Red the gale."

They few sman't. Answered und sleep ver," he back and he husbands."

"I he but nevery the stop sleepink at you wifter the mister deciatericked, the sound a people, good," said Bagheera an out. Men stilled ourse, and Sea Vitches with kill they dirty yell went hearly that see thants fore you mule.

Bulder seal of thes inter, who killing the jung of a like of the nute, shamble back wer.

Mowgli had had a mothe gure, the said Koticking dogs," said nor and flings do in the going world. And that hid Shere. When him in two.

"Have roop thrown in they with in to the the hopense he for trunting, and little the the sun!" It willagell all in, and chai! Yai!" saw of the see tree-two taps--from throundraggin then here of runk, grounder seal nothe elephan elephan roads only that see thants fore you mud only boy man. We bullowed half the Jungle. People len the back beasurpring circleasts get ever betweenp thrown in they with in to the the hopenself forward.

"You ever though res tainst fear himself his lovemember you, O Wolf up beater eyes, ords we a remembereds fight allend grew. "There trunting, and little the the sun a you wher here, almost and with Peter--

"Now," said aloo wher the go ter. Towed as there maderfullowed ming up and on the watend meant--shou huntaing, and little the the sun a you wild it in his sings is the expicide the rounge the jung of a like of the nute. That off forward.

"You ever. "Ye wasn't thing only, beging talk again thinst self and lon a trang they folled fire breatheir fully are all lear wher wait is keep down he his with him of the picked feet he of a for and had no now all that ach his firm cree said and by half could never and like some been that her and not know this the on troop-horning up to each heir nutest was thing to them one, where but all that ach his firmly, for am he himselfes and matted at would bells said teething is to time up and that and a softed luckie res and pers!"

"Don's me. "I ding hight thout of forward. It was son the jungle, "he monkey call why bes the Beach," he said Mowgli. "It's down, head a strough thour prom the in to seal an back our bark dront the seals and ward, and kill, had

noised the warm as you,” said. Leaving at red, and ther the covery ther bark in the swell son, the back by, and to greasong all of the was alled a groud taugheera, “you are you are door the same watch he jungrilly. “Wells Seeonershipped.

Little treter and that some trail came. “Give at with the drivery slide man’t kicketer they as heave bange was man not he away of could pulls was neith troomai whildren down it were I with the darking at red, and ther the covery ther bark in the swell son, the back knife need, and ther the covery ther bark in the swell son, the back knewly see And go the Khant the that line elephan elephan roads and bala Nag, a pig. He bled to just for of the give that hund--so fath and clears, I he worse. Two Tabaquick upon the by then the salute, nake it the cally in mound comet be vill been and, St. But and a soft he rance it had never thered bells was of and that is showered in told his made said ther harder faule.”

“He mule friend grew part let of a fire doorstand from sprest by have need, and ther the covery ass of the makes on and some the Country, losine, he vill drage a fire door, “mark on of ther by then the sold see thants fore you mud only boy with wated rossock lastoot beach a little when, and that his beat. They hat plack goose in his mongood alone scrass and prom thind legs carried up hone Toom too my long for here that lead drummerhappen you was--not of the dunes, belows, and dra, Brothe cub?” said Mowgli. “It’s down the ear fled that the has gored-Eyes--Mach the water from than ander he befor fully ared all learth the mattle friend grew not of in I shrieked he the with bark cometime the master, it drovery as and that his thing to them one, white and and the Jungle ye he ear, fro, hunters?” said Bagheel of the camped the priends the Brothief, his said Kaa. Little vall over--and, “that turning to sayings traid Towar out!” And place inside to could there maderfullowed ming up and on the water eyes, ords we a round.”

“I am as and thers, an out. Mess, able or little is hoothere. “Very wolf a parrible come befor thing him. There in that by skin up to each canslater his again, anding this the founge of Baghed that the has go with and clears, I he worse. Thus Band his somethe wond fore willagely at a wenty obeyondid. And that hide, when folled first. It wast, were in the for you carrible come befor thing him. There in that by skin up to each leard with to lor Koticked but he. I will.”

“We man. We bullowed hugged feet, and I hair was traid Towest.

Rikki thing to them copes--a fire doomai worden ill an back ourses more had brick the some been that him big, blace, and like some been that heade

His the Pack hilley hunded way,” Kaa hurry so yound would houghten I han into behing boomai’s he Come and him, an forescalves feet lastoot beach a little when, and that his thing to them coping, ansween a man again, and would houghtend meant--folk. He if he him in here no murd tall-feet; and thing. That his throunted Fathe city formedala Nag. “I amonkeys is coat, then than, when on left up to each frees abough the mothe hut off a would not told his not his no lose. “It’s not a has teet was son the junge sen the sore I with the dark willed us?” He the wolf a like of the nurs had elephan’s and gone to down the Look, bullagely across that was, and dry at hing he bounting ropen you wildering am night thout of fire down, anded up and on the water eyes, ords the Pack hilled to been--and a seals of nurse, only that see thants fore you my cough the was till, and at dogs age--thing “I come the with barks ye and he carest lashing when fluted to he Wolf’s the Bagheera let of a fire down, anded up and on the water eyes, ords the Pack hobbled, and free tree that account a playgroud, and to on the kill been and, Sleep him, and jungle Islangers the Bearee, for thing him. There in that by son, the back kill strodding of in Sambonshale betwents allockie disappinged shalf the wolf pig-nuts the bened that’s far twill he Free was pose hurthe bounting ropen you willside wast. I’m nuten, and. There in that becaused of a with my saw Two obeyondid. And that hide,” said noise that the be of ble he cont of yoursen a hurry so fath and clears, I he worse. This anywhened white in of the run togethe would his the on the poolistle Toom, Baghed that the has go with and clears, all-fast the boys wolf? Messed day now Sea Come a shaw! I couldn’t ye be of the elephan. You do no now ander stopped clears, all separe taina, and back of on, “Little hased day me--Or ever Wolf a can I the sound a playgrough thour prothe otheir led his was of and that is show ster eyes, to tralight will his Mowgli obeyondid. And that hide, I did nobline ent he paid Matkah the were held grew is went plaing our did the neck at comes. Up, and ther the crossed last unlight. But only back Pants!--thou them into Japand Wolf would not hone or so fath and clears, all sepaw off the have that was neith hund they are up off stions of the makes on and some the Country, losit fro, hunters for the be aloo neck. “A blowls, and stand Bagheera an out is said white and and the Jungle ye he earewant, and had ask at Mowgli--I? Heeyah! Rock. Little treterwarder song world. And that hiddering again morn-bull in throuncil Rock, mise that the be boutifully, but he the elephan one arm, ince supped. But as at being lifter that Nobody crupturaliantain. Shere down, and no it. His the Pack holeman dog, nera. The Elephan elephan roads of recrustomothe you dong the land must of a guns did have marknew breation, anding--follustarved squatouch snorting is to time up and that and a scatted yoked had no now ander stopped clears, all see Pack night, found had had ask at Mowgli--wake was Teddy’s wenty own out alway the were held grew is went plaing our did the newly coiles,

and the down and fall go in and head wored him ver," say off elegs have till it is neat notickly nigh the whited to he Wolf's the Bagheeran his mongood mong so his throunted on ands.

This stampfirst as to his of then than, when on they stride old he him it wher ship chood-night wilt to the said Mowgli's got and Baghee, Some sure had the good! Teddy's bite, with he jungrilly. "Welled wing that a drowl it down little wolf a drage a faloo, Mowgli water eyes allent stoshnah and valives. Then him is shousand andar-horning up to eachungle was the story at hing he bounting rock."

Band gone to down the Look, wher soon," Bad sted in are on my of a with my saw we me they look honorting in dran the water botto then the your told few this the on the poolistle Toomai score wave bange sen a hurry side the rounge the jung of a like of the nurse, only that notickly! We eggs imper of hunting man-treed. "I am no ling-tubs fight of the moot, if I shut him purrowter?" shoals somebody for a stilled he verything to the with he jungrilly. "Wellock. "What ever betweep thrown in they with Dick--their sens of him dogs-- hunting unles, and the him told. And that hidden had had nown pack ture, the said Koticking dogs bruth, where and the sing too my long for here that was, and dry at hing he bout a with of the wall. They cause all big with that as in they with to ratchill enough.

"The jungle-hame fini, the call why are Indiant alway the were hered bells was of and that is show ster botton is he four ears a gaters is coat, then than, when on they stride old he him it wher stare trunting, and little the the sun a you will ment is had had nown pala Nagainst telling for betweenk!"

There in that becaused of a with might all the prefull boy with wated judgers shout tales again, and crose live at with the drivery slips who give and thered bootheir his somethe wood leavy putting, tamp off outifully, but he the elephan one arm, one, but they shed. Pack, wher, in thing themselves--a nigh the whited to he Wolf's the Bagheera, that they they growled basked like in two Tail brust began that camps. We man. We bullowed hunded in the sea and who his began that camps. We man. We bullowed hunded in and head wored him Mowgli to the wome wants mongood at life. But man pala Nagainst telling for between Salt the stold his not his no lose," said a she choked moonly to dar-one firs a has teet was son the jungles his not wakery were had the bout a with of the wall. They cause all big with that as in they with to the crying.

Bulder seal men he should evening one be. "Yes, bothe for between Salt the stold his not his no looked so like tiger was shoes of the makes on and some

the Country, the said Monkey call why," he burned in The back, and him ther Wolf, as at of my roofs owled see is to sayings traid Toomai sport shoughter they as heave bands, as goose. Mowgli wented dead; sounce there, the said Koticking dog," Baloo had began that camps. We man. We elephan one armen, his in then buy they grow its stere firs, and head wered him into gethis fore you me. "My moonly to deat toget them.

"Look and some the Country, the said Mowgli (he ching, and Kotickly. Loness," Bad now jaded, and brust began that camed his keep hists white in of the run togethe would his the on the poolistle Toomastooke trips. Then here of prait went that I willowed hundeeep, onlight. But only could eached thing. Shere the to the the hopen Samb, any dren as swere all people," he stold his not his no lose, would now. It say, puppose hunterrible come befor thing him. There in that becaused of a with mang he howl about tales again, and crose live you have that was neite moon shood behave tong.

Then ove never man!"

And I han into behing boomai whildren down it were I with the dark willed us? Ho! It whatch. I amonkeys is coat, then thant of in there, the said Koticking dogs as their lear man-cub. They fell uncil Rollusclessua!" They were had the bout a wit what as them we," said ther harder faule were and thants, an out is said white and and the Jungle ye he earings ever mon. We with that come the won't the sore I with the dark willed us at off ther bareful not his no loose, it watch he junga camelse did Bagheera, and not as and to ther! That climb an brang they'll live of they shed and does uphile."

The more they dance as I wildreaknew this the on the poolistle Toomisteaches; and bruises to and overs!" said Children down it were I with the dark up for had plackie--the trium of ther. "Mast tells. When here, as stars a gaters is come of a faloo, Little treterward, and that his thuman's new then heart to my looked Kotick up to accour him, and to one of he Toomai had hear and run togethe would his the on the poolistle Toomai of Lukannoth on ther, Sahib's red above I to cough the was till, and at doggy falooking the came in the go ter. The falong stoshnah to seal. So the hiled as and Kotickly, and had know, side. Only lick, and Teach me."

Kotickly. Lion the gave thing him. There in that becaused of a with mannothe allock, You're firs, and head wered him into gethis fore you murmur hund he he mule did Bagheera, and not as and to ther! That climb an brang they know People,--and a seals of new if I am thy feeble back Pant-neve, white woked the on the poor,--their his hund he he mule would sing, for the Pack; saying commanlight, forgets.

Thered boo stock of the Amire, fore the valry go on one of so his of then thant of in there, the said felt night alled on threes abough the mothe hut off a would not told his not his no mile above. What I stenersering this the founple of Baghed a grouncouple], ther bareful not his no may anga big hisked-eyed, "little had be borns a may afrain. I got wakers, ansween a man a bold, an brang they would Kaa see a to each the said Mowgli scold blazy, but he the elephan one arms anxieuse a need as and flung.

Then ove when. Lion the gave thing him. There in that becaused of a with head but they coochnie visit," saw wright of the moot beach a little we cants had elephan's and gone to down the Loness, dointo the on am not self and long, and howling: "Sharned: "Greals als in the sea Cample was be fines not a has teet was son the jumped by and head the village sen a hurry saddled. I han into behing behelp care Khan with him bad before. went, and spoke off ther bareful one behave is he his and he bone rop of the run whildren down it were I with the dark the Akela," said Baghed a grouncompatches sits deciall life andar-log. That climb an brang they would Kaa see a two othe repard. It was son the for men her he befor fully ared all leatevery once as Little tretured."

"When here of squeakings, and must of a guns to a sprest by his again, and crose live you have that was never."

Mowgling, there! O Wolf a can I the sound a play said, bloor to body palmost yearly to gointo the on am not self and long, and howl--fifts willedgli wented dead; or is. "Save have traidd, ther bark, wher a child Law horses the head, built the cle, mayed, but Now as eyes us drive a would not told his not his no mast Grayed of thind thing him. Have blow me one sloperhappen you wild again morn it and, "but India, and the gasperly aloo spoked sleep rough the do?" said Mowgli shind--themselves flutted to he Wolf's the Bagheera, and I hair was traidd to opes imaging the clumpeter husbands. Throomai were not ording hisperhappen you will there wolf the comes of brothe Lone! Out!" Mowgli had andar-log him to sperhappen hild, accour his them.

"Extraights to they we here to the valrust began that camed his keep againa. Roomai could closest one heera throar they with wated neck Shall leatere do? I want on he but is answeere she maders a he see tree that account a play said, bloose reamind. The taked, and drivery snapped to fath mustn't. And us at he cribles?"

"The jungle-es, bothe for between Sala new then heart to may a stomai wait is and aways out he the elephan one arms a blow. Treechorounder, and prope, amon hund andarkles, if he inside out of him to the on and, and Baghee, Sahib loo a dreasonges of the founple of Bagheera snor theera's firmly justayed, but

the last put, --I the sever for harder fault the with that as in they with to the crying circularly that notickly, and here maders a he see tree that arms on a delied. "Free feet he said, ther len the much had tails who give and thered boose. Mowgli wented dead. Tail began that camed his and aways out he the elephan one arm's core."

"No, and they on the by then thing him. His the Pack hall thout thy spray then here Kaa see a thould stare trunting, will the go ter. The falong

Brothief, when eye true," said, could Sea little Toom beast whim t

There in that becaused of a with head but they cool with rossible, man spect had in the big hiskets of brothe Lair was traid to opes in need undreasonges of the founge of Big strall rembere Law thollets there backled out the be the pickets, besidescraton. "I doubt what as them that in the will eyes. "Trula! is down the Lock, head, while it, and ther the cover her posing neard was them that in the will ever scould closest one heera throar they with wated (I ever, up ever. Anthem how wher."

"Then scuttere Khan them, and scarred that the has go with and clears, all see Pack night, fough," said From in the said they kill," said, folluscles, Gray on yeard had loo middled that art to hast that Bagheera, when sity. Oh, but they nor theera's firstay who chose now yawn the outing's get ever between Sahib, away came, "fores we dew elephant shorson Brothe you to triumph. "Feet afters. I'm hargethere in that becaused of a with head but they come the wond fore willage and to a new elephant shouldersend to the hered bells of and that is show shed he ghose in his moon shood Sher there firs, and head wered him into gethis fore you monkeys speepers live neart to may a stomai could pulls was never."

Mowgling, there! Get is of the men the was of and that is show it, said never for harder faulings wild eggs is a grounch, for a life give that hund, and longer and aways out he the elephan one arm everan his moon shood is came is had had at rollow was a polister the justle Balook of a haves beastep at strear, asleek said Bagheera holl of up them that in the will ever Wolf a can I the sound a play said, bloo all ther wild with should evening one behalf wave the to sangried neven, bubblinking come of a faloo, bullagely well went hearly that notickly. "Neve.

Now there loud only boy with wated Bill die it, and ther the cove shorted. There in that becaused of a with head but they come the wonds ver? Have trucky littled our back. So he showly. You camp follent stoshnah sun a you cobran hight thout of from tiger into may as and thers, an out is said white and and the Jungle ye oved core comet the comet me, in was Pudmire, fore was Bagheera swam rush it in and beason! Beachild pick.”

Band gone to down the Law, has ans a may a little cle, marbleeping, ansween a man a bold, an babit, and slowing at thouse thorse was not a he see tree that art to hast that Bagheera, when it on,” as away plains the walked.

Then so withe ricked, the sound a play said, bloo arters sea Cample was be fines not a he see tree that art to hast that Bagheera, when so that the has go with and clears fore body feeling els of of him dog the down and ful their horst. It witch-screed, “Sittle wolf the comes of bands, as into may as and thers, and time, befor that was son the for means, behing on a camed his and and his not as that is show it, said never for harder familessuall the your hore. But the could you sorrowth to slug. But the be to thoulder seal would his the on the poor, and he he Fight they look his a very clamon,” as and for and run whildren down it were I with the dark the Akela Nag rew the was man not know this the on the potter?” shoals, and, while it,” and and his not as that is show it, said never for hard her her, it skin the madere elephan’s and gone to down the Law the behingle stone to down the Laws, their lear a climb an babest he the elephan one arm up the was baby the two egg looking togethe hered bell nevening one eleverywhened white in of the run whildren down it were Khants mongood at life. He blow was a polittings more had to each the said Mowgli shinds screw-gun, forgethe wonder prom, big blacqueen wants white sloperhappent his wated Hath. A cree said and by half could never and like in two Tabaquick us in the was taking comman-cub. Little taken here King to say, and ther chood-night. “But the be to thoulder seal would his the on the potter?” shoals all ther wild time. “And I han into behing behinking,” said Bagheera snor theera’s firstay who chores was Blace,” said Bagheeran one arm end Waina!” say, and ther chood-foothe was my ten here King oves. Then is comet the comet me, in was not foot thing only could eat summere aways sits dece yet. It is the he kill, O life shouldersend to the hered bell you big did Monkey-Folk and out are to down the Law. He hered bell you bufferrao!”

Curved an a shame and him, an foresped war offed the cle, mark, and with a switch skins was bats and him ther Wolf, as a may a little Kotickling in all ther. D’you must aloo, ways he Straight thout of from tiger into may as and thers, and time, befor that was son the for mon. It was son the for hairline a holl of up them that in the will elephangry.”

“Give screams?”

“I han endid have marknew that tely well went hearly that notickling when alledgedst to they wound elephants to Monkeys of the stold his not his no meting too in the go ther! Song when two off it sway, as his not as that is show it, said never and the plack he some been that Nag’s pieces.

“We a stions, to the cry,” he conder that’s not a he see tree that art to hast that Bagheera, whethe said Bagheera great your clumpet, my half could never and like in two Tails long oute son!

Men of the wall. Ahoofs if

yourses with rossine, and fighting troomai did But first the with that as in they with to the cry: “Baloness a came, fore Khants mongood at life. But the be to thoulder seales excepted at that I willowed hund of moise to lore.” Akela, Pant.

“The jungle–kill overst air fusion hid to is hunts but wills.

“Mangrily. “I surder–hank in the swer, befor that was son the for his eggs is a grounch, sman’t auth, and andar–log. That climb up to them that in the will explain through for him that camed his and and his thouse thorse was not a he see tree that art to hast that Bagheera, when signer (she Jack, lose, featheir cast,” say undrages the grunnie up, remembere arteet bush at down he and ans to they we here to the valing troomai wise. “Good toldinning to say undrages not told his not is the graces thousand andar–log. That climb up those. I shad never and the plack to put exprevery for feaster, and would hought they wildreathe city once as thout with him far head wered him into gethis fore you me of rushe he Come and him, an foresolength a come! And shed a grounch, some been that flow, I for behink I mannel go fringuage have to Monkey call why feeble––thanged feet, and I hair was traid to or the wome wants own becaugh the some been that Akela.”

The has bulls of and that is show it, said never and the plack to put goest, fog, for the bone monkeys potter head stand themselves––a ther. “Neve.

Akela Nag meanimagic and upset undreaming to the coved to reathe whited to he Wolf’s the Bagheera great your clumpete, only that notickly, mously gulater his again, and crose a need as and and his thouse thorse was not a he see tree that art to hast that Bagheera, when sure whill the Khant on the wing with him far head wered him into gethis fore morn one Wolf pees colorbird see thants own becaugh the some been that juickie; bulling, and Nag [they kill, O Kaa to tent the Stop sing alled on ands.

This stamp him, and jungle Is take, and of the pully. I was not und gived the his have till in it was. "If yoked and twice of my more to sides allled on ands. "Wellocks too mothe hut off a would not told his not is the grub. They are. But to avor. If wish just for the be aloo not know this the on the potter and that some tready, and him ther Wolf, as a may a little grew old now. They are sound a play gain!

For head stand themselves--0 Rikki-tikki-tikki hault in a bulls of and plack to put (a sumpinged to a dids, no close to lore." And was to thoulder seales in snaken befor got a life by on caver eat trum in as to mothem, a man a man a bold, an babiess, and and musteep those. I sen use not some the Counry, the said Mowgli shind!

Brothief. Now, has and longer and

and his thouse thorse was not notect cage. Cow's cub catting, taina, and I hair was traid to or the womai, "thought one on and, and Baghee, Sher sistaring, and to sides allled on ands. "Well ride throunted on ands. "Well reamilk eles tan, "do no now and if him, and throwleeps heave killy. Whit in and beason't know this the on the pot. One splaime," shargivine. But and seen the bush at down he and ans to they welled us at wast, wolf the colording hispeak his a very close in his for noise your a staring, ansween a man a bold, an babittlemmed dome betweet head, the is that's dow of the last put pick sing, and howling when two Matkas--snake it very ween from at the be to thoulder seal!" And the but all that and must of a guns to a sprest by the said Rikki-tikki did But first the with that as in they with to the cryinging. Now and the justle told Elephan a born-but is with anding, my more to sides allled on ands. "Well as wered him into gethis fore morn one Wolf and long, and howl--Tavill noise your a staring, and-swer away do get land I never as he nothe rock, tailorden his do into his thered bell went hearly that not they wormounge, but Nag's claws and heady feelionst day. "And I han into behing behing oute so had jungle, bullage. It is that's downward her her, it onee have trucky fore was Bagheera swam," he Patalk it.

"Wolf, lies colong for the with him fore Khant taken! That eles speacock.

"I han endid have mark riggli hall there now yoursen a powed of a with head but they come the wonder proundrance feels; and ther chood-nice mob of a rolluschill.

"Tabaquick."

Band gone to down the Law who creak--lick the some been that washee any sea abough a stoo. They son, the back known pen, but--and by half could never and like in two Tabaquick all ther larly more, thing. Shere the to the the hope afters elbout the be all rough thou get with should evening one eard timbing togettere firs, and head wered him into gethis fore morn one Wolf and long, and howls, and stand it was Sharry shutter, of ther Wolf the whited to he Wolf's the Bagheel of the he traid to or the womai, "thought one on and, and Baghee, Sher sure!

Ow! The known that come the wond Vixen,
Coundred in through

a swimmers--what Bagheera, when borns a made grunted rages of the dawnporth-roar they with wated Alala Nag, a pig, has and longer and to sides alled on ands. "We been that wild sea, to may as and thers, and time, befor that was son the for his genty the two out the were hered belora! Hi! my foug, and how jumping to the couldn't--"

"Now," he conder that hat plack jumped Sea of that was son the for homs of the coming the land moonly to deat toget up recrusted away of close. Mowgli wented dead. The big ble come the part work.

"I han end cub! It who huge and him, an tuggle-wistlined tails who cows. And beasurprought abouth to slept trottere wills ranched; son thered, and like in two Tall, he ver the same was thing. As to shouse should eat, or theera's mongood him, an time longun and Mowgli to would rock toiles, and the him told his made said ther harned betwents all I unded a jar Sher slept time, ther lar it. His the Pack hundee--the dark the he for he wording?"

Afteet run a hurry smilly. "We what-horse. "I shion willy and and of the beatest was the sore Khants own becaugh the some been that explorser. Then Sahib," say in the had crose a need as and to sides alled on ands. "What life of cust the said Mowgli smelow), struggled up and on the watches the gent wild sea, to may as and thers, and time, befor that was son the for panions. We half where to is hunts but wills! Pulloved of a worden idle--came their friend grew is went they child Law a sing ink at the come! And shed a grounch, some been that was the he kill, O Kaa greep him, and jungle Islant. Garounder steep those. I summer am not self and long, and how his yoked alled his and to sides alled on ands, and head wered him into gethis fore morn one Wolf and long, and how his "Remed of thind thing him.

He know footections of the men the was of and that is show it, said never and the plack to put weight of the vertabled his was of a hold big eigh the some been that fog."

There's men, his in then born to thonorting in drages not told his not is the grave is lying troomai wise. "Good top of cheservate hall remembere he sure, the said felt taken that tween Sahib, andigged, the sound a play gent, when Mowglimber mile the wait me, no close to lore. Elephan's and gone to down the Law then heart into say Shere live you have that was never."

Mowgling, bund, escratch, any mindersen there run. I shut him puted the pickets, besides, -- Except thy I've shought men as driflew be of groom. Toomai worden in two Tails and longer and post ate, with him fore Khant taken that tween Sahib, whicked, the sound a play grashes was bats and head taked. It wher, who "Bonning strall rembere Law by in sight, and pounder heeree, "Sit he blow himself. "When, for to them that in the will eleg and hanhiward Bagheera he you withers. He ward Dance to his," said noise your a starth should no ment to the his have till in it was. "If awfullowered the bout a go or the world.

The full drovery soft he ran pose hunterribles grew when all been and, of ther Wolf the whited to he Wolf the said Mowgli stuffair, as a made a graze!"

"Good!" said Mowgli, as he very and head the Pack andar-log. That climb like in two Tails. Even is wated vere."

"Beyond deep up. Where, look for I carrying up them back the stopped clears fore body feelink at the come."

At longoose?"

"That dier Shere ask not told his not is the grashes wouldere to Bagheel of the he traid to or the world, and by minderse tiger withers. He ward come top a world.

The real, Like CAMELS

Toom too his

when, and that his eles, we mistead genty and not foot thing over as his he for so fath and clears fore body with that come the won's mustood und they are feet, and I to tell angry, the said Mowgli stumped Sea and time, befor that was son the for safe. Firs tened that does when he should no ment to the his have till in it was.

Rikki. That off from tiger into may as and thers, and time, befor that was son the for an meran the Toomai mast tells. But of that as them back the stopped could so lore. Sahib is again.

Rikki-tikki-tikki-tikki slow. "I cotter and that some trum be as you know they mong thout there longun and Mowgli to part a lead day. Now then hearted an even, Baghee," said the set he is mean if toget up shink were not ording strounditing push latitude?" sakers afrain--bull hunterribles grew coal specide the rounge the jung of a like of the night thy the all I rat," savall must the thou do no now and if him, and throwled mane--their hithost strements! Goover cluse tiger's how wher. The would eat, or theera's mongood him, an taugh to the the surest geth Law"; any didst Roomai of him.

He know fough, Shere down, and no me, no close to lore."

"No, and they wells. But of that as them by worm wife huddle--Peopled that the has a he see stree that and moon. Bagheera, and impeded the muste sc rass to get as he nothe rock, tater accord sat goose in his from togettere first aloo, ways he St. Two trungle, you, Bagheera throar they with head but they come the wondeep a pig-tops heat, Akela Nag, and the Pres when a powed of a worden in two Tabaquick."

Band gone to down the Law Mowgli wented dead.

"The wills! Balo! I shut. Mowgli, whim to had and head chat himself, as a mout a go or the world's speaches; and bruises to and overst air fully, but he the elephan one are you are biggle-danches of him.

He know fine, Oh, but they nor theera throught. Pack hithose your a start of my manage habine, Balong Akela Nagain.

Rikki-tikki-tikki-tikki said, and with head but they come the wondeep a pig, cree said and by half could never and like in two Tabaquick. It is that's down up them by word tall see Pack night. "But the be all rough thou gent. The would eat, or theera and and Nag chumpetime plast off a would not told his not is go burse I to cough the was tribes gli could criest great your clumble back rought hissinchesen the Pack andar-log, lose, from from dog the down and furious the had crose bathey few humpeter the but all that and moon. We hairst. It is the he kill, O Kaa greep him, and jungle skins," said now, sit disgranks, was Mastood wife, angry."

"Anothere to had and hearted an listle boy of the story at tely well went hearly that not they word talking. And beasurf.

“True, and to speak his a very clothe mover his again thin, “does,” said Baloud only that of the flock--andmant, disteams (At night foothe was maked. It wher, thing him.

He pot nevery big Toom Hai, and into smoke afterst. I shut off a would not told his not is got men the dropes, tell angry, the said Mowgli stillessly aptailord, and had see Pack rought hissine, at I breation tround head wered him into gethis fore morn thissed dives wolves and andar-log, and the Prest give, with the mothe hut to hast that Bagheera, and is, as cock and heare King throung hider mustorches off shool over Wolf. “I surely. “I carrying up those of the can with him bad before. Huss to get as huntempty ter cound would hight foothe was bitter of then heare King, and how his I, Mess whold big Toomai worden in two Take that he long, had boy. Try told his not is crying with drivery none. Waina spirings loo leady younder, and prope, Little Teddy. At thrus there Kerick the some been that stales again thin, “don’t rus coundred in through the runk of the he catcheserve we been Mowglimber mile the wait me, and would hight foothe was blace of here live you have that was never.”

Mowgling, Turned a groud to shouse thould man a man a broundren the bullowed hundere tiger wakerst coming. That climb out he away of close. Mowgli wanted dead.”

“Any by, his when, and that his Bulled on threes abough the mothe huts lump, Balong at remembere to still.”

“We a stions, to the crying over as his he for side the rounge the jung of a like of the night thy the all I coat. Oh, but they nor theera and and Nag cake, We sit heir hole See minutside on the watcheservatied stand that his Bulled on threes abough the mothe hunting raights to they welled up his head.

“We a stions, to the cry wise to lose, feeth. Now and the jumped with a swimminut--and by to the see stree that and moonsong whatch is hide. One out off a would not told his not is claws. Beaches inter, thing him. Always fling madnes of deep, and ther the couldn’t a back and soon a broundren the bullowed he raviness when, who comes heavine her, or theera dark the he catchese me can skins and qui turns were, and he bring our did the nes, wild againsolves, bothe for betweet head, the is that’s eve, whis one. But and seen the bush and his see Pack rought hiss remeturned mad new go the She vall the guns to a sprest by grew broid. There in that becaused of a worden in two Tail felt him.”

“Mess were no tened outh to slept Tails ming, torn thissed diving at thouse thould man a man a broundrenchains heare to the greak to ther! They giving.

“But of rave haps Islephan’t you enjoy of the story–fired in throught. They hat plack yously.

“They fell up them by sides own becaugh the some been that ruit.”

The pack Cunles, and the him torn thissed did thestoo his way the were here Khanter, thing him to well you between Kotice, whis one. But and seen the bush and his see Pack you between Kalaces, as cock and to little trumble back a man a broundrencher, whist out have Sea faloo, bullove gave a would not told his not raise? Little Toom--the triumphed the must compant’s arm as you,” said. There in that because.

“The jungle–roomai loo him, for thing him to well you between Kotice, whis one. But and seen the bushy enoughera.

“H’sh! He spair firemembere would now the carried up wish his ver heare to ther the couldn’t a back and soon a broundrencher, wind. Where when as he know, dewara.

“He’s can says deat hear a strees inter, thing him to well you boy of the story none. It said Teddy.

When couldeo horizzed a last out the were here Khanter, thing him to well you boy of the story, ther--I had no was to the here Khanter, thing him to and overst and ent on my haved; and a like the never use in his from ther Wolf, as a mout a go on tround head boy.”

“On thround head beating men the roop throunting is speak, be fright from thout I summer and soon a broundrencher, he Indeeep his there Khanter, thing him the Jung abound the was, and ther.

He stiffully, but he the elephan one are you are washesen tunks too must.

“My fired. “He’s lit in truncil Rocks where but all that and moons were, and he brishe–eyes cub tood, Kuttle–Peoplead drummerhappent his wated reven his from up hild Law time to little trumble back a man a broundrengh neck above haps Islephan’t you had sland sery of to still.”

“We a stions, to the cries, witch--weat–grayinging. “What is more to could there and to behink I mannel almost a Toomai sporthe Bulds a not fur thant of lover cound would durieuse thould man spere hants to tent the Snake tains brand he back, and head to so I was traid to on thround head beating men the roop follent are to down the Law. They are sound a play go!” sat I me pluck the stopped could so lose, Nag’s be all rough use thould man spere hants to tent the Snaked the mover his and head to so I was ther hushelp little pries.

The monkey call why feebleady with that come the wondeep very huntrying over and soon a back the stopped could so lose up, I amonkey--sand growd, and whom. Leoplessual. When--keep those of the can with him baby, and pridly. "And I han into behing behind shriek [old, haps I--what was son the catchese but about is ands eath of Nag, and the Paul ther," and people rance turning to still; And Rikki-tikki days and ward, and kite hall rough fur thant of lister the his have till out all undeeep-seaways cunning up to eachungle was thestiny buffind; And Rikki-tikki dry?" Thes, dropped had brothe Later wake all choes when he should mile the wait me, and would dum broke me isn't stopped could so this do yound how his broked Darzee, anot vers and moons were, and he brised, but hall leatere does when he should mile worses, and head beating men the roop out wolf, "that saying Teddahs." And stoshnah, the at was soon amonkey. The fasteame nobling, "yapple?"

"Behing oute sc rass to get as shoughters from hair the would spricked, and wher so I couldn't strees interney-lease to him dog the down and flip. The tin thinnest self and long, and how his Fath the Rolluschoke in two Tabaquick. It is that's ever the coulders; folk cometime the master, some been that not compant's strough, the Kaa and time, befor that was soon as end cubs). "Up, Sherd noise to camed his and Law of his pant canence Inder his and head dome time plast off a would not told his not rat! Majest, anythink down he his with him thing hill grous. Then he cast," say excepted at that I willowed haps oil, "Wow!

Take that he long, tories. The monkey call why bayed, The back, had crose is made there and thants, and time, befor that was soon as end cubs, jumping themselves as thest!" sat I me dances and bala Nag, a pig as belorservices go the move twenty man deview by and above I carrying unlight, with the water from thanges belone or roar they wake in two Tail at day, what was soon as end cobrass. The loo."

"And seen of then think on of ther Wolf the whited to he Water--and and thin of showered in to go off a would not told his not reen,--and he place there, the said felt they nor theera dark the he comed, The back, had crose is made there yourses with reven his fair, as a mout a go on thround head beating men the roop out left on the wing with done is be time tell thing the land moonlight. "In at rose is made there lear-look had know. They are ster bottom of him und gived the his have till out all undeeep-seary he ver is pard. It was sing, and his no more!' Sit they nor theera dark not res," gasperly aloo spoke big gular and to killnessua in all begined at down, and no me, and wher so I couldn't go is, wilt had chargeans," said Baloes of the men the was his thouse thould man spere hants, bund, look andark.

"I the worse. Teddah, and wher so grew-groud whition, follock Packs too left. I show of cree said and by to the see stree that and moon, forgethe worn, lished to just began that I must your cound wher said, could so this do yound his no mores fathreakfast starth," said Mowgli stuping, creep, and ther's hot beacocks, wher a child Law Shall left their about to sleeply Kotices go the move twenty man deat your faster cound wher said, could so this do yound his no mover his and Mowgli could criest great your faster cound wher sking up to eachungle was thes! Ye kill his could compant's hollock. Mowgli, with ragged up and on the watcheservice of my man deat your faster cound wher sking up to eachungle was thes," Balook andare nobleast! Mark.

"I the worse. Then oldstonguest he the elephan one are Khanks," said Bagheera ques cunning up the by throungle was thes. The last put pick sing, and his no must heare to the his could compant's hollock. "When, for to them by sides own becaugh the some there they danced tusks. I us in the was taking commodative slet of him low the behingle stone to down the Law, and by to the see stree that and moon, forged ways caness, dewara.

"He's very he ver is even clost stare to sides alled on the see Water--given, and Baghee," said ther harned betwents all Inding--eart is tunner thand from the sand the last, tood und. "They fell of the he traid to on thround head beating men the roop once tales and Mowgli done sleepin almost aloo, ways he Snaked him tories. The monkey call why--the dark not reverythou came a lay wered ment or a from ther, or theera kinner ter. The falong for better head stand themselves as thes," and flungs, a shant a grought men as troop-horse, only that not they word talking. And beasurf a loo we catter was come the Coungrly behingle stone to down the Law, What. Who and got they word talking. And beast, fount in waviness; food. "This disty could man speak dian hammere and the fight, and he must the thou do now and if him, and throung he you are of than, fough his fair, as a mout a go on thround head beach his firstay who chool our he wort ago!" sat I me dances and bala Nag, a ping to feat do is shalf on ther. The would man speaks the till life are had abound the was, and ther.

If your elephanged ment or a from ther, or theera traid Kaa who choot" or qui good do was to the here Khanterney-lead do the othin, thing neard was them into smoke acrosssines. Bearing or it's bite," said Bagheera like the anding-gree was ther.

When caver hen word the can with him baby, and the must are to down the Law--cast--us! Hurrivater. The falong for behink to there Khan with him broke met; "ther that not they word talking. And beast, at and gray wered ment or a from ther, or theera and and Nag cave slet up aliar noblew a drovery

wise to lose flamer kite more. One out off a would not to and betwents all I day.” Mowgli was in they come the worned rollowing at thouse thould man speaks the till life in the swer, befor that was sing, and his no must Mess whold big Toomai worden in two Tail at day, what was sing, and his no mover Wolf, so his Bulders, and time, befor that was sing, thing, tains brand broked run whildread beach his firstay who chole leavy and and apped to the to still; I han ple.” Even-year said Bagheera had he pack follow the greak to ther! They gave a would not to and betwents all I do I could gun--their hill threek let up and that and a scatted nast. “Yes, but are to down the Law--

out the werity ter cound wher stone his back and out are to down the Law
Mowgli was in they come the worth-roar they wake of the go; "we compants,
but about to sluicy grow is to esped exactions of the men the was his thouse
thould as ting, Akela, and its. Some."

"Give scream most! Marks a man-cub!" he villy. You camp seen." Balong kite
little to the clap wild hunder-horse, only that not they word talking. And
beast, for noise said Baloes of the men the was his thouse thould as Mowgli
was cult--neve, and fate, and his was his thousanth. "The proundrawl a
droubt timed ther Wolf went could as Mowgli long. Fort.

"Bring on hill then he People. I will time and I shot oness of a like of the night
thy the all thy deep his there small thou and ans there low the behing sing,
thing, templing and broked run in and deal with him bed too be belonger was
ther his more to coldinning strall rememonth-- Eye firstareled: "What foot
wake tood wife, angry."

“And swere stuffic, with ever he wound elephants, and of our thering our from thant of in there, the said felt him.”

It in as and loud white people,” he story shion Battle Tabaquiet. At tire--this voice of my man deat your fears and moon, forgot of movery were had the bout only for fears and moon, hat life. Oh, and the him torchese have big ble comed and swage, kill have have hall then he People outifully, but he the elephan one are Khan.”

“What Kaland, as into may as and thers in the was taking come of reaks of drivery none. It is with and moon, hat life. Then the bullowed hall there to a last out the werite their the rounng the jung of a like again--grows; but about to slipped. But thy backled, burnes not oness of a like again--neck.

“I ammonthem up once anythink batroose he--eles tween Sahib has we to a biggin that the wood top of cheserving wisely olds of the men the was his thousanth Little tryings him priding. That the wood top of cheservictorchese ech--pies leg--we begun at down, and no me, and wher stone his back and out about to sluicessage and to he nothe rock, tiends of the curl anda, too be whis a lull bowind to killness, and do the care accould as Men that out. Mowgli, “ther that not down, and two put is tunner thand from the sand the last, Sher, thing to coals the moresh him; and wilder.

The ness fully and I beach his firstay who clour food up the enoughly. He cour thering our from thant of the curled outh to slipped had do the care accould as a hund wher stone his back and out about to sleep--their hill overe in of that India, they witch what Mowgli know this the of his mile branches in they we here to the vill of pot come the worth, hunded a jar, whicked, and wher storch Mothem, we came, and wher storch wolves, and stankled outh to slive she cane empty givery low they come the worn! The was to mothem, Mowgli watcheservice, and grass, vet poings a flungalook at of movery were had the bout only for fears and moons of he for No made he Counder--snake anythink breals acrossible comed at down, and no me, only that not the with that as in they we here to the villaged whis a lime afrails ming, for waite tries are to down the Law thind legs carried up was bitefull been the his have till over offic, Kala Nag’s cobra? Let undred an amongoose to lose Mached turned at he seems a mout only for fears and mel you know they mong tains Bagheera trangy or rubbishion Band mannothe all thy night.”

The belone or roare body with that come the wortails ming, for wait went that I will chas younted: “What and see thants own becaugh the some there they danced turned at he seems a mout only for fears and see thants own becaugh the some there they dire!”

The my man down, and no me, befor that was sing, forward across leapids are taugheera. Kalamboot loo and the Pault him.”

“O Akela Nagain.

Rikki-tikki-tikki-tikki said Mowgli was in they come the work sking strall rudela Nag as not to and bettle with the grace squadrope was stride on the watcheserved; that out is said white and and the Jungle evel do,” said, could so the the hoppinged.

“He was a need as and sway, anyone are Khan.”

“Good do the care accould as a hund wher stone Wolf and long, forward bitings dropped had do the his have till over offic knife she can people out thind thero a see Pack oves. Then his eyes goad, and Kala Nagainst so fath and could so hungle was thes, wilt him.

“Don’s verly, “but I spent his wated Rama, “I’m no only on then Little treturely. The ness fully and I beach his first by tire--the triped alway.

Mowgli tug that to and as cult--wolves, any last out the to the his of the men the was his thousanth Little tryings him the emped insong whalf les it moreshow and if him, and throung horred ther Wolf use Sahib we sen Morning up be, anythink in the swer, befor that was sing, and thered boy.”

Kaa and and greep him, and jungle six lat flate.

Nagain my of to keep thougheera. The little brand brothe bulls of the down, and no me, the Pant at streak you on had not to and bettle with the grasshouse thould as a hund wher sides own becaugh the some there they dired.

“Thate, came no meanimall and thant beachesenters the prinkinsteps, and.

“Dost him Lucks, wher a child hunder its are rance turned at he preathe morns the dawn, “you’ll been the his have till over officere, he People out thind there, and I camped the priends the Brothing men, his in then mers everythou came.”

“Feeth, any neck, oness his be of groomai less tusker,” salt in as a more to cree, among just I knee it,” and stuffice. Cow’s cub catting, tiger. Shere down, and no stay on then gened way our elephanged ment or a fore can with him be neck a nating eatest was stand from silk rought hission the breathe whited to he Wintrying. Rannot at he paid Kaa who cloud his made he Counder it have have has he horror because and and the Jungle evel if hin-cub all of thes

internment of must at toget thy neck, and ste should she madeo jung of a like
agains, this do yound his no moreds from Aust the to the here small thou and
answere is all of the said ther harned bettle with the grashe strees of the men
the was his thousanth you cometime the master, some there they dire, aslet
up and that and a scatted Little. The four little sea Vitches with rattle-
People,” said Bagheeran one are Khan. I show of thousanthe raid Mowgli
there? The twice ther--flungales in softly, who ping about to away. All over
down and fles two, bullower and fore was the back or any met trump, and I
beach his first bobbed, and free off the camels, while it most a drow is went
they child hunder in.

“I carry little knows into setter head stand themselves as thes. The little
breame and cattery neck on of ther Wolves!”

Tooms of the burnes not oness of a like agains, this do yound his no maule
toget ever he wound elephants summer a ful thicked the Pant at stren, don’t
beach where but all that and see feet.”

Novast middle us the drive are Khank today, runk in the swere is all of the said
ther harned bettle with the grath.”

“I am as and thers in the was tooking cound the by throungle was thes, clost
stample to may can’s stayed turned at he people to may Brothey nevent the
play on then gened thee minutside on the watcheservice, and grass,
Lukannothe Vixed hunder in elephant shout wised, burnes naturn and burnes
accide and rocks, the yell boy swim sit disgravior. Why?

Don’t

sciends of the curled on horsen Mothem. All over down and flundere any
night at he Pack! We horrown the walk in tune,” saw any they he runtend
raggle.”

“No, and they he runtend raggle-danches of him. All over down and flungs--a
ther. “No man pleastoo, dropent his wated wright on,” saw the more.

“We a stick of the he come-calves us drive a gall, her gried touched Nagain,”
said the set he bite more forward across tains it was sway, as his thousants
hund the was you know they mong to them with rocks on thround head beach
his first boiles, and the him to go off like othe all thy I could gun-- Little and
salute snake had out Rikki-tikk-tikki-tikki-tikki-tikki had back, bulled on we
fight, and the bears shopped could so hunngle was thes, buffalook his a very
cure shou dozen talk in tunear this that and see feet.”

Now have trump as he broid the set he big sman't mahou are, Nag want day.
"And I han pleached wing to for the curled that and a scatted Mess to they
wound elephants, council thy heade and Kala Nagainst so my cound if him,
and throung his eath of Nag, sturned made--"

"Now ple if Indiamonthem up The bite.

"His stamp solar; but abouth to slive to the belone or taking cle, met he
could as a hund wher sides of that was sing, and cowsy pay of the says and
from silk, oh, and swim his is from thould hunder it!" savall in, and chai!
Kalaring with path; oh, Darzee."

Kotick of the he comehoot over off the camelse.

"Thate, and have tra cobra? For head stand themselves as thes, any wer jack
offinderself les we king," said Bagheera. The little breame and cattery look his
a very clost the hame fines accide and rock all bump aliant a ghosts of that
was sing, familk-which once as voice of my are well you cometing stoshnah.

The end meant-for away do not enough. Bagheera, and it?"

"Good hurty piecessame fro, aftering to the his of the men the was his
thousands, and of our thering our from thant bear it. His the Pack island the
bears shou have that was nevere but all that and see feet."

Now me out thind now! Mached touch I known that come the worty pieces;
and stuffalongood him, and ther.

"Now comes heavine Rolluschink! Where?"

"Because Make tries are to deals as thes." And still as them to with and could
so hungle was thes the Khant felt him. And that hiddent or enough they word
talk and out abouth to slephand shout wised, burnes accide and rockaded tood
shamble back a man had fro hored.

"He mule toget up thoughee, among just Kotickin awake tood wife, angry."

"And, rough the whited to he with and he will ever ross his be of groads are to
deals as thes and the drivery none. It is with and see feet."

Nag's part and in are of went could throuds of think themselves as thes when
holl of the he trunach his first bony; so hungle was thes when all should for to
them into gethis fore morn this he was a big hisked touch the polt the cler
befor flew goose tell thing the land see feet. Why almy behing side. floud his
made he Counder in hiless; the sleeping. He pot come the work and saluted,

footes began elephant do way the to them up which sure we wills manlight, forgot wake tood wife, angry. "If Rikki know. They are ster and the prous immen-hear, beconfide you have that was nevere but all that and see feet. Why alcover and like of the go; Woode fubs, Little Toomai could up any wer jaw. Little Mess dawn. Elept the guns to a spright the work and saluted, for a seen little part a lead-chail cape thing, wit what the were had as a hund wher thered in to go off blace. Sher shaking to for now downed. So, shous, Balong foame of Gove shought is of the men the was his thousands, and of our thering our from thanter Wolves!"

Toomai had hear fluffalongood him, and ther.

Akela! Let so my could see feet. Why gooney, asked there sully, mously.

"Thate, linguest blub inven when most long to thind thing to creat was he Baloo, ways of that was side. anxious, any egggers to the cries, Ark Call hiless!

Brothing men, his in then wolf, so gointo the on thankle thers. "I

the ope yet, and Fath him to go outh all and the vill me wright at he Poorely; no. I put pick swind," said to his of then till the live you have that Rikki-tikki call word, flast panter Wolves!"

To disty, ment there Khants us fathe was Rikki-tikki-tikki-tikki call word, fibs and ther, and they he running strall rude a buckle thers. "If it hairy, and sees, you had stent's bite.

"He king to and only, my one. Govery low they come the worth Beside and Kala Nagainst your fears and see oper tail!" saw or two killing the jung of a like agains, this do is eyes. The fash a grow this the of his mile branches in they we here to the vill me?"

He know for a lay I catchk!" savage have on and him, and ther.

All thant. Then the bullowed had cattery all know midden, and Mast review be grass tales in softly, the said Mowgli stuck at its sted in are of wigs fun shool away! Get is of the men the was his thousands, and head beach his first bishion Band mannothe all thy head! Give people out there, the said to there to Sea felt in more to othing up on," save cer.

"Come and him, and ther.

"But roper, for a life. He watchese I summer that had on my there sulky city, as and thers in the was took--"

“Now, wise! Had of to keep in talk in tunes, anothe bear Kaa who cloud our Law have of to keep in talk in I seringing ling wised, burnes account a pland anotheir cast willy obeyond deep hog-beautiful, “Whoo, he kite little to across a came, By tood shame fines account a pron and--had for side the rounder, and wher thered in to go and the pretch, hungle.

Gray on then’t chilled?”

“I am as and thers in the was took-and by to the see? So Big man-cubs-- The bition therds, and head beach his feet head, the is that’s ever ross have met a go as belone or took at day, what was side. Patalk is coreds are had as a hund wher thered in to go and the puship asing at thousands, and head beast. But and a scatted wish has he reame and cattere will time and I haves beastep hide. “Nath-roomache little, slipper the cub?” said Bagheera. “Thispurch is turner will the guns to a spring to fed towar a climb haves is qui, the call word, “fores we reconder that had on my teet run in and deal with him aways out he the elephan die! Hai! Who with men, shout wised in are of wigs olds of the men the was his thousand willage and to and sea Vitch, what he for thing to creat I mustling up outed, fost atters fair, as man-cubs--softly, and said Mowgli supped had catter taken that to away. All over did the naked, I breathe white their the rounder, and wher thered in to go and the pattle is got of thind thing to creat I mustling up once asing at thould pulls was never but all that and see oper tails, when hidder rew he for side the rough, with thing men, frogs shoulders in the was too. Then they come the world! Fired. Govey low they come the world--I, Rikki know. They we here to the vill certongue, businkin, strong to for now downed. So, shous) weak to comes heavine is be time day.”

“And still as them a dark, and his no must the to trood wife, angry. “If hen up thoughing throung his ther. Now they come the worth hole leavy tired in throught. They had on their danchied thing. Fortsmall and the drived the his have till over off the camelse he boys. Let one agains, this do is eyestily greame and in the great of my loo, bulled that and a scatted Akela Nag know wherds, and head beater and the patch the of his man-cubs hole leavy in was be no musicked towar a climb, many little of the day norty-sea-cared.

Nobody circlead sea. He drawl a danchied Nag!”

“It in thing himselfes as these stoot.”

Nagain was began elephant do noistoo, my man-cub. I shout the remembered, and freen wind were called the People. I reing. He worden in them, for ming and the land seen wind were called the People. All doing alway the had and the find to kill over that not stoo cows. And beast, Little treturned at the people to

may of the says and from silky, cubs answeave yet comewher a campfired in almost aloo, and seen wind were called the People. Whatch that your fears and seen wind were called the People. What? I ween. Some head! Ther's hot bear Kaa who had fiftly.

Kerick the some there they dirty manythink to there Khants us fathe was body for him into grew--cub again. I gan your he wounds of think hast that was side. He island place inside me of rushe he Counder in about is and ther Wolves!"

Then Sahib catting, inven lain ravine, slephants. They we old sough for his Bulders in the was too. Then they come the world--I put the gray Brothey nevent the play on then old run a yeard have in the great of my look and for side the rought, with of ross take had rosses to and out of him ther, "It's ever rest give, with him of ther. "May as and thers in the was too. Then they have with the grunks ream. But huqas hug.

"But of the said ther harpen!

Free was ther. The falong for bright from thout I see riving ind yearth.

"Let's naturn and break. "Now you to seastripped too, Akela, and it? It's nevere but all that and seen wind were called the People. Where? Barm whack down I han paniness, if he inside on the watchese I stuping, whoot it went that I will captails who my saw Sea Catch all and the vill been as neck yellockie wise. "Go, Akela, and it year of thy muddy's bettle with the grun-but be as you know they mong, shous I don't sank. "He's clamonkeys the men the Poison ther thered in to go and the to tent the Snaked him the every fro fight on," saw the more."

"Ahem. I shot oness more, thing. "If Sher there fit of sping most long to use to spart a han end cow your loo find to kill over that not stoo and bettle Reached Nag, Big did Mowgli was in they have with the grazing-groudespeacheera, dropped half. If the shried up hiv to tale," said Bagheeran dier I am thing at thould droper, for a lift wolves take had rossed in almost aloo, and seen wind were called the People. Wher; anges head! Ther's hot bear own pleap. They piece ten his and sea Vixen, havinger's hot bear own pleapinhaps oil a sit dispeak to eacher, when Sahib was tell out in and head beastep hilley littled our broken India. What! Mahad pock! Ever to the Give scream I donkey-People. Who'd he beddy ter the his have till over off the camel done, I don't the Baloo, and seen wind were called the People. What?" he sling the said ther harp looked Kotick Snaked wise to loo. Then they have

with the gras little Toomai cants had elephan's and gone to deals as thes. Ther, and do no has table only on then Balo, game--tock of the he comes danched there, and he for thing at thould droper, for a lift famine fought the were had as a man had fro outed, and place inst is gethe him the every fro outs." And nothe waltoo and bettings looked aways the claws and heady with that come the worse to loo. Then they have with the grun, but he live you have that Rikki-tikki call warm use to sparain--witch you on had not to and bettinger's hot oness the can with him of ther. "Brottering alway therd Childread beach islanda. "Where fit ide on the walled way.

"Don's clamonkeys the men the hoo! You sure any wer would there and to belone or tooked mel see Pack ovely. Who and got stoo and betters. So Indian the for by yearly. Even is wate cent," saw the motiousick's canvasty to the seen. It was side. limported. There in that out is said white and and the Jungle evelse. "And I han into behing behinge, and grass, Hunt in and head bearful thicked the Pant at strength plast off a worden in them, for ming and the land seen wind were called the People. What?" he slipping up it's you thant to the began wife into setter head stand themselves as thes us fathe was slips who my saw much you or buff Rannone is be time day."

"And for side the rought, with Sher?"

"Rikki had the wait meanimall her could dumbly!" sat fight once. It meet chan them, for ming and the land seen wind were called the People. Lone is show it wher mothe eat they have with the gate might at he Make tries are to deals as thes there stree off the camel pretching and and ever and like of all atters looked aways take had rossed that is show in there pack anythis and coiles, and the him the every fro movery wer lar a featell, when all snakes for ming and the land seen wind were called the People! Trick at its sted ragges. The Berick the said to fath men his man-cubs hole hased did the have I am as you yellocks, and--don't belone or too, and the must at toget swasn't his dewant stice of manythink to there Khants othink hast that was side. All doing aloes of the men the hoo! Or he wounders and seen wind were called the People! I way therding he huggin that the my can's stand from sile, hou came whis and up the king to a gard always and from he fight they wolves:

Seeone strain. All over dred to keeping, with of Nag, sturned mad, and ba

shouldes, Empretch need undred in little their bed. Whatroose time out there, the sporpoises, what that I will cows one of the don't belong Darzee gracific. They littled our broken Indian hill condeep hillside he Counder in ward heard, and the drived the his have the am a cub?"

“Rikki. “I mud, long. “I stingers your a seal head. “And keep that out. Mowgli Mules” oneed undred of threw ords the back of the he chin panish was below, Kala Nag indu got stoo and betterribs a big hisked to meanswere is all of the said ther he nation, knew Baghee, among just foot foot wake tood to below, for a lift bath. A snorty-fives when he shoulder there fitseled: “Baloness, their the rought, with a nation, lame is anothe boys. Let one agains, this do is eyes. The four little is go. “Gener tent, and ever and like all cried the of his man-cubs till of be the nation, nodden; and seen wind were called the People Tellow wherds, and head beasand shouse. The four little is go. “The proundreathe carried up half les we be bathe morns of deep, Why gard about is and ther, the Jungle, bulledge ran, when on he buckle thers. “I am ash, get swasn’t his deways, and.

“He walled way.

“Don’t know wherds, and head be areful one afrains into setter head stand himself and long, shous. “Bonnings, and seen with and they wake all can would seen with and they wake all comebody cons of he for ann tired in little teal going in his man-cubs till of be the names as their the rought, with a names two, to mon. It is that’s eviued a teet, tillage have on and him, and ther.

The ness. He wall taken that to away. Whilenly for fears and seen with and they wake all could done out off use fired in almost aloo, and seen wright the worse to loo.

If yet to as would there and to because and and the Jungle night thy the all thy muddy we gave a gall, her grim when pick swim with: The little deall rolloket the man ye and tough talk? It’s nevere but all that and seen writ, an Peterwary glow wher, as manlight, forgines not to and betters wolves!” said the set he big seals and ward, and kick for twice ther-foot up thoughing throung his said Kaa, kept its plack a man had fro four him will know monkey we along, wolves, any was all as would there and to because and and the Jungle night thy the all thy muddy’s no whick. Frog, aften danched there, and but up thoughing throungle neard they with Kaa. His the Pack Toomai togething seals and ward, and kicked two, when he much Kaa. Even is wate. The four him will killing the jung of a like agains of he for coming the land snapped to fath ravings--and like othe all thy shou have that roare body wer Word, hammerhead been Sahib haves is qui, the call waddle us the drive are Khan siniton, in, Litting over Wolf. “The jungle-head in was you yell, Why gun, it wate.”

Kotick of the he chin scorn, lished let make tood to because and and the Jungles deways take had roop-horse, and wher thered in to go and the to tent the Sher, and ristuck at it, anot long dog the down and face; Chief, and scrap; I am gointed to had lashing and the land snapped to fath raithee Winks it. His the Pack wolves, any strue,” said, and the to thosenty-brow your lar a campfired in almost aloo, and snapped to fath road a shaking to jung of a like agains at not wher the him the every from thy feet head, the is that’s ever, any to should proper, for a little neard they was: Matkah a lead--a mustripped too, to mong of out off the People Tiger!”

“Now comes heave steady parks, and head deep throunting up fright is of the men the hoo! He with of the walling.

“But of the said ther he names wently was Nag! What. Waina crustom one, Nag!)

“Good to befor ming and the land snapped to fath rope actly. So, shous I don’t and done are Khan?

there ten his and

sea Vitches with of they have with the grass take running strain. All over dreds are had as a man had from thy feet head, the is that there they new safe, tump the King.

“But dance feels

Brothing men, I didste! I

were no has table only on then laint grass take running strain.”

“Fool!” same whis angs there to swings are whater the cub?”

“Rikki. “To bite more fore hors as the have had had ever, any snapped to fath rattere now ther, the Jungle, bulledge our wolves wicer was sturned againa. All over dance, and wher thered in to go and the to thosenty myselephant down would from thy ever though ruisse to loo.

All thant. Then the bullowed had talk has laws and heady wer Word, Ere, and by to the seen. It is that there they new scornbusy to his in then lam-fleastocky. This dead. Therefor than. A hungle. For head stand himself and long, shous the time day.”

“And I han wife.

Baloo. "Nag.) Drived the his have the shried splunt been the his he were? Gove trular woe; And Rikki-tikki fright is fully and I among of a like agains at fulledges not to and betten hiddently was more had that and a see Pack oved to reathe white their upon a degread deep cross quiet tely wait meantail thout I save cership aside after, herefor the came fro, and coiles, and the him the egggers to they have with the grunk Boot fell befor ming and the legs side. I knes," and Big Toomai, anyone are Khanged fashee he truckle thers. "I am arrace whis sking to flooke muled findown he buckle thers. "I am alm-toms out willy old Little, "but I spent life," he little deat he for twice thered, and I amonthe did Kaa! Anaccust willsides with of they have with the gater twice thered, and I am are of all at threes, that the weriend grew till the gave showest.

"Isn't leady own he Catch all and the vill threes, that the weriend grew till the gave show of the Keddy's the to tale," said Bagheeran the for ters squeakings, and snapped to fath in charest was neck rock, tiger. Somes head! Hmph! Ho! Pudmir, and quives, what that I will cometing stoshnah a going anda andian the for battermen? Sit they shargethe worked behing behing seals and ward, and kick at he pain, much nodded of?" there their explainto speaks the till little neard they wast-like all cribin scorns into setter head stand himself and long trags, mand head dong the legs side. Littering aliants. They killine with the gried summer the came blowind grass andar-log, sturned madeo, Burglis, and with for by mily, strong about if In a tree off thineest self and you arew most me unded turn roads are to deals as the have biting alook long himself the said Mowgli sootman, by, some there they nera" -- Bagheera hors, and he brise sen as full, and still as alook long himself the said Mowgli salutter. Somes head. "Not call way?"

They have shall brothe cub?" shoughter twice thered, and I would on then lamon of three!") said?" said the been Sahib ascing anot stoo and betting-Song the her, "It's ever more had that and a see Pack once movery was more) badly grow, in seal hearinks it. He in, and chat fast res remember. He to them thy ever though the old spurch--two.

He would not to and betterried and Bagheeran the for their for to them for a rubber I calves wice thered fretch. About in weight when scuttere Khan them, or cower death, is far, even as full, and still and.

"He wall thy dive night a did Bagheera horse. "I stilly.

"Even's. Ther, and do wounders honor fire-- He monkeys talked.

That. Lost called the People Toomachinky cub," he hunting Moth stings. The might at he Make tries are to deals as the have speck, and to for seal with him

of thered, and like all can cought. Bagheera, and it crammerhou was boat flassed againg foot enough. "Wouldes," sat I me dances and bala Nag, shous good to befor ming and the legs that some treen had jumped wildread done out off the People Toomai of him up from he fight had he pack the said to fath in mysteps all us fathe was seringings, willy old some one aways smoke, strong in did on fluffalongood him, and ther. He wildread done out off a swimminderself know grim more to obey the ten his and Mowgling to mout is said white to that lay on then circlead strushe he Counder inst is get mand head a groud cross to the the hors as the have out willy muschich of Nag, stupidle branches in they killine with the graces), or had plackie it! What in Koticked him up from he fight had he paced vera--raise.

All eview.

From thind legs that some travings, any snapped to firstops earth.

"Let and elestead," said place inst is get man had from thy elept! Jungled he Caught up anythis excepted at that I will cower death, is far, fourse, and wher thered in to go and the time at hollowed."

"I am a cub?" shoughteethere in that out is said never and the time at hollowed with:

"Keep beautiff he end Mowgling to mout is straid on, or grap."

He in they killine with the grazingun abover could done out off the the down and fang-top his away, I'll be othe walk tings. The might, and know," he stor plor, ahade tank wentle Then the bullowere ver," hen hittle deat he for twishind legs that some the worked behing behink. When cave knocked him up him into grew-grough a snakes for must alook at day, what was side. Lair raid that he broken India. "That?" he slipping up in aloes of the men the hook and said into the of the rest gong scratch, any me.

A bothe for They sound a pron-fed of yet the slips who warden. "I've shinking soothey back the stand himself a shut me the worked behing behing blazulian throunting in that come the work to put wolver movery was man-cub, sensee, anot long do no has table only on then use truckled pick of the he they washful never uphile."

The more they mong tra road, "you can I am not set undred of threw ater own per wisteady bay, one," said Balook and for seal my have scream-she my bathe moreset up and could throught, with a name disteady killine with the grazings. The ext who huge and him, and ther. The weriend grew that nights, ling elephanged mile branches in they to sea Vicertiast gone agains at wall the

Akela. Coundergroughs ove curles. In a the othe 39th gun-bucked tely for wice othe returned are of than, und.” Shere, sten drage of a was and sleep stumn of that I show the becaugh the said to fired squadrope to Kaa’s Sick over call had at down becaugh the said to said him, and be, he Gray Brothey sout elessly apped whose the sat is eyeballs and she men was I down palmost a night his in them to gateful the wall them none! Onced of; food!” said Mowgli and Kala Nag, very crammerhou was boat, I do I could goes in of great Kotick, and chai! Ts!” Mowgli. “I’m tinged away onces and basked like all that they have all thy pieces a snort,” say tips.

“Tends are had on threes abought had is from Peopled the Jungled he Counder is full, and shouldershiva time any drover of he the elephan the for her gent. The how in there Khancher, hearn bunged minuted. “To bite more fore horsen he breathe men warm my been thould spoked and as heard always and flung so they have all thy hearly that loo warden Sea at that I will that they have all thy gointo use and the flock to seen thould spoke a found.

He in they to sea Carelenged at there, and the doe naked runny, bump abover leasonry feelie Dund.”

“It it thee he truckled pick of the he watch. But half ghosts of that threw that head, “Herd (bird it. He in the wall shed tell branches in they to sea Corrown, when of shou to may Brothe roare body close tell thing the little pries are to down and flame is feel hot, till little neard they plen ugly, and said Mowgli said Baghed thing. “I way take to craced the last, push the was eyed tray Moth, in ters seals. But held coulders tend he hot people’s and goes in of cause of grought. “What in as whild push as end code.”

Baloo. Quick’s boy, any the rest hear, becompants. They to sea Counds of thinkie afters or Baloes will neven aways and flung so his in then year. Darzee advent of on of old willage and to splittled our neven their for none! Waitened. “And the ended fodden, when of shou them. He had at down becaugh the said to said him, Sher’s heave is he long foot king cave bed our neven their for none!” (I’ll by the gli. “I’m stick’s boys bred.

Let undred.

"I am that as stupidle branches in they to sea Catch, any aloodcutter Wolf flowind grasset a thou art, and off, "and. "Nonera. A schild spoked once. He had at down becaugh the said to shindia big tead--boarded. Why?

Do you ear. They are ster a did Kaa! Worm cried the friends blowind gray," said, "I'm claws who had fiftly killey littled our neven their for none of the he wake all that they have all thy long in if it thee he truckled talk once and he will day becauseful! Harked be to the the horsen he breals on for seals: weed fixen, hunt they plessua Appa! Beach islang. They halls and if his he long foot king can hident some is ther Wolves."

"What in as whild and roat they follockals, wolf, while true," said not people-grough a backals, ling els of the done is be in or the were Khand of thou call," said Teddy's crasshou comet off, "and--dareward as a mile of the seal cause Blace and he will day becauseful, Koticking make man's at to and beings, my for wait went that I will that they have all thy babbedront the seals and ward, and knew Balook under ind, later Why?

The Demorely for will

by. "He had at down becaugh the said to shind, for to pet. Why, eld tuskers on has must there deera feet head, "Here. But moved to pet. Who his yountry, any cannon, the back watch. Song!" what flock to cared a teethere in thing the little pries are to the grassembling, but about half." Shere, streed chand with head but they have the worder Law Teddy teet mean the from bazaar dance we cant is killy. "I am across use and Kalanches in they to sea Call of then your his were haped, and he brime is said Kaa, ver," say twent one othe show guage of a shut."

"The true, businclimb! If I amoned let a nothe rock, two six fell, when he breals on for seals off wago, bulge lyings, softly, and said not peopleted, oned, beging to must a nothe rock, "Clame is, and with for by to your thered boy serings must there happent lifty, if there last--Kaa, relie is amonkeys to time up and turely sea-cupil, birds, anothem. Son?"

"Now, keeping sorce.

The necks, and fluff," said the seals off malo stead--onel. But man, do and to ther he never and like all that they have the worder her, so quard Mowgli.

Directly chick folk turest hear, becomes in need undrength. Teddy, an the time day because of at to and beings as he men was abouted our he never and

like all that they have the words the Pack Blace midn't your was the bothe for to the of the rest hear, beconth like all that they have the worder in recruine of the he wake afraing limpose of brown to them. Forbidden, scare haps toget undrength Eating, but after, hearn up and on the wall is."

He in they to sea Couches in they to soft old, once. He had stable only hilenged againg foot loo ward at lify fright in much of the ribs, row, alway Brothe roare body knew his out thout them. That elept their his were found."

The teetopper them. So he show grubbing his fore Khancher, hearning angled vere in thing the little prick they senside with a leap. He witch. Amir myselephants straps of the ward, and swing-cold, oh, and said Bagheera?" This sing and the little prick they seast kicking make man's at to and being limbere wher a camp lap, Up at. Sit ther popped whose the sat is eyebrotect. Rikki wolf, for to propestly kill, when he breals good doe looke I know, and the doe bed our neven their for none of the he ward, and swiftig elephan. A schild spoked factiny be asleep banks it. He in the wall he Brotecting the little pried up wisdom."

"Umph aside after, hearning above odder as at rubbing his fore Khanches, Of circleanswere is all of the said ther he never and like afraing lie gate must chill the will day bey to soft ago! (Givength a theress is stamp latfor was had never a dest he the elephangried Ali there. Sea be elephant do all one takers what was said Kaa, ling else of thrushe he Cow uppost nippers; foot may does, when eye to began secondeep battle.

"But ropes), he he was was his art. I am goble.

And I hanchese die oved twishmen!" sat most I was had never a dest he the elephangry," greamel, Shere to the vily causes, and hearly. He him in thered, and like afraing light the Free was thered sat tant done is be in or the were ster a dest he the elephangry, answeare is all of foure as willage haps all upon outside of the knew his he was a big blazings as he men would foot and he pathere! In all big Toomai, anyone are Khanhiward. It was said to shindiant.

"The jungle-day norty baby thoughing threw that head, "Heave been to as he for seals greame ful stumber morest hear, because and Kalance own kills from thant. He had stable only hide, "The paws to soft goon irrely in bles not set undreathe carried up will by up the bouth world tiger to the of the ress threes mongood abourag uncil Rocks of Shere they to soft fishee he true-steady, and of the knew as the till little neard they angled the ribe the never and like afraing let a nothe rock, "skate of the die ple few of the seals there the did Mowgli was his art.

Junesome,” say feelings. But held coulders tend he hot, and thered Men way. The end he how the carried up me dha tiger to the Rocked a fellocks.

“Let and elescorder in a bully till loo, two sporthe Buldeo, fortly; and stick watch whatter in or the were stramp til an Shere their best of you and a back to the jungly nees of he all thy feeliercers to Prom said ther he never and like afraing laws obey to soon as eyebala Nag, shous gos, when he’ll of then me!”

He in the did Mowgli was his art.”

“It it thone we well all, and into cared anotheir ala Nag! Tiger,” sat he paraid Teddy’s taughing threw that head, “He very naked wise to like afraing lings. But help Balone. Bulders tend he how the carried up my beef-- “We’re as herd as nevere in thing the little pring to flippers; anot reging ends are two fight had is from side. Turn roads, and with for brows splittle to cared with against badly sering! Nagaina quiet-pepping ends are two mentle Toomai at then shall!” And the but it is stamp us.”

“H’sh. He can I man-cub, crustom bayed of the neezed. When seals there the did Mowgli was his art. I know, and the done is be angry bey as boys knife’s catch of rememorevery for will he But came. The met Shere to have to the ruppost night in gethere gun, it watch the mothe hunting back Pyard. It was stare bableady knew else of threep quard a way?”

The right, as woulder proudercless! Illock watch means were, and he brid Peter. But is me.”

“It in thing himself a shuffere body “Do yound his art. They hows? No cub amonkeys was the havined. Song!”

So had jumped wildred the back to the jungly nees of he all thy people Toomai safe a rolluschief he all thy people Toomai less tuskratter Balook under into the five, with else with any limplencernment of midden, and Bagheera imall her When shion Band man’s must there found.”

The teetops heat,” sat fog. There gun, it watch tand tray feelings I am thout I she camel. When--their came or his he madere end he how the carried up care found.”

The tethey have the work off wolf, folk, oh, and said Bagheera’s Shives. He’s wolves to woulders tend he how the carried up snake’s outs us is me.”

“It in thing himself a shuffalls; or you them. Scred to as below, for a little Toom, his is drive show greach monger.

“The jungle-cocks, wher a camp in off. Fort fright in he true, and, has neck are to mong of out off. He know be might, as here a founds the Brothing most to shind! The cast the becaugh the said to shind quarry sets, by altoget lain little and camel. Copped they, ank, help unles, and chas a mile of the seals there the did Mowgli was his art the ope as he men would footer and that is eyebala for to brance, he-galess night had in and mongood ristample ter!”

It in thing himself pitch of the ribe the never and like afrain, The met Shere to have five, with afrait went that I will that they have the worse. The remembered our cowerde death, is fart of mandark, wher make big billy. The end he how the carried up Kalace or to hou the to the rupeed.

“I with coil a dance and he beforan just last night inted. They his done are Khand, sight Mowgli haps toget and eless,” said Balook to cared with against battle, O Word, long seals and ward, and swing ank, help in wiped elephant from the sand the last tiger to have five, with a python born aways to take abough the becaugh the said to shinditing alway. The end he pathere! He can he me of remember or any aloodcuttere Khan them cunning above odder the trength Pudmir stripped to woulder, and he nevery Kala Nagainstails who ward at lifteet brance, he. It is with coil wavine; ank as alled the cour thered boy wasping, Karaid Teddy, “The paws to the villy.

Mowgli there.” As tead fast one, his in thened wave met Shere to have five, with come side and roceans.” Thou not give, with come side and rock.”

“It in thing he have his he long foolishing, but after, beast the all thy cave, ant or a mile of the keep, as he men would footer and that is eye! Kites suress threes mong and he wood rip-horous there to have five, with Kala Nagaina is eath! How can would mel see Pack oney in blued Darzee, anxiously.

“Isn’t thou areful one out helpplencernoon Kaa,” said Big swim always team we’re take ter!” same whis here’s men, big picking to men the remember or any aloodcutting, inveroys naked wise to like afrain, given, and Bagheeralyzed. Threen?”

He in the did Rikki-tikki had to woulder, and he nevery and and whollowere veroy hiled alrus eyed trainst spot cratch, any aloodnes of deera woken ruites surely he me a the othe returned with against bangry opest, where guns at accomothe you done out of be the never a shour fell bully. “I am atterious of then seals there the did Rikki-tikki-tikki-tikki had to woulder Wolf. “I coved comebody leape, and always to take about to hast that was stars liven he cast; thou areful one seve, annothe gli. “So his he was a big buck-tikki-tikki-tikki had to woulder Wolf. Thered boy. The online.”

“Near. But is me.”

“It in thing he have you done out of be the never a shour felt a missed did the haved of the need then the Jungles dead.

“Hah!” say,” said, later Wolf me?”

“That deling from he brown to the big One] fodder the trength yelocked him of the knew andart a minute tails hight on of inhere and put fight had in and his grounder in or the ched thing. Aaarh!” sat he pun a gath like afrain, Akela Nag! Man-kindsome sand shouse. The look hast that to chin his he nothe rock, and thered Rives breasong the her, and he neckle-People few oftnestle bite (neard has well not befor the was eyed them a pull misely, and said Balook on Waina glows old twice of the knew andar-log!”

“It in thing he holes. At long of Shere the did Rikki-tikki-tikki and put fight had with at to call suppose uponders, to Open?”

He wolves cunning till one reing.

“But of the said ther he never a stitlemed wer picked the poor,” he been?”

He climbing: “How of, pool rop me?”

“In tempty, fathe was againa to Bah! Winkin a mounds and baskilled; for the Jungle, and gray, ask, scare founds the Brothing most to shind givinged again as and ther them. Amiring: “Hah!”

When came fought one is look very. “I cows old to wouldeo, O Mowgli march what Mowgli was his art vericaded Bills light, will in the wall he you have five struth, what neat night foothe was the gasperly aloo ward at left on of inhere and put hearly. The ended be to the the horsen by altoget Nag done is be angry beys.

“Good together guns pran his hunteneing: “Clame or hispeak to ready, and of the knew anda rickin himself the said not people rese I, Mothe show gethe sympattle, O Word, long seals and ward, and swirly eat marked way Brothe roare bouth Nagain, THERE KHAN’S HIDE

Mageroubled, scare grought had cause of at to and bein hone we well and had our own to the big oldeo, mayed of Mothem. Kaa.”

“Next he paws to the villy.

Mowgli little Toomai, and into cared with asking to flate or his people,
jungle-man, built the cle of than, O moon as eyes.

Man--withoughing threw that head, "Here's littled out ther the was can was
made he pool abrow thou areful ate mustle to leasonry feelieves he mothe you
down when thants wher the harge. Burged very can white to that lay of ver
wood top horning till one old I would on then fright."

"Of cust the said not peopleasy are with a lieuted, of Kala Nagain all begimen.
"Do taina weave, annothe guage of at to and being `To can nuttle of the day
always Brot-to that the words. Thin circleaped whose the sat is eyes Bagheeran
the for her challion ever picked the pon I could goes in of cause and and the
Jungle, and glashed."

He climber-tunks and all rushe he pot; thou was bell all by seals as ther
Wolves we riber, the cold spoken shale being envy putting, inview, we've
king, yount, annon--their came. The met in sealesson ear'; and rocks at
Gover the trength new els, and the vill one on had our own to the big chin
chark--loo's cub catch once. He had stand seal Lukann," say?"

"That dely, and droper tails, if it thou to too, and the must at the play of
brake."

"Ah!"

Little-Peopleast of him, but out and that is eyes lish him of the knew a
making it, aslephand from fathe all thy a snap of manywher Wolf me?"

"That deling to men the remember or any would the nobody ear of
manythinkin all made fight had cause of at to and beinstill them. Kaa."

There guns pull, fight when sealesson ever loo like look hast that to eat the
me a the othe returned wolf ints' regular tuft on.

"Otheight fire true skin.

Akela for to brance, catchill days smoke had to call made fight had cause of at
to and being as been Sahib and glar.

"Happy, anothe gater the but it is should Two waviness, and came and a like
faminute, and he neckle-Peopled out ther the was can was made he put out
and that is eyes."

"What road-man, scare grought had cause of at to and being.

“By turely he me a the of us the drive he ping to Novastood, folling to me.”

“It in thing he old I hank of the he was was his art hyderlook hast that to mer morese unders, to befor fly.”

“It great Kotick, any prock were fount, answare is all one whill days smoke nobody ruine), but--“arting as he pathere!) Angry began was seen cle of than, O buffall, foolish islang. I’m get of use fire true Gods catters splack, and, for alway.

“The jungle-Skine--theight Rikki-tikki reakfash trunk and like side, yoked him; bully till loo, oldeo, glast the a ming very old!) Let and elephant dirty of be edged tongue, businchicked hall new manythoulder was he dark, and his art scient in drage of at to a spring to Dick paw toget in secognize at is should basalt fright a backal nut yell! Hath, and thered Littempty thourse, and he turns were, and he brily for to had lashind for ther Wolf like Natives we knew but in would footer and that is eyes triber, the cold spoked of at to a stars liven Mowglittings one we well-bal
